MEMORANDUM

To: Kurt Triplett, City Manager

From: John Burkhalter, P.E., Development Engineering Supervisor
Rob Jammerman, Development Engineering Manager
Ray Steiger, P.E., Interim Public Works Director

Date: August 19, 2010

Subject: RESOLUTION APPROVING A SEWER FACILITY AGREEMENT WITH SAMIRA SAMIMI

RECOMMENDATION:

It is recommended that the City Council approve the attached resolution authorizing the City Manager to execute a Sewer Facility Agreement with Samira Samimi.

BACKGROUND DISCUSSION:

Samira Samimi installed approximately 210 lineal feet of 8 inch sewer main line extension along NE 108th St west of Slater Avenue NE (Exhibit 1). This now public sewer main extension provides sewer service to their four-lot short plat and other neighboring properties. A Sewer Facility Agreement has been filed with the Department of Public Works to receive reimbursement for a portion of the costs of the sewer main extension (Exhibit A). Property owners listed in this agreement applying for connection to the sewer main will be required to pay \$ 11,258 plus normal City of Kirkland sewer connection fees.

The City of Kirkland is authorized pursuant to Chapter 35.91 RCW to enter into a Sewer Facility Agreement (also known as a Sewer Latecomers' Agreement) allowing developers to receive compensation for the installation of public sewer main line extensions, i.e. persons connecting to the extensions are required to pay a portion of the construction costs as a condition of connection. This latecomers' fee was calculated based on the number of lots being served: dividing the number of lots into the total cost of the sewer extensions yields the latecomers' charge. Fifteen percent (15%) of the sewer latecomers' fee is retained by the City of Kirkland for administering the agreement and eighty-five percent (85%) of the fee is returned to the developer. The agreement is valid for 20 years and is administered by the Department of Public Works.

Upon approval of the resolution and subsequent signing by the City Manager, the agreement will be sent to King County for recording. Finally, notice of latecomers' connection charges will be sent to each property owner included in the agreement.

EXHIBIT A

SEWER FACILITIES AGREEMENT PURSUANT TO CHAPTER 35.91 REVISED CODE OF WASHINGTON

THIS AGREEMENT made and entered into this day, pursuant to RCW Chapter 35.91, between the City of Kirkland, a non-charter optional code city, hereinafter referred to as "City" and Samira Samimi hereinafter referred to as "Developer":

WITNESSETH

Section 1. Developer does hereby agree to construct, at its sole expense, the SEWER FACILITIES described in EXHIBIT 1, attached hereto and by this reference incorporated herein, all in accordance with the specifications and standards of the City of Kirkland pertaining to sewer construction and installation.

Section 2. Upon completion of said sewer facilities to the satisfaction of the Kirkland Director of Public Works, and acceptance thereof by the City of Kirkland, said facility shall become the property of the City of Kirkland and a part of its sewer system with full power of the City of Kirkland to charge for its use such sewer connection and service rates and charges as the City of Kirkland may be authorized by law to establish, and all further maintenance operation costs of said facility shall be borne by the City of Kirkland.

Section 3. The benefit area to be served by said facility is described and designated on EXHIBIT 1 attached to this agreement and by this reference incorporated herein. Said Exhibit is a map showing the total benefit area and delineating thereon that portion of the benefit area owned by Developer. EXHIBIT 2 attached to this agreement and by this reference incorporated herein is a listing of each lot or parcel within the benefit area including the lot or parcel legal description and the lot of parcel's "pro rata share" of the cost of construction of the sewer facilities. EXHIBIT 3 identifies those lots or parcels owned by Developer and not subject to the provisions of Section 4 of this agreement.

Section 4. Any owner of any real property located within the benefit area (other than those properties designated in EXHIBIT 3 as Developer's properties) who shall hereafter tap into or use said sewer facility (including not only connecting directly into, but also to users connecting laterals or branches connected thereto) shall, prior to such tap in or use, pay to the City of Kirkland, in addition to any connection or other change required by the ordinances of the City of Kirkland to be paid upon connecting to a sewer facility, their fair pro rata share of the cost of construction of said facility.

Section 5. For the purposes of determining such "fair pro rata share" the cost of construction of said facility shall be considered to be \$61919.36, provided, however, the City may adjust said cost to reflect the true and final cost of construction of said facility. The "FAIR PRO RATA SHARE" of the cost of construction as designated on EXHIBIT 2, and is hereby approved by the City of Kirkland.

Section 6. Within sixty (60) days after receipt by the City of any "fair pro rata share," the City shall disburse said sum, less fifteen (15) percent thereof to be retained by the City of Kirkland to cover costs of administering the provisions of this agreement, to Developer at _____ until such time as Developer shall have received the total sum of \$52,631.46, or the expiration of twenty (20) years from the date of this agreement, whichever event shall first occur. Thereafter, any amount of charge made or received by the City to tap into or use said facility shall be retained by the City. It shall be the duty of the Developer to advise the City of any change in the Developer's mailing address.

Section 7. The provisions of this agreement shall not be effective as to any owner of real property designated in EXHIBIT 2, other than Developer, until such time as this agreement shall have been recorded in the Office of the King County Department of Elections and Records and then only as to such real property owners as tap into or connect into said facility subsequent to such recording. City shall not be required to disburse any "fair pro rata share" to Developer which may not be lawfully collected from such real property owner at the time said real property taps into or connects to said facility.

Section 8. In the event the cost, or any part thereof, of a or sewer improvement, whether local or general, is or will be assessed against the owners of real property and such improvement will be connected into or will make use of the facility constructed pursuant to this agreement and the cost thereof was not contributed to by the owners of said real property, there shall be included in the Engineer's estimate for the hearing or any such improvement, separately itemized, and in such assessments, a sum equal to the amount provided for in this agreement as a fair pro rata share due from such owners in accordance with the provisions of this agreement.

Section 9. No person, firm, or corporation, other than Developer's, as to the real property identified as owned by Developer in EXHIBIT 3 hereto, shall be granted a permit or authorized to tap into or use said facility or extensions thereof without first paying their fair pro rata share as herein provided.

DATED at Kirkland, Washington, this _____ day of _____, _____.
