CRITERIA SHEET for Variances
(Chapter 120 of the Zoning Code)

An answer to each of the following questions must be submitted with any application:

1. How would the Variance not be materially detrimental to the property or improvements in the area of the subject property or to the City in part or as a whole?

2. How is the Variance necessary because of special circumstances regarding the size, shape, topography, or location of the subject property; or the location of a pre-existing improvement on the subject property that conformed to the Zoning Code in effect when the improvement was constructed?

3. How would the Variance not constitute a grant of special privilege to the subject property which is inconsistent with the general rights that this Code allows to other property in the same area and zone as the subject property?
