

# ***What's Your Need For Internet Speed?***

The City of Kirkland is bidding to be selected for **Google's Fiber for Communities Project**. If selected, Google will build an ultra-high speed broadband network (as a trial project) in Kirkland that will be **100 times faster** than what most Internet users have now.

Share your thoughts with the City of Kirkland about your need for speed at [www.ci.kirkland.wa.us/googlerfi](http://www.ci.kirkland.wa.us/googlerfi).
