Subject: RE: Proposed SEPA Mitigation Measures for the Sabegh Stream Buffer Modification and zoning permit Proposal

Mrs. Desiree Goble

Please release our proposed SEPA mitigation measures. I am currently discussing the left turn issue with the City traffic engineers.

I am proposing to the city traffic engineer a curve or other effective means to be installed on my drive way to mitigate the traffic and possibly city allow me to have left turn on no- rush hours and weekend.

Best regards
Anthony Sabegh
