## Downtown Kirkland "Shuttle"

We have a number of parking locations for visitors, businesses, employees, and patrons in our Downtown (please see our "Guide to Public Parking"). However, beginning in summer 2009, a number of public sponsored projects will be impacting parking stalls in the downtown. Parking along Central Way between Third Street and Fifth Street will be eliminated to make way for the temporary relocation of the Downtown Transit Center. The existing Transit Center is being rebuilt by Sound Transit to provide for more efficient transit service into the future. Parking along Park Lane from Third Street to Main Street will also be eliminated to allow for the staging of construction materials for the new transit center, and the reconstruction of a significant sanitary pump station located at the intersection of Third Street and Park Lane.

Please visit our web site for more information on the projects: www.ci.kirkland.wa.us/onthemove. The Kirkland "shuttle" will be provided by existing King County Metro and Sound Transit buses that serve local Park and Ride lots and provide direct routes to and from the downtown. This brochure provides available times and bus route numbers that will conveniently allow you to park in one of our Park and Ride lots, hop on a bus and be dropped off right in downtown Kirkland. No need to worry about feeding the meter. When you are done with your visit to downtown, catch the next available shuttle back to the Park and Ride lot.
