## **MEMORANDUM**

**To:** David Ramsay, City Manager

**From:** Jon Regala, Senior Planner  
Paul Stewart, AICP, Deputy Planning Director  
Eric Shields, AICP, Planning Director

**Date:** May 5, 2008

**Subject:** INTENT TO ADOPT RESOLUTION – GORDON HART PRIVATE AMENDMENT REQUEST (ZON06-00019) & TL9 ZONING IMPLEMENTATION PROJECT (ZON07-00023)

## **RECOMMENDATION**

Adopt the enclosed resolution setting forth the intention of the City Council to approve the requested land use and zoning changes for the Gordon Hart private amendment request and the TL 9 zoning implementation project. The amendments will be approved later this year concurrent with all other amendments included in the city's annual Comprehensive Plan amendments.

## **BACKGROUND DISCUSSION**

The Council, at its March 4, 2008 public meeting, unanimously approved a motion to adopt the Planning Commission's recommendations on the Gordon Hart Private Amendment Request (PAR) and the City Initiated TL 9 Zoning Implementation Project and directed staff to bring back an 'intent-to-adopt' resolution at their May 20, 2008 meeting. Since the results of the Hart PAR are to be incorporated into the final TL 9 zoning charts, both projects were combined into one 'intent-to-adopt' resolution. The Exhibits of the 'intent-to-adopt' resolution are consistent with the Planning Commission's recommendations. Condition 7 in Exhibit A was slightly revised by staff to clarify that the adopted 100-foot setback applies to any development on the Gordon Hart property, as intended by the Planning Commission, and the phrase '*Where residential uses are allowed*' was added to Condition 10 to clarify where in the TL 9 Planning District the affordable unit/bonus height provision applies.

The other components of the annual Comprehensive Plan Amendments that will be incorporated into the final ordinance for adoption later this year are the *City initiated Transportation concurrency and LOS changes* and the *Nakhjiri Private Amendment Request*.

The three downtown PAR's that are in process; Touchstone (Park Place), Orni, and Alton, will be adopted separately as part of a Planned Action Ordinance.

RESOLUTION R-4704

A RESOLUTION OF THE CITY OF KIRKLAND RELATED TO COMPREHENSIVE PLANNING AND LAND USE AND EXPRESSING AN INTENT TO AMEND THE KIRKLAND COMPREHENSIVE PLAN, ORDINANCE 3481 AS AMENDED, THE KIRKLAND ZONING CODE ORDINANCE 3719 AS AMENDED, AND AMENDING THE KIRKLAND ZONING MAP ORDINANCE 3710 AS AMENDED, AS A RESULT OF THE GORDON HART PRIVATE AMENDMENT REQUEST (FILE ZON06-00019) AND THE TL9 ZONING IMPLEMENTATION PROJECT (FILE ZON07-00023).

WHEREAS, the City Council has received recommendations from the Kirkland Planning Commission to amend the text of Totem Lake Neighborhood Plan Policy TL-17.3 of the Comprehensive Plan , Ordinance 3481 as amended, and the Kirkland Zoning Code text, Ordinance 3719 as amended, and the Zoning Map Ordinance 3710 as amended, to create the TL 9A and TL9B zoning districts to implement the TL 9 Planning District policies and as a result of the Gordon Hart Private Amendment request, all as set forth in the Planning Commission's recommendations dated February 20, 2008, and bearing Kirkland Department of Planning and Community Development File No. ZON06-00019 (Hart) and ZON07-00023 (TL9); and

WHEREAS, prior to making said recommendation the Planning Commission, following notice thereof as required by RCW 35A.63.070, held on January 24, 2008, a public hearing, on each of the amendment proposals and considered the comments received at said hearings; and

WHEREAS, pursuant to the State Environmental Policy Act (SEPA), there has accompanied the legislative proposal and recommendation through the entire consideration process, a SEPA Addendum to Existing Environmental Documents, issued by the responsible official pursuant to WAC 197-11-600; and

WHEREAS, in an open public meeting the City Council considered the environmental documents received from the responsible official, together with the report and recommendation of the Planning Commission; and

WHEREAS, the Growth Management Act, RCW 36.70A.130, requires the city to review all amendments to the comprehensive plan concurrently and no more frequently than once every year.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Kirkland as follows:

Section 1. The City Council acknowledges the recommended amendment to the Zoning Ordinance as set forth in File ZON06-00019 and ZON07-00023, and will consider adopting said recommendation by

ordinance concurrent with all other amendments included in the City's annual Comprehensive Plan amendments.

Section 2. The recommended amendment to the Comprehensive Plan text is set out in Exhibit "A" attached hereto and be this reference incorporated herein.

Section 3. The recommended amendment to the Zoning Ordinance is set out in Exhibit "B" attached hereto and be this reference incorporated herein

Section 4. The recommended amendment to the Zoning Map is set out in Exhibit "C" attached hereto and be this reference incorporated herein.

Passed by majority vote of the Kirkland City Council in open meeting on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.

SIGNED IN AUTHENTICATION THEREOF this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.

\_\_\_\_\_  
Mayor

ATTEST:

\_\_\_\_\_  
City Clerk

**Policy TL-17.3:**

*Restrict development in identified landslide hazard areas to ensure public safety and conformity with natural constraints.*

High ground water with soft soil conditions in the low-lying parts of the neighborhood may limit or require special measures for development. The presence of loose saturated soils increases the risk for differential settlement and seismically induced soil liquefaction. In these areas, development must demonstrate methods to prevent the settlement of structures and utility systems and to withstand seismic events.

The steep, heavily vegetated hillside in the northeastern portion of the neighborhood lies within an identified high landslide area (see Figures TL-5 and TL-11, District TL 9). Although a range of office, industrial or multifamily uses are permitted in the southern portion of the hillside north of NE 126<sup>th</sup> Place, this development and all development on the hillside is subject to the following conditions:

- (1) Development should be subject to public review and discretionary approval through the City's Process IIA process.
- (2) The base density for residential development on the slope should be eight dwelling units per acre.
- (3) Lot coverage for development should be lower than that allowed for the less environmentally sensitive properties to the south, to enable the preservation of vegetation and watercourses on the site.
- (4) Vegetative cover should be maintained to the maximum extent possible. Clustering of structures may be required to preserve significant groupings of trees.
- (5) Watercourses should be retained in a natural state.
- (6) Development should only be permitted if an analysis is presented that concludes that the slope will be stable. The analysis should indicate the ability of the slope and adjacent areas to withstand development, the best locations for development, and specific structural designs and construction techniques necessary to ensure long-term stability.
- (7) The hillside with the steepest slopes should be left undisturbed in a natural condition and retained as permanent natural open space through the creation of a greenbelt easement or the dedication of air rights. In order to provide property owners with reasonable development potential, some development may be permitted on the southern, lower portion of the hillside. In no case should such development or associated land surface modification extend northward more than 150 feet into any slope in excess of 15 percent, nor closer than 100 feet to existing single-family residential development north of the slope.
- ~~(8)~~ (7) Any part of the hillside which is retained as permanent natural open space, but which has been previously altered from its natural state, or which is so altered as a result of soils testing or watercourse rehabilitation, should be returned to its natural condition.
- ~~(9)~~ (8) Surface water runoff should be maintained at predevelopment levels.
- ~~(10)~~ The developer should indemnify and hold harmless the City by a covenant running with the land in a form approved by the City Attorney.
- ~~(11)~~ (9) Vehicular access should be from south of the slope. If necessary, access may be from 132<sup>nd</sup> Avenue NE, provided that such access is limited to one point and meets other City standards.
- (10) Where residential uses are allowed, a total of 5 stories measured above an average building elevation are allowed if at least 10% of the units provided are affordable units.

**Chapter 48 — LIGHT INDUSTRIAL TECHNOLOGY (LIT) ZONES**

**48.0555.59** User Guide TL 9A.

The charts in KZC ~~48.1555.63~~ contain the basic zoning regulations that apply in the LIT-TL 9A zones of the City. Use these charts by reading down the left hand column entitled Use. Once you locate the use in which you are interested, read across to find the regulations that apply to that use.

**Section  
48.1055.61**

~~Section 48.1055.61~~ – GENERAL REGULATIONS

The following regulations apply to all uses in this zone unless otherwise noted:

1. Refer to Chapter 1 KZC to determine what other provision of this code may apply to the subject property.
- ~~2. If any portion of a structure is adjoining a low density zone, then either:
  - a. The height of that portion of the structure shall not exceed 20 feet above average building elevation; or
  - b. The horizontal length of any facade of that portion of the structure which is parallel to the boundary of the low density zone shall not exceed 50 feet.

~~See KZC 115.30, Distance Between Structures/Adjacency to Institutional Use, for further details.~~  
~~(Does not apply to Hazardous Waste Treatment and Storage Facilities uses).~~~~
- ~~3. Except if adjoining a low density zone, structure height may be increased above 35 feet in height through a Process IIA, Chapter 150 KZC, if:
  - a. It will not block local or territorial views designated in the Comprehensive Plan;
  - b. The increased height is not specifically inconsistent with the applicable neighborhood plan provisions of the Comprehensive Plan; and
  - c. The required yard of any portion of the structure may be increased up to a maximum of one foot for each foot that any portion of the structure exceeds 35 feet above average building elevation. The need for additional setback yards will be determined as part of the review of any request to increase structure height.

~~(Does not apply to Hazardous Waste Treatment and Storage Facilities and Public Parks uses).~~~~
- ~~4. If the property is located in the NE 85th Street Subarea, the applicant shall install a through-block pedestrian pathway to connect an east-west pathway designated in the Comprehensive Plan between 124th Avenue NE and 120th Avenue NE pursuant to the through-block pathway standards in KZC 105.19(3) (See Plate 34K).~~
- ~~5. Retail uses are prohibited unless otherwise allowed in the use zone charts.~~

The use shall be conducted within a wholly enclosed building. 3. The building housing the use shall have been in existence on June 1, 2004, and shall not be altered, changed, or otherwise modified to accommodate the use if the cost of such alteration, change, or modification exceeds 30 percent of the replacement cost of that building. 4. The use must be discontinued when there is an alteration, change, or other work in a consecutive 12-month period to the space in which the use is located, and the cost of the alteration, change or other work exceeds 30 percent of the replacement cost of that space.</del>

**55.65 User Guide**

The charts in KZC 55.67 contain the basic zoning regulations that apply in the TL 9B zone of the City. Use these charts by reading down the left hand column entitled Use. Once you locate the use in which you are interested, read across to find the regulations that apply to that use.

**Section 55.66**

Section 55.66 – GENERAL REGULATIONS

The following regulations apply to all uses in this zone unless otherwise noted:

**ZONE**

**TL 9B**

1. Refer to Chapter 1 KZC to determine what other provisions of this code may apply to the subject property.
2. All development or associated land surface modifications shall be setback 100 feet from the north boundary of the TL 9B zone.
3. Vehicular access shall be from the south of the slope. If necessary, access may be from 132<sup>nd</sup> Avenue NE, provided that such access is limited to one point and meets other City standards.
