General Project Information

Project Name: 110th St Gravel Sidewalks Project **Location:** 110th Street & 100th Ave NE
Project Estimate: \$20,000.

- There are no sidewalks on this portion of NE 110th Street and around the corner on 100th Avenue NE north to 112th Ave NE, which cause the children and adults walking between homes to be in the street. It is dangerous enough with cars coming around this corner in the daylight during the summer but on dark winter afternoons, it is perilous. The rest of the neighborhood has sidewalks at least on one side. This corner is dangerous as evidenced by the replacement of sections of the guard rail on both sides of the corner and Sharp Curve signs on both approaches. We stepped off the side of the road as cars came by due to the close quarters.

Technical Evaluation (0–100 points)

- The south side of NE 110th street and the west side of 100th Ave NE have room for clearing brush, soft soils and extending a gravel walkway beside the street. Sidewalks would be too expensive, but a 5 foot wide gravel walkway next to the street with reflective striping along the pavement edge would give walkers and even cyclists a place to safely travel while being more removed from traffic.

Neighborhood Panel Evaluation (0–50 points, 10 bonus points)

Neighborhood and Community Benefit (0–25 points)

- The neighborhood has over 100 homes along NE 110th Street, with young folks and adults who want to walk along 100th Ave NE to buses and shopping in Juanita Village. While we were out surveying the improvements on a drizzly Saturday afternoon, about 6 people walked by within 20 minutes.

Neighborhood Association Support (0–10 points)

4. Priority Ranking for this Project (Priority 1 of 2) our board met after our January community meeting to review these two promising projects. We received unanimous board approval.

Project Readiness and Feasibility (0–15 points)

5. Did the Project Coordinator attend Neighborhood Safety Program Workshop? Yes No . Ken Albinger attended workshop to review this project with staff.

6. Did City staff evaluate scope and ongoing maintenance of project? Yes No . No, not yet.

Please attach the **Project Scope** form that includes the project scope prepared by City staff.

7. Did City staff evaluate cost of project? Yes No No, not yet.

Please attach the **Project Scope** form that includes a cost estimate of the project prepared by City staff.

Community Support (0–5 bonus points)

5. Does this project have (or need) community support? Yes No Do not know

If so, please demonstrate how you acquired that support. Since this is the 5th NSP we have prepared for 2015, we prepared it in the last few weeks and have not had opportunity to raise community support.

Project Partnership Contributions (0–5 bonus points)

6. Will there be financial contributions or volunteer hours for this project? If so, please list below.
