

# 116<sup>th</sup> Avenue NE Street Maintenance

September 9, 2009

## 116<sup>th</sup> Avenue NE Street Maintenance

**What:** The City of Kirkland Street Division will be placing a thin asphalt overlay on 116<sup>th</sup> Avenue NE (between NE 60<sup>th</sup> Street and approximately NE 48<sup>th</sup> Street). The purpose is to provide a temporary repair to the existing pavement until a future full/street improvement project takes place (currently funded through design).

**When:** The work is scheduled to occur between September 14 and September 25. Work hours will be between 7:00 am and 6:00 pm Monday-Friday. The majority of the construction will be completed within 3 to 4 days. This work is very weather dependent. Rain or even the prediction of rain may postpone this work. The map on the back of this flyer shows the work area.

**What to Expect:** Inconvenience caused by construction will be minimized to the extent possible. However, some delays and lane closures will be necessary in order to complete the work. The city crews will need to narrow the road to one lane (using a pilot car to usher traffic one direction at a time) for the major part of a day. There will be additional work done (with minor short single lane closures) to connect driveways, seal joints, restripe and adjust utilities. Emergency vehicle access will be maintained at all times throughout the work. The City will schedule activities around regular garbage/recycling pick-up schedules. Mail will be delivered as usual.

In some locations, it may be necessary to limit driveway access for a few hours while paving occurs in front of it. If your driveway is affected, you will be specifically notified prior to work being performed. Water is harmful to all pavement repair treatments. Please avoid washing vehicles or watering adjacent lawns on the date work is scheduled.

### How You Can Help:

Your cooperation in ensuring the area of roadway affected by the project is not obstructed with vehicles or other items is greatly appreciated. Thank you in advance for your patience and cooperation. Please contact us should you have any questions or concerns. For construction schedule updates go to the City's website [www.ci.kirkland.wa.us](http://www.ci.kirkland.wa.us) (search Street Preservation).
