Subject: EARTH HOUR PROCLAMATION - 2013

RECOMMENDATION:

Staff recommends that City Council authorizes the Mayor to sign the Earth Hour Proclamation.

BACKGROUND DISCUSSION:

On Earth Hour hundreds of millions of people, organizations, corporations and governments worldwide will come together to celebrate a worldwide commitment to ongoing change for the betterment of the one thing that unites us all – the planet. They will make a statement about their concern for climate change by doing something quite simple—turning off their lights for one hour. Earth Hour symbolizes that by working together, each of us can have a positive impact in the fight against climate change, protecting our future and that of future generations. Locally, Earth Hour will occur on March 23rd at 8:30pm. Sustainable Kirkland is working to increase public awareness of the event and will be present at the March 19th City Council meeting to deliver the presentation and receive the proclamation.
