Thank you in advance for your patience and cooperation as we enhance your neighborhood.

What: To create a safe school walk route and enhance walkability, the City of Kirkland will begin construction later this month on 620 linear feet of sidewalk along the south side of Northeast 100th Street. The sidewalk will connect 116th Avenue Northeast to 112th Avenue Northeast and improve the crosswalk at 112th Avenue Northeast. A federal Safe Routes to Schools grant will fund a majority of the project.

The sidewalk will capitalize on areas where sidewalk has already been constructed, linking the Highlands Neighborhood to Peter Kirk Elementary School. The concrete sidewalk will be 5 feet wide. A 6-inch curb will separate sidewalk traffic from road traffic. Some storm drain improvements will be required to control storm water.

When: Construction is anticipated to begin in late September and be substantially complete by the end of November. Typical hours of operation will be an eight-hour work day between the hours of 7 a.m. to 6 p.m., Monday through Friday.

What to Expect:

- Homeowners should remove any landscaping that is within the right-of-way before the contractor begins construction (estimated to be September 23, 2013).
- Traffic control and flagging operations will be in effect. Short delays are possible during construction.
- The contractor is required to backfill and/or cover work at the end of each day so trenches will not be left open overnight.
- Access for mail delivery, garbage pick-up and emergency vehicles will be maintained.
