

<b>2015 Neighborhood Safety Program</b> <b>Neighborhood Panel Criteria</b>	<b>Score</b>
<p><b>Neighborhood and Community Benefit (0-25 points)</b>  The community benefit is clearly explained. The project addresses a recognized community safety need especially with a vulnerable population with a viable, creative solution. The project expands and/or strengthens the community beyond the term of the project. The project will result in a lasting positive community impact.</p>	
<p><b>Neighborhood Association Support (0-10 points)</b>  Project was reviewed by the Neighborhood Association and received a priority ranking:</p> <p>Priority 1    10  Priority 2    5  None        0</p>	
<p><b>Project Readiness and Feasibility (0-15 points)</b>  The Neighborhood Association Project Coordinator attended the Neighborhood Safety Program (NSP) workshop and understands the necessary aspects for project implementation and completion. In addition, the Project Coordinator worked with City staff to evaluate scope, cost, and ongoing maintenance of the project and submitted the <b>Project Scope form</b> with the application.</p>	
<p><b>Community Support (0-5 bonus points).</b>  There is demonstrated community support for the project.</p>	
<p><b>Project Partnerships (0-5 bonus points)</b>  Community organizations, business partners, and residents will contribute funds and/or volunteer hours to the project and their roles have been clearly identified.</p>	
<p><b>Total Score (50 points + up to 10 bonus points possible)</b></p>
