KALAKALA 80TH ANNIVERSARY

Celebrate her July 3, 1935 Launch

This iconic Art Deco ferry boat was built at the Lake Washington Shipyards, present day Carillon Point, in 1935. Join us to learn more about the design of the Kalakala, and the days when Kirkland's scenic waterfront was home to major shipyards. Share your stories about the Kalakala and let us know your ideas for reusing pieces of the boat that the City of Kirkland has salvaged.

Enjoy and dance to the tunes from the fabulous 1930's, performed by Miss Rose & Her Rhythm Percolators.

Sponsored by the City of Kirkland Cultural Arts Commission and SRM Development
