MEMORANDUM

To: Kurt Triplett, City Manager

From: Eric Shields, Planning Director
Nancy Cox, Development Review Manager

Date: April 21, 2011

Subject: THIRD RENEWAL OF INTERIM ORDINANCE NO. 4219 TO EXTEND
LAND USE PERMIT APPROVALS DURING THE ECONOMIC
DOWNTURN

RECOMMENDATION

City Council holds a public hearing and considers the third renewal of an Interim Ordinance with one of the two options below. The Interim Ordinance extends approval periods for land use permits. The extension opportunity is available to applicants with pending zoning permits and plats. The Interim Ordinance has been in effect for 18 months. Staff recommends that the Council consider renewing it for another 6 months while the economic downturn continues.

Two options are recommended for Council consideration:

1. Adopt an ordinance renewing O-4219 with no changes; or
2. Adopt an ordinance amending O-4219 to allow a second extension opportunity and allow the extension to apply to the time limits for the submission of a complete building permit application, start of construction or plat recording as well as to the completion of construction.

The alternative ordinances for the above options are included in this packet.

REQUEST FOR ADDITIONAL EXTENSION

Mr. William Anspach has received an extension for a setback variance for townhomes in the Market neighborhood that is due to expire on May 11, 2011.

Mr. Anspach has submitted a letter requesting that either multiple extensions or an unlimited extension for his variance (Attachment 2). Staff is not recommending multiple extensions or a permanent change. To do so would circumvent the code provisions in a way that is permanent and not responsive to conditions that might change. However, staff is recommending that a second one-year extension be allowed while also providing for additional time to complete construction for all zoning permits.

To be fair to subdivision applicants, a second extension opportunity would also apply to the time to record short plats.

BACKGROUND DISCUSSION PERTAINING TO THE INTERIM ORDINANCE

The original request for additional time for permits came early in 2009 from the Master Builders Association to address the severe economic hardship due to the local and national economy. Building and grading permits were addressed first. The Council passed an ordinance extending the timeframes for building and grading permits in April, 2009.

The idea of land use permit extensions came up during a City Council meeting in September, 2009 and subsequently was brought to the Economic Development Committee. After reviewing information about what other jurisdictions are doing, the Economic Development Committee directed staff to take a land use permit extension ordinance to the full Council for consideration. Interim Ordinance 4219 (see Attachment 1) was prepared and approved in December, 2009 and renewed in June, 2010 and November, 2010.

Ordinance 4219

Interim ordinances must be renewed every six months to remain in effect. Therefore, the third renewal is the subject of a public hearing on Council's May 3, 2011 agenda.

- **Zoning Permits**

Ordinance 4219 extends the time limits established in development codes to allow a permit applicant an additional year to: 1) start construction or submit a complete building permit, or 2) complete construction. The ordinance does not allow an applicant to extend both periods. It does not apply to permits that have expired. Existing Zoning Code language follows:

KZC 150.135 Lapse of Approval

The applicant must begin construction or submit to the City a complete building permit application for the development activity, use of land or other actions approved under this chapter within four years after the final approval of the City of Kirkland on the matter, or the decision becomes void; provided, however, that in the event judicial

review is initiated per KZC [150.130](#), the running of the four years is tolled for any period of time during which a court order in said judicial review proceeding prohibits the required development activity, use of land, or other actions. The applicant must substantially complete construction for the development activity, use of land, or other actions approved under this chapter and complete the applicable conditions listed on the notice of decision within six years after the final approval on the matter, or the decision becomes void. For development activity, use of land, or other actions with phased construction, lapse of approval may be extended when approved under this chapter and made a condition of the notice of decision.

- **Subdivision Permits**

Ordinance 4219 addresses Kirkland Municipal Code provisions related to increasing the time an applicant has to get a plat recorded from 4 years to 6 years. It does not apply to permits that have expired. Existing Municipal Code language follows:

KMC 22.20.370 Short plat documents—Recordation—Time limit.

After the short plat documents are signed, they will be transmitted to the city clerk's office for recording with the applicable office in King County. The short plat must be recorded with King County within four years of the date of approval or the decision becomes void; provided, however, that, in the event judicial review is initiated, the running of the four years is tolled for any period of time during which a court order in said judicial review proceeding prohibits the recording of the short plat; and provided further, that an approval which would otherwise become void after July 6, 1994, under a provision which is now being amended by the ordinance codified in this section, shall only become void if it would still do so under all amendments made by Ordinance 3421*. (Ord. 3705 § 2 (part), 1999)

Code reviser's note: Ord. 3421* was repealed by Ord. 3433*.

A zoning permit extension vests the zoning rules in effect on the date of application. Any changes in the Zoning Code since the date of application would not be reflected in the project if extended. The same applies to subdivision applications receiving extensions. All building permit applications must comply with the building code in effect at the time of application.

Two (2) zoning permit and seventeen (17) subdivision applicants have taken advantage of the extension opportunity since the program began in 2009.

City Clerk

William Anspach
934 6th Street South #200
Kirkland, Wa 98033

SUBJECT: Extension Request of PCD File No. ZON06-00007

SITUATION:

1. The subject property is located at the corner of 13th Ave and 4th Street West. The variance request was made because :

- A driveway for ingress/egress was denied by the Planning Department because of the close proximity to Market Street.
- Applicant wanted to maximize the net buildable area of the lot having a side yard setback vs. a front yard setback.

2. On May 11, 2006 the Hearing Examiner approved my setback variance application with conditions. Approval required that a complete building permit application be filed by May 11, 2010.

3. On March 4, 2010 Mr. Anspach filed an Application for Land Use Permit Extension that was granted with an expiration date of May 11, 2011.

REASON FOR EXTENSION REQUEST:

1. The property design and development has been completed. A full set of construction drawings are ready to be submitted to the City of Kirkland for permit application. Mr. Anspach has invested over \$80,000 for architectural designs, structural engineering and development of construction drawings. (See attached drawings and illustration.)
2. The current economic climate precludes the development of the property and additional time is needed until the market changes and the property can be developed per the plans as ready.

REQUEST of CITY COUNCIL:

1. Have the Council accept the Setback Variance as it was approved without conditions and make it a permanent side yard setback.
2. Have the Council allow for multiple permit extensions as needed until which time the permit applications are made.

I am hopeful the Council will approve my request and thank you for your consideration.

Kindest regards,

Bill Anspach

NOW THEREFORE, the City Council of the City of Kirkland do ordain as follows:

Section 1. Upon receipt of a written request from the applicant, the Planning Director is hereby authorized to extend without fee: 1) the time to begin construction or to submit to the City a complete building permit application, or 2) the time to substantially complete construction for the development activity. In the event an applicant requests an extension of the time to begin construction or submit a complete building permit application, the applicant shall automatically receive a corresponding extension of the time to complete construction for development activity. The authorization may apply to pending land use permits or approvals for one year from the scheduled expiration date for the following types of land use permits: Reasonable Use (Kirkland Zoning Code Section 90.140); Cottage, Carriage and 2/3 Unit Homes (Kirkland Zoning Code Chapter 113); Personal Wireless Facility (Kirkland Zoning Code Chapter 117); Planned Unit Development (Kirkland Zoning Code Chapter 125); Design Board Review (Kirkland Zoning Code Sections 142.35 through 142.55); Process I (Kirkland Zoning Code Chapter 145), IIA (Kirkland Zoning Code Chapter 150), and IIB (Kirkland Zoning Code Chapter 152). An applicant may not request more than two extensions under this Section. An applicant may request both extensions at any time after final approval of the land use permit or approval. If an applicant has previously sought only one extension, then the applicant shall request the second extension within 180 days prior to the expiration of the first extension period. This Section shall not apply to land use permits or approvals that are expired.

Section 2. Applicability. Section 1 of this Ordinance shall apply to and take precedence over any conflicting provisions in Kirkland Zoning Code Sections 90.140.8, 113.45, 117.100, 125.80, 142.55, 145.115, 150.135 and 152.115 until such time as this ordinance is repealed or expires. Any extensions granted under Section 1 of this Ordinance shall remain in effect until expiration of the applicable extension periods, even if that occurs after this Ordinance is repealed or expires.

Section 3. Upon receipt of a written request from the applicant, the Planning Director is hereby authorized to extend, without fee, the four year recordation period for approved plats from 4

years to 6 years. An applicant who has previously sought a two year extension under this Section may seek an additional one year extension, which would extend the recordation period to a total of 7 years. An applicant may not request more than two extensions under this Section. An applicant may request both extensions at any time after final approval of the plat. If an applicant has previously sought only one extension, then the applicant shall request the second extension within 180 days prior to the expiration of the first extension period. This Section shall not apply to land use permits or approvals that are expired.

Section 4. Applicability. Section 3 of this Ordinance shall apply to and take precedence over any conflicting provisions in Kirkland Municipal Code Sections 22.16.130 and 22.20.370 until such time as this ordinance is repealed or expires. Any extensions granted under Section 3 of this Ordinance shall remain in effect until expiration of the applicable extension periods, even if that occurs after this Ordinance is repealed or expires.

Section 5. Vesting. The Planning Director shall not issue an extension under Section 1 or Section 3 of this Ordinance if a Title of the Zoning or Municipal Code has been amended affecting the property for which the permit was issued or the permit application pertains unless the applicant agrees in writing to abide by the applicable amended provisions.

Section 6. The interim regulations adopted by this Ordinance shall continue in effect for a period of up to one hundred eighty (180) days from the effective date of this Ordinance, unless repealed, extended, or modified by the City Council.

Section 7. Findings of Fact.

- A. The recitals set forth on pages 1-2 above are hereby adopted as findings of fact.
- B. The Kirkland Zoning Code and Municipal Code provide for opportunities to obtain time extensions for various applications and approvals; however these time extensions are of limited duration and are not of sufficient length to enable extensions beyond the current economic downturn.
- C. Providing for extensions of certain development-related applications and approvals may aid the local economy by helping the construction industry to weather the economic downturn while preserving the investments made in the development permitting process.
- D. Maintaining the viability of development applications and approvals will help to ensure that the development industry is in a position to respond more quickly once favorable economic conditions return.

Section 8. Duration. The Council may adopt extensions of this Ordinance after any required public hearing pursuant to RCW 35A.63.220 and RCW 36.70A.390.

Section 9. Severability. Should any provision of this Ordinance or its application to any person or circumstance be held invalid, the remainder of the ordinance or the application of the provision to any other persons or circumstances shall not be affected.
