<b>Agenda Item:</b>	<b>Action Items:</b>
<b>1. Puget Sound Energy Presentation</b>	<p>PSE gave a presentation on their work to reduce the use of coal for power production and their increase in green energy production (wind, solar, etc). This presentation was given in conjunction with the PSE Gas Franchise that is scheduled to be renewed by the end of October.</p> <p>PSE Representatives and the PED members discussed a suggestion by PSE that a Memorandum of Understanding be developed in conjunction with the Gas Franchise that acknowledges the City's participation in the King County-Cities Climate Collaboration (K4C) and the following pathways under Energy Supply in the Joint County-City Climate Commitments:</p> <ol style="list-style-type: none"><li>1. Phase out coal-fired electricity sources by 2025, and limit construction of new natural gas based electricity plants.</li><li>2. Increase countywide renewable electricity use 20 percentage points beyond 2012 levels by 2030 (to 90% countywide energy mix), and support development of increasing amounts of renewable energy sources.</li></ol>
