Appendix A – ADA Notice

City of Kirkland

Americans with Disabilities Act Notice

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990 ("ADA"), the City of Kirkland will not discriminate against qualified individuals with disabilities on the basis of disability in its services, programs, or activities.

Employment: *City of Kirkland does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under Title I of the ADA.*

Effective Communication: *City of Kirkland will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in City of Kirkland programs, services, and activities, including qualified sign language interpreters, documents in Braille, and other ways of making information and communications accessible to people who have speech, hearing, or vision impairments.*

Modifications to Policies and Procedures: *City of Kirkland will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all of its programs, services, and activities. For example, individuals with service animals are welcomed in City of Kirkland offices, even where pets are generally prohibited.*

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a program, service, or activity of the City of Kirkland should contact the ADA Coordinator, Chris Thomas (AThomas@kirklandwa.gov.), Director of Human Resources (425-587-3210), as soon as possible but no later than 48 hours before the scheduled event.

The ADA does not require the City of Kirkland to take any action that would fundamentally alter the nature of its programs or services, or impose an undue financial or administrative burden.

Complaints that a program, service, or activity of City of Kirkland is not accessible to persons with disabilities should be directed to Chris Thomas at AThomas@kirklandwa.gov.

City of Kirkland will not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services or reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons who use wheelchairs.

Appendix B – ADA Grievance Procedure

City of Kirkland

Grievance Procedure – Under the Americans With Disabilities Act

This Grievance Procedure is established to meet the requirements of the Americans with Disabilities Act of 1990 ("ADA"). It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the City of Kirkland. The City of Kirkland's Personnel Policy governs employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as the name, address, phone number of the complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.

The complaint should be submitted by the grievant and/or his/her designee as soon as possible, but no later than 60 calendar days after the alleged violation to:
Truc Dever, ADA Coordinator
Director of Human Resources
City of Kirkland
123 5$_{th}$ Avenue
Kirkland, WA 98033

Within 15 calendar days after receipt of the complaint, the ADA Coordinator, or designee, will meet with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting, the ADA Coordinator, or designee, will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the City of Kirkland and offer options for substantive resolution of the complaint.
If the response by the ADA Coordinator, or designee, does not satisfactorily resolve the issue, the complainant and/or his/her representative may appeal the decision within 15 calendar days after receipt of the response to the City Manager or designee.

Within 15 calendar days after receipt of the appeal, the City Manager or designee will meet with the complainant to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting, the City Manager or designee will respond in writing, and, where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.

All written complaints received by Chris Thomas or her designee, appeals to the City Manager or his designee, and responses from these two offices will be retained by the City of Kirkland for at least three years.

The right of a person to a prompt and equitable resolution of a complaint filed under this grievance procedure shall not be impaired by the person's pursuit of other remedies such as filing an ADA complaint with the responsible federal department or agency. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies.

An ADA complaint may be filed with the U.S. Department of Justice by mail, fax, or email as follows:

U.S. Department of Justice
950 Pennsylvania Avenue, NW
Civil Rights Division
Disability Rights Section – 1425 NYAV Washington, D.C. 20530

(202) 307-1197 (fax)
ADA.complaint@usdoj.gov

Appendix C – Accessibility Request

City of Kirkland
Accessibility Request

The City of Kirkland strives to provide accessibility to and through all government facilities and remove barriers to public right-of-ways. The Americans with Disabilities Act (ADA) Transition Plan addresses those areas which are not currently compliant and spells out the process and timeline to bring each area into compliance with the Title II of the Americans with Disabilities Act Standards. Individuals who find areas that need to be addressed may file an Accessibility Request with the City of Kirkland's ADA Coordinator.

The request should contain the following information:

- Requestor's name, address, email and telephone number (if any)
- Location (street address, building name) of the accessibility issue
- Detailed as possible, the accessibility issue

Requests can be sent to the ADA Coordinator:

Truc Dever, ADA Coordinator
Director of Human Resources
City of Kirkland
123 5th Avenue
Kirkland, WA 98033
Email: TDever@kirklandwa.gov

All accessibility requests will be kept on file for at least three years.

This form is available in alternative formats on the City of Kirkland website at www.kirklandwa.gov.

Appendix D – Alternative Format Request

City of Kirkland
Document in Alternative Format Request

The City will provide all documents in alternative formats upon request at no charge to the individual for the request.

Requests for materials in alternative formats should include:
- The requestor's name, address, email and telephone number (if any)
- The name or description of the City document or materials to be reformatted
- What type of format is desired? (e.g. Braille, audio recording, computer disk, etc.)

The City will give primary consideration to the requestor's first choice of format, but retains the option to provide another format, if necessary.

Requests can be sent to the City of Kirkland ADA Coordinator:
Truc Dever, ADA Coordinator
Director of Human Resources
City of Kirkland
123 5th Avenue
Kirkland, WA 98033
Email: TDever@kirklandwa.gov

All requests for alternative formats will be kept on file for at least three years.

This form is available in alternative formats on the City of Kirkland website at www.kirklandwa.gov.

Appendix E – Event Accommodation Request

City of Kirkland
Event Accommodation Request

The City will provide services upon request for reasonable accommodations for interpretive needs, auxiliary aids, or other services for effective communication for all meetings and events. Family members or others accompanying an individual are not required to interpret for them unless the individual requests it. The City will not charge an individual or their families for accommodation services.

Please make requests for accommodations at least one week in advance.

Requests for accommodations should include:

- The requestor's name, address, email and telephone number (if any)
- A description of the program, service or activity where the accommodation is required
- The location of the program, service or activity
- A brief description of the type of accommodation needed

Requests can be sent to the City of Kirkland ADA Coordinator:
Truc Dever, ADA Coordinator
Director of Human Resources
City of Kirkland
123 5th Avenue
Kirkland, WA 98033
Email: TDever@kirklandwa.gov

All requests for accommodations and alternative formats will be kept on file for at least three years.

This form is available in alternative formats on the City of Kirkland website at www.kirklandwa.gov.

Written materials - Technical			X

Appendix G – Service Animal Policy Review

Inquiries – A public entity shall not require documentation, such as proof of that the animal has been certified, trained or licensed as a service animal. (ADA Title II 35.136 f)

Juanita Friday Market 2017 Guidelines Pets/Services Animals – Booth operators may not bring pets to the Juanita Friday Market (JFM). One licensed service animal may be allowed per booth with appropriate documentation. City of Kirkland Park Rules require animals to remain on leash at all times.

City of Kirkland will need to revise this guide to remove the documentation requirement and the number of service animals allowed.

A service animal shall have a harness, leash or other tether, unless either the handler is unable because of disability to use a harness, leash or other tether would interfere with the service animal's safe effective performance of work or tasks. (ADA Title II 35.136d)

Park Facility Rental Guide Pets, Dogs and other Animals – *Dogs are not allowed at Phyllis Needy Park or on athletic fields. Permissible animals must be on a leash at all times.*

City of Kirkland will need to revise this guide to address service animal access to this park and the athletic fields. Leash requirement may also need to be reworded.

Total $13,630,000

	Project	Emergency Management Dec 2017		
	Checklist Items	**Status**	**Next Step**	**Resource needs**
1	If you have a contract or other arrangement with any third party entities, such as American Red Cross or another local government, to provide emergency planning and/or emergency management or response services, does your contract or other documentation of your arrangement contain policies and procedures to ensure that the third party entities comply with ADA requirements as outlined in Chapter 7 of this Tool Kit including Addendum 2 and 3?	N/A Office of Emergency Management has staff		Need at least 2 FTE's to maintain current efforts, increase in effort would increase need for staff.
2	Do you have written procedures to ensure that you regularly seek and use input from persons with a variety of disabilities and organizations with expertise in disability issues in all phases of your emergency planning , such as those addressing preparation, notification, evacuation, transportation, sheltering, medical and social services, temporary lodging and/ or housing, clean-up and remediation?	No written procedures	CEMP update in 2019 will include language as to how diverse community is engaged EM. Input is obtained from partner organizations serving the whole community for specific planning efforts.	To meet this expectation as part of routine daily operations a full time Vulnerable/Special Needs population planner would be required at an estimated cost of $90K per year (salary and benefits)
3	Do you seek input and participation from people with disabilities and organization with expertise on disability issues when you stage emergency simulations and otherwise test your preparedness?	Yes when appropriate to the exercise scenario.		
4	For planning purposes, have you determined the extent to which , in an emergency or disasters, people with disabilities who reside or visit your community are likely to need individualized notification , evacuation assistance, and/ or transportation, including accessible transportation?	No, there is currently no system for identifying residents or visitors that may require individual assistance for any reason and each individual may require unique and specific resources.	In the CEMP update 2019 language will reflect consideration for unique support needs of individuals when planning emergency response actions. At the time of an incident population needs will be identified and appropriate support provided as able and available.	To meet this expectation as part of routine daily operations a full time Vulnerable/Special Needs population planner would be required at an estimated cost of $90K per year (salary and benefits)
5	Has your emergency planning identified the resources you will use to meet the needs of individuals with disabilities who require individualized notification, evacuation assistance, and/or transportation, including accessible transportation?	No, there is currently no system for identifying residents or visitors that may require individual assistance for any reason and each individual may require unique and specific resources.	In the CEMP update 2019 language will reflect consideration for unique support needs of individuals when planning emergency response actions.	Technology to support this level of notification is not widely available in this region. The cost and time to develop and implement an inclusive program is beyond realistic means.
6	If your emergency warning systems use sirens or other audible alerts, do you have written procedures to ensure the use of a combination of methods to provide prompt notification of emergencies to persons who are deaf or hard of hearing?	N/A The City does not have a public Emergency Warning System, State EAS is leveraged through outside agencies.	It is financially and technologically unrealistic for the City to obtain an audible public warning system that would reach all areas of the city. The State EAS will continue to be leveraged.	
7	Does your plan address the needs of people with disabilities who will require assistance leaving their homes?	No, there is currently no system for identifying residents or visitors that may require individual assistance for any reason and each individual may require unique and specific resources.	First responders will provide assistance, as able, on an individual basis when notified of the need for support. In the CEMP update 2019 language will reflect consideration for unique support needs of individuals when planning emergency response actions.	The cost for a system and resources to meet the need of those identified is estimated to be hundreds of thousands of dollars. It would require people and equipment available 24/7 just in case an incident occurs that required action.
8	Do you have written procedures to ensure that your community evacuation plans enable people with a wide variety of disabilities to safely self-evacuate and , for those who cannot self-evacuate, to receive evacuation assistance?	N/A, mass community evacuation plans do not exist.	Incident specific plans will be developed for affected communities should an evacuation need to occur in a localized area that will include consideration for the needs of all members. The Region did complete a regional disaster transportation plan that includes considerations for mobility challenged individuals that could be leveraged if needed.	Transportation planning would require a consultant or FTE to complete at a cost of approximately $100K. The cost for the equipment and systems to support individual evacuation is estimated to be in the millions.
9	Have you established a voluntary, confidential registry for persons with disabilities to request individualized notification, evacuation assistance, and transportation?	No, there is currently no system for identifying residents or visitors that may require individual assistance for any reason and each individual may require unique and specific resources.	During an incident the city could leverage the 211 system for support, if funtioning and available. Request has been made to regional vulnerable population planners for available resources.	This concept would require staff and technology to implement. The cost is unknown but at least one FTE at approximately $90K would be needed for devleopment and sustainment of a system.
9a	If you maintain such a registry, do you have written procedures to ensure that it is voluntary, it has appropriate confidentiality controls, the information in the registry is regularly updated, and outreach to persons with disabilities and organizations with expertise on disability issues is conducted to inform them of its availability?	N/A		

	Project	Emergency Management Dec 2017		
	Checklist Items	**Status**	**Next Step**	**Resource needs**
10	Does your emergency transportation plan identify accessible transportation resources that will be available to evacuate persons with mobility disabilities, including people who use wheelchairs or scooters, people who use medical equipment, such as oxygen tanks and people who use service animals?	N/A an emergency evacuation transportation plan does not exist for the City.	Incident specific plans will be developed for affected communities should an evacuation need to occur in a localized area that will include consideration for the needs of all members. The Northwest Healthcare Coalition coordiantes emergency needs, inculding evacuation planning for people with medical needs, the city would rely on this resources for planning, coordination, and implementation.	This concept would require staff and technology to implement. The cost is unknown but at least one FTE at approximately $90K would be needed for devleopment and sustainment of a system.
11	Do your emergency plans, policies, and procedures provide for people with disabilities to be evacuated and transported to shelters together with their families?	N/A an emergency evacuation transportation plan does not exist for the City.	In the CEMP update 2019 language will reflect consideration for unique support needs of individuals when planning emergency response actions. Incident specific plans will be developed for affected communities should an evacuation need to occur in a localized area that will	Transportation planning would require a consultant or FTE to complete at a cost of approximately $100K. The cost for the equipment and systems to support individual evacuation is estimated to be in the millions.
12	Do your emergency plans, policies, and procedures ensure that people with disabilities are not separated from their service animals during evacuation and transportation?	Yes		
13	Have the following categories of individuals been trained on the information provided in Chapter 7, including Addends 2 and 3?	Yes	Information will contiue to be integrated into appropriate training over the next 10 years.	
13a	Emergency planners, those who designate to be used as shelters, and those who make advance arrangements to address emergency staffing, equipment, medical supplies, food and beverages, and other emergency-related needs?	Yes		
13b	Staff and volunteers who participate in notification activities?	Yes		
13c	First responders and other staff and volunteers who deal with evacuation, transportation, and emergency-related security?	Yes	Information will continue to be integrated into appropriate training over the next 10 years.	
13d	Shelter staff and volunteers and those who will be involved in routing people to shelters and deciding shelter placements for people with disabilities and their families?	Yes		
13e	Individuals involved in establishing and operating temporary housing or lodging programs?	N/A	The City leverages King County Human Services or non-profit agencies for housing and lodging programs.	To establish an internal capability for emergency housing the city would need at least a half time FTE dedicated to the effort at a cost of $45K. This role could be partnered with a homeless program manager if the position/program existed.
13f	Individuals who will establish and operate emergency-related medical and social service programs?	Yes		
13g	Individuals who will be responsible for repair, rebuilding, and continuity of program operations following an emergency or disaster?	Yes	Information will continue to be integrated into appropriate training over the next 10 years.	
14	Have you conducted an accessibility survey of all of your emergency shelter facilities, whether owned by government or a private entity to determine if they comply with ADA requirements?	Yes		
15	Have you identified access barriers at any of the shelter facilities?	Yes - NKCC has two entrances to meet ADA requirements but no direct access internally between floors.		
16	If you found barriers at emergency shelters, have you taken steps to ensure that the barriers are removed to provide (at a minimum) the following accessible features that comply with the requirements of the ADA Standards for Accessible Design (ADA Standards):parking, exterior routes from parking to the entrance, entrance, sleeping area, dining area, toilet facilities, bathing facilities, recreational areas, emergency exit, and interior routes to all of these areas?	Yes - ADA Clients would be serviced on one floor rather than across both.		
17	If all barriers have not been removed from a shelter, have you identified an appropriate number of alternative shelters that provide (at a minimum) the following accessible features that comply with the requirements of the ADA Standards: parking, exterior route from the parking to the entrance, entrance, sleeping area, dining area, toilet facilities, bathing facilities, recreational areas, emergency exit, and interior routes to all of these areas?	N/A		
18	Until all emergency shelters have the required accessible features referenced above, have you identified and widely publicized to the public and to persons with disabilities and disability organizations the most accessible emergency shelters and the accessible features that each has?	No	This is a time of incident message as to what site will be used based on location selection following a safety evaluation of potential shelter locations.	
19	Have you adopted policies and procedures to ensure that shelter staff and volunteers maintain accessible routes for individuals who use wheelchairs and other mobility aids?	Yes		
20	Have you adopted procedures to minimize protruding objects and overhead objects in shelters so that someone who is blind or had low vision can walk safely throughout the shelter?	Yes		

	Project	Emergency Management Dec 2017		
	Checklist Items	**Status**	**Next Step**	**Resource needs**
21	Have you adopted policies and procedures for shelter staff and volunteers to offer way finding assistance to people who are blind and those with low vision who may need assistance in understanding and navigating the shelter layout and locating shelter facilities (e.g. finding the route to the toilet room when furniture layouts change)?	Yes		
22	Have you established policies and procedures to ensure that, in the future, facilities are surveyed for accessibility and barriers to access are removed before a facility is designated as a shelter?	Yes	Included as part of the shelter selection process.	
23	Do you have supplies of informational materials routinely handed out at emergency shelters available in alternative formats (Braille, large print) for people who are blind or have low vision?	Yes	Basic information is available in large print. Incident specific information will be developed and produced for affected communities that will include consideration for the needs of all members.	To build a full libray of information in multiple mediums and languages would require a dedicated communications staff member working in OEM at a cost of $90K per year.
24	Have you adopted policies and procedures for shelter staff and volunteers to provide assistance to people who are blind or have low vision by reading and completing forms and other written materials that are not available in alternative formats?	Yes		
25	Do any of your shelters have low-stimulation "stress-relief zones," such as empty classroom in a school building used as an emergency shelter?	Yes		
25a	If you offer "stress-relief zones," have you adopted policies and procedures to make these areas available on a priority basis to people whose disabilities are aggravated by stress?	yes		
26	Have you adopted emergency shelter eligibility policies and procedures to ensure that people with disabilities are housed at "mass care" shelters unless they are medically fragile?	Yes		
27	Have you adopted "mass care" shelter procedures to ensure that shelter staff and volunteers do not turn away people with disabilities who may need assistance with activities of daily living even though their personal care aides may not be with them?	Yes		
28	Have you adopted policies and procedures to ensure that "mass care," "special needs," and "medical" shelter staff and volunteers are trained and monitored so they provide safe, appropriate assistance with activities of daily living (e.g. eating, dressing, personal hygiene, transferring to and from wheelchairs) that some people with disabilities may require?	No	Special needs and medical shelters are operated by Seattle King County Public Health, it is not financially or logistically realistic for the City to provide this service.	
29	If you provide a "special needs" or "medical" shelter, have you adopted eligibility policies and procedures to ensure that people with disabilities are not housed in such shelters just because they have a disability? (Note: Special needs and medical shelters are for medically fragile people who require the type of care provided in hospitals and nursing homes. Most people with disabilities are not medically fragile. The ADA requires emergency managers and shelter operators to accommodate people with disabilities in the most integrated setting appropriate to their needs.)	N/A	Special needs and medical shelters are operated by Seattle King County Public Health, it is not financially or logistically realistic for the City to provide this service.	
30	Have your shelter staff and volunteers received training with site-specific instructions for providing people with disabilities access to all services, activities, and programs at "mass care," "medical," and "special needs" shelters?	N/A	Special needs and medical shelters are operated by Seattle King County Public Health, it is not financially or logistically realistic for the City to provide this service.	
31	Do you have written policies and procedures to ensure that people who are deaf or hard of hearing, people with speech disabilities, and people who are blind or have low vision are provided with effective communication during their stay at a shelter?	Yes	Basic information is available in large print. ASL interpretors are on contract. Shelter supplies include paper and pen for writing notes to hearing imparied clients. Incident specific information will be developed and produced for affected communities that will include consideration for the needs of all members.	To build a full libray of information in multiple mediums and languages would require a dedicated communications staff member working in OEM at a cost of $90K per year.
32	Do you provide a TTY at each emergency shelter for use by people who are deaf, are hard of hearing, or have speech disabilities?	No	Will be incident dependent as to technology capability at a specific site. Consideration will be given during shelter planning for this resource but no guarantee of functional capability can be made pre-incident. Access to computers and internet are also included in shelter planning consideration.	The recommended solution to this effort is to have computers and internet available at all shelters, however this would require dedicated technology resoruces at significant cost.
33	Do you have written procedures to ensure that persons with disabilities who use service animals are not separated from their service animals when using emergency shelters and have full access to shelter programs, services, and activities, even if pets are normally prohibited in shelters or in certain areas of shelters?	Yes		
34	Do you have written procedures to ensure that food, water, and a receptacle and plastic bags for disposal of service animal waste are available at emergency shelters?	Yes		
35	Have you established security procedures at shelters that allow people with service animals to take their animals outside for relief without unnecessary delays for security screening upon re-entry?	Yes		
36	Do you have written procedures to ensure that emergency shelters have back-up generators and a way to keep medications refrigerated (such as a refrigerator or a cooler with ice)?	Yes		

	Project	Emergency Management Dec 2017		
	Checklist Items	**Status**	**Next Step**	**Resource needs**
37	Do your written procedures on back-up generators include a plan for routinely notifying the public and disability groups of the location of shelters providing electricity and refrigeration?	Yes		
38	Does your emergency management plan provide an effective way for people with disabilities to request and receive durable medical equipment and medication while in shelters?	Yes		
39	Have you established procedures for people with disabilities to request and receive cots or beds, modifications to cots or beds, securement of cots or beds to allow safe transfer to a wheelchair, and placement of cots or beds in specific locations when needed?	Yes		
40	Have you adopted kitchen access policies to provide immediate access to food and refrigerated medications for shelter residents and volunteers whose disabilities may require it?	Yes		
41	Does your emergency management plan ensure that at least some kinds of foods and beverages are available in emergency shelters for people with dietary restrictions, such as people who have diabetes or severe food allergies?	No	In the CEMP update 2019 language will reflect consideration for unique support needs of individuals when planning emergency response actions. Incident specific plans will be developed for affected communities should an evacuation need to occur in a localized area that will include consideration for the needs of all members	
42	Have you established policies and procedures to ensure that medical and social services and other benefits programs are accessible to people with disabilities, including people who use wheelchairs, scooters, and other mobility aids, individuals who cannot leave shelters because of their disabilities and people who use service animals ?	Yes		
43	Have you established policies and procedures to ensure that application processes for benefit programs are designed so they do not exclude people with disabilities whose disabilities prevent them from using one particular type of application process (e.g. web-based application processes, telephone-based application processes, procedures requiring applicants to have a valid driver's license, or procedures requiring applicants to apply in person)?	Yes		
44	Do you have policies and procedures to ensure that your medical, social service, and other benefit programs provide effective communication to people with disabilities, including people who are deaf or hard of hearing and people who are blind or have low vision?	Yes		
44a	Do your policies and procedures include primary consideration of the communication method preferred by an individual with a disability?	Yes		
45	Have you adopted procedures to provide additional time, transportation, and search assistance for people with disabilities in emergency shelters to locate accessible temporary housing and support services in the community following an emergency?	N/A	The City leverages King County Human Services or non-profit agencies to support temporary housing needs. Incident specific plans will be developed based on the needs of the persons and resources available.	To establish an internal capability for emergency housing the city would need at least a half time FTE dedicated to the effort at a cost of $45K. This role could be partnered with a homeless program manager if the position/program existed.
46	If you have a program to provide temporary housing to persons when they leave emergency shelters but cannot yet return home (e.g. housing in dormitories, rooms at lodging facilities, trailers) have you adopted a plan for providing prompt, equivalent temporary housing to persons with disabilities, including accessible housing for people who use wheelchairs, scooters, and other mobility aids and people who are deal or hard of hearing?	N/A	The City leverages King County Human Services or non-profit agencies to support temporary housing needs. Incident specific plans will be developed based on the needs of the persons and resources available.	To establish an internal capability for emergency housing the city would need at least a half time FTE dedicated to the effort at a cost of $45K. This role could be partnered with a homeless program manager if the position/program existed.
47	If you have a temporary housing program, do your information materials on temporary housing include information on accessible housing (such as the specific location of accessible hotel rooms within the community or in nearby communities and transportation resources available in that area)?	N/A	The City leverages King County Human Services or non-profit agencies to support temporary housing needs. Incident specific plans will be developed based on the needs of the persons and resources available.	To establish an internal capability for emergency housing the city would need at least a half time FTE dedicated to the effort at a cost of $45K. This role could be partnered with a homeless program manager if the position/program existed.
48	Have you established policies and procedures to ensure that the repair and rebuilding of government facilities comply with the accessibility requirements of Title II of the ADA?	Yes		
49	Have you established policies to ensure that programs relocating from a damaged facility on a temporary or permanent basis remain accessible to people with disabilities?	Yes

Appendix N – Communications

Effective Communications Requirements		Status	Corrections
Does each department of your state or local government have a policy and procedures in place to deal with requests from the general public for sign language, oral and cued speech?		Yes	
Do those policies specify that sign language, oral and cued speech interpreters can be obtained within a short period of time when necessary?		Yes	
Make clear that it is generally inappropriate to request family members and companions of deaf person to serve as sign language interpreters?		Yes	
Specify that deaf persons requesting interpreters should not be charged for the cost of the interpreter?		Yes	
Specify that that public entity's decision to deny an interpreter based on undue financial and administrative burden must be made after considering all resources available for use in funding the operation of the program and must be accompanied by a written statement of the reasons for reaching the conclusion?		Yes	
Specify that, in any instance where the provision of an interpreter would result in an undue financial and administrative burden, the entity will take any other action that would not result in undue financial and administrative burden but would nevertheless ensure that the individual with a disability receives the benefits or services provided?		Yes	
Does your state or local government have employees on staff who are qualified interpreters or have arrangements with one or more vendors to provide interpreting services?		Yes	
Have the employees who interact with the public been trained on the correct procedures to follow when a person requests an interpreter?		Yes	
Review documentation and speak with agency personnel responsible for responding to requests for interpreter services.	When requests for interpreters have been made in the past, were they granted?	Yes	
	For events such as meetings, interviews, hearings, medical appointments, court proceedings, and training and counseling sessions?	Yes	
	Without the state and local government asking the individual who requested the interpreter, to pay for the service?	Yes	

Does your state or local government have policies in place to deal with requests from the general public for documents in Braille, large print, audio recording, and accessible electronic format?	Yes	
Does your state or local government have policies and procedures in place to deal with requests from the general public for note-takers, computer assisted real time transcription services, and other auxiliary aids and services for providing effective communication?	Yes	
Does your state or local government have the equipment or arrangements with vendors so it can provide written materials in alternative formats (e.g., Braille, large print, or email when asked to do so)?	Yes	
Does your state or local government provide written materials in alternative formats when asked to do so?	Yes	
Does your state or local government give primary consideration of requests of the person with a disability when determining what type of auxiliary aid or service to provide?	Yes	
Does your entity ensure that all videos and television programs it produces and all videos it makes available to the public on its internet website are available with captioning and audio description?	Yes Upon Request	
Where telephones are available for the public for making outgoing calls, are TTY's available for people with hearing and speech disabilities?	Yes	
Does your state or local government handle phone calls placed using a Telecommunications Relay Service or a Video Relay Service in the same way as other telephone calls?	No	Training

Website

2014

Accessiblity Issue	Status	Information Notes	Solution or Condition Notes
Does the top of each page with navigation links have a "skip navigation" link?	Yes		
Do all the links have a text description that can be read by a screen reader (not just a graphic or "click here")?	No	The CMS system requires every link and every image placed in the system to have an alt title. Words may appear on the site as click here; despite training; the alt title should be better than click here. We consistently train people not to do it but it still occurs from time to time	When a "written" policy is in place we will be able to enforce it
Do all the photographs, maps, graphics and other images on the website currently have HTML tags (such as an "alt" tag or a long description tag) with text equivalents of the material being visually conveyed?	No	While the majority of all images have alt tags included; the CMS requires an ALT tag for every digital asset put in the system. There are instances of images being used for design and templates. With the new design those should disappear.	We will use our site improve web tool to target non compliant image references and fix. End of 2015 would be our goal for compliance.
Are all the documents posted on your website available in HTML, or another text-based format (for example, rich text format (RTF) or word processing format), even if you are also providing them in another format, such as Portable Document Format (PDF)?	No	The city website is a blend of html and accessible PDF's. In 2006/2007 the web team began to implement an accessible PDF initiative by directing users to create all PDF's from of their native format. This process creates an accessible and readable PDF file suitable for screen readers. This checklist most likely predates this initiative by ADOBE and other document creation companies putting a focus on accessibility. In addition if a document is scanned (such as a TRIM document) it is usually also OCR'd to create a "readable" document format. Though we can't ensure all historical documents are in compliance we are confident the majority of the website's files should be accessible with assistive devices.	We will continue to use pdf's as we feel that they are accessible to those using assistive devices. We will just be stricter about enforcing ADA policy (when written) and not allowing non acessible formats on the web. Moving forward we will need to develop a policy; then a process to remove old legacy content. We will need to further evangelize not scanning content and then sweep the site and remove old non compliant materials. Due to the sheer number of documents this would take a considerable amount of time to be fully compliant
If your website has online forms, do HTML tags describe all of the controls (including all text fields, check boxes, drop-down lists, and buttons) that people can use in order to complete and submit the forms?	No	We have a mix of web surveys and forms throughout the site in various formats and links to 3rd party entities. We would have to do a inventory and assess impact. We have an adobe fillable forms project currently in process and that has a high focus on acessibility. This may be resolved as a result of that initiative.	This would take a better part of a year to assess and target non compliant usage. Depending on number of forms a transition could take up to a year to complete and train staff in accessible practices.
If your website has online forms, does the default setting in drop-down lists describe the information being requested instead of displaying a response option (e.g. "your age" instead of "18-21")?	No		This would take a better part of a year to assess and target non compliant usage. Depending on number of forms a transition could take up to a year to complete and train staff in accessible practices.
If a webpage has data charts or tables, is HTML, used to associate all data cells with column and row identifiers?	No	We are phasing out tables in our new site design. If they are required we will try to get them into an acessible format.	This would take a better part of a year to assess and target non compliant usage. Depending on number of pages a transition could take up to a year to complete and train staff in accessible practices.
Do all video files on your website have audio description of what is being displayed to provide access to visually conveyed information for people who are blind or have low vision?	No	The city does not close caption any of it's video or audio material.	If the city decides close captioning video is possible under reasonable accomodation of ADA, streaming audio and video files will need to be factored into the inititive as well. Our streaming solution vendor does support caption files in .smi or .sami file types.
Do all video files on your website have written captions of spoken communication synchronized with the action to provide access to people who are deaf or hard of hearing?	No	The city does not close caption any of it's video or audio material.	If the city decides close captioning video is possible under reasonable accomodation of ADA, streaming audio and video files will need to be factored into the inititive as well. Our streaming solution vendor does support caption files in .smi or .sami file types.
Do all audio files on your website have written captions of spoken communication synchronized with the action to provide access to people who are deaf or hard of hearing?	No	The city does not close caption any of it's video or audio material.	If the city decides close captioning video is possible under reasonable accomodation of ADA, streaming audio and video files will need to be factored into the inititive as well. Our streaming solution vendor does support caption files in .smi or .sami file types.

Website 2014

Accessiblity Issue	Status	Information Notes	Solution or Condition Notes
Have all the webpages been designed so they can be viewed using visitors' web browser and operating system settings for color and font?	Yes	Our new design is much more condusive to user control of size, color and font.	If the city decides close captioning video is possible under reasonable accomodation of ADA, streaming audio and video files will need to be factored into the inititive as well. Our streaming solution vendor does support caption files in .smi or .sami file types.
Do you have a written policy on website accessibility?	No	We do have the Kirkland Accessibilty notice on the city website, but it does not apply directly to the website.	An official policy will be developed and adopted as part of the transition plan.
Is the website accessibility policy posted on your website in a place where it can be easily located?	N/A		An official policy will be developed and adopted as part of the transition plan.
Have procedures been developed to ensure that content is not added to your website until it has been made accessible?	N/A	There is no official policy. We train on the basics of acessibility and the CMS system prohibits most bad practices.	We will develop procedures based on policy completion and DOJ's completion timeline of title II rewrite.
Does the website manager check the HTML of all new webpages to confirm accessibility before the pages are posted?	Yes	We have not adopted a standard, so we check for basic ADA issues, such as alt tags.	With the decision of a standard and development of a policy we will have better tools to enforce compliance.
When documents are added to your website in PDF format, are text-based versions of the documents (e.g. HTML, RTF, or word processing format) added at the same time as the PDF versions?	N/A	We focus on producing PDF's in acessible format.	
Have in-house staff and contractors received information about the website accessibility policy and procedures to ensure website accessibility?	N/A		
Have in-house and contractor staff received appropriate training on how to ensure the accessibility of your website?	Yes		
Have in-house and contractor staff who create web content or post it on your website received copies of the Department of Justice's technical assistance document "Accessibility of State and Local Government Websites to People with Disabilities"?	Yes		
If your website contains inaccessible content, is a specific written plan including timeframes in place now to make all of your existing web content accessible?	No	We will develop one by the end of 2015 or sooner.	
Have you posted on your website a plan to improve website accessibility and invited suggestions for improvement?	No	Will be developed in conjunction with the policy	Will be developed in conjunction with the policy
Does your website home page include easily locatable information, including a telephone number and email address, for use in reporting website accessibility problems and requesting accessible services and information?	Yes	In the footer of every webpage on the website.	
Do you have procedures in place to assure a quick response to website visitors with disabilities who are having difficulty accessing information or services available via the website?	Yes		
Have you asked disability groups representing people with a wide variety of disabilities to provide feedback on the accessibility of your website?	No	We will most likely pay to have an audit done to the website to gain feeback on our various websites	

Website 2014

Accessiblity Issue	Status	Information Notes	Solution or Condition Notes
Have you tested your website using one of the products available on the Internet to test website accessibility?	Yes	We use a system called site improve to continually monitor the site.	As we move to our new web design we will most likely work to become WCAG 2.0 (A) certified.
Are alternative ways of accessing web-based information, programs, activities, and services available for people with disabilities who cannot use computers?	Yes	Even though the website is the primary delivery method of information it should never eliminate other offline formats available to the public.	Language will be included in the policy to ensure that content should be available in multiple non electronic formats

Appendix P – Jails, detention and correctional facilities

Figure 1 Entrance to Sally Port ramp access

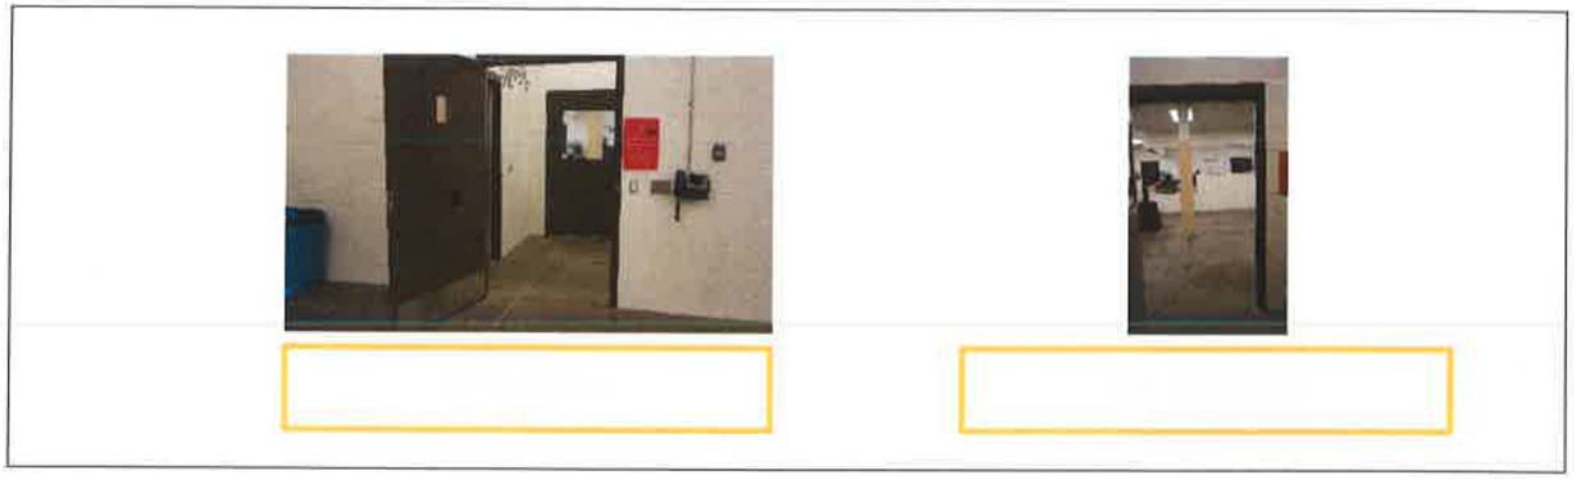

Figure 2 Jail Entrance - ADA compliant width

Figure 3 - Booking counter, holding cell, restroom facilities

Booking counter height wheelchair accessible for signing documents. Holding cell door wide for wheelchair access. Booking bathroom with ADA grab rails and sink wheelchair accessible.

Figure 4 – Bond Entrance - Release area with wheelchair access

Figure 5 - Holding cells 1 and 11 - ADA accessible features

Jail hallway and doors for wheelchair access. ADA compliant jail cell. Extra width around table for wheelchairs. Grab rails on bathroom and area for wheelchair. ADA wheelchair access to shower. Wheelchair rolls into the shower area. Lower water controls in shower for wheelchair. Telephone and video visitation at appropriate heights.

Figure 6 - Programs room

Programs area with ADA compliance space wheelchair accessible.

Figure 7 - Video Court

Video court with wheelchair accessible seating

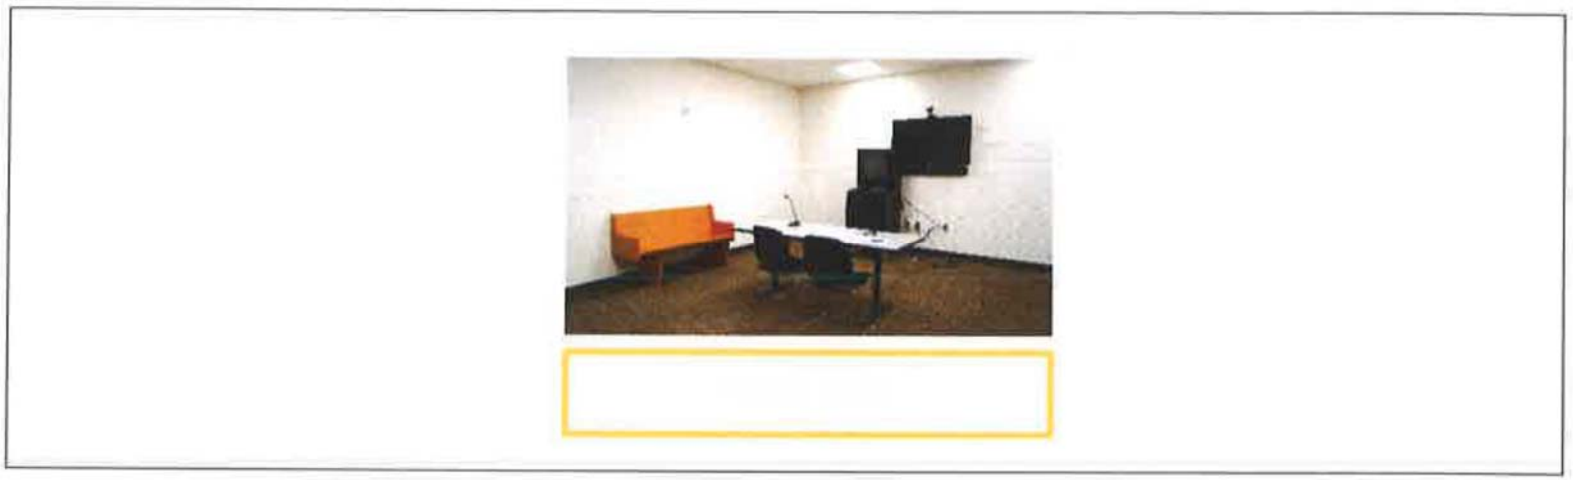

Figure 8 - Court Room with ADA compliant access
