

DEVELOPMENT SERVICES FEE CHANGE

Development Services Fees and Impact Fees adjustments in effect January 1, 2016

- All Development Services fees will increase by 1.1%.
- Transportation, School and Park impact fees will increase per the rate below.

The impact fee increase is necessary to keep pace with the rising costs of transportation, school, and park improvements that are funded with impact fee revenue. Impact fees are used to help pay for needed improvements resulting from growth and are paid by developers/applicants. Revenues from impact fees are used to fund facilities that are directly associated with new development.

IMPORTANT

Customers who make a complete permit application before January 1, 2016 will be vested at the current rate.

Single Family Rates	2015	2016
Traffic	\$3,942	\$5,009
