On the cover: On Saturday, July 29, 2017, City Councilmembers and staff welcomed approximately 180 community members to City Hall for All, a welcoming and inclusive open house event. City Hall for All featured keynote speaker Lieutenant Governor Cyrus Habib, who spoke to attendees about the importance of civil discourse. The event also consisted of a World Café discussion activity, tours of the newly-renovated City Hall, food catered from restaurants around Kirkland and information about the City’s various programs and services. The event was well-received by the community, and staff will use feedback from the 2017 event to inform the planning of future City Hall for All events.
