- **Pedestrian Safety Education**

Thank you in advance for your patience and cooperation as we make enhancements to your neighborhood.

Dear NE 100th Street Property Owner:

We are pleased to announce that the City has received a Federal Safe Routes to School Grant to construct a sidewalk on the south side of NE 100th Street, from 116th Ave NE to the existing sidewalk near 114th Ave NE (about 620 linear feet - see map on reverse side). Additional crossing improvements at 112th Ave NE will also be included. The project is currently in the design phase. Sidewalk construction is scheduled for spring 2013, and expected to be complete within three months.

The sidewalk will capitalize on areas where sidewalk has already been constructed linking the Highlands Neighborhood to Peter Kirk Elementary School. The concrete sidewalk will be 5 feet wide and will be separated from the edge of the travel lane by a 4.5 foot planter strip and 0.5 foot wide concrete curb (totaling 5 feet) in most places. Some storm drain improvements will be required to control storm water. The sidewalk will be located on City right-of-way and constructed at no cost to adjacent property owners.

Although the sidewalk will be located on City right-of-way, there may be landscaping or physical improvements put in by the property owners which need to be moved or incorporated into the design. ***The purpose of the Open House will be to discuss the project design and potential impacts to adjacent properties.*** As the design progresses, subsequent project update letters will be mailed to the adjacent property owners.

Thank you in advance for your patience and cooperation as we make improvements to your neighborhood. Please contact me (at 425-587-3837 or Aamcdonald@kirklandwa.gov) should you have any questions or concerns. We will keep you updated as the design phase progresses. For the latest project information, go to:
