make me a picture of Kirkland

We asked Peter Kirk Elementary Second Graders to create a picture of a street. This is what they made ...

I put Sweet Cakes down there because it's downtown and its one of my favorite places to go. One time I got chocolate fudge.

—REAGAN

This is the Key Bank, Starbucks, Zeeks, Sweet Cakes and Cactus. Back here is just some walls with spray paint. Out here is some mountains, clouds, the sun and some trees. And I go to Zeeks. I went there for my soccer party.

—SAM

"That's a dog and a person riding on a bike and birds and this is a sunset here. There are highlights of the sky. That's a toy store and a grocery store."

—ASHLANA

EDDIE:
"It's a little town with a lot of stores. That's a chef. He makes muffins. I have a soccer store because I like soccer. I play it every day."

"There's a little pond in the middle of the road to make it more detailed. I think it's like kinda cool to have a pond in the middle of the road. This is me. I'm saying 'Hi' to this person right here. And a random person. This is a flying house and it has wings. The tops of the buildings have WiFi."

—FELIX

"I decided that maybe our house could be right there. That they house right there. And that's the pet store where my mom said when I am 8 or 9, I could get a dog. And so that's why I decided to put the pet store right there."

—GWYNETH

"I drew a car and a person pushing a baby. A baby walking with its family and a dog with a person. I drew a plane in clouds."

—KADY

"I drew pirate ships, dragons, castles, alien ships. Mostly alien ships. People. Alligators with lazer guns on their backs. A butterfly with lazer wings. This is an alien saying 'what' is this? That's fire. They are destroying their roads. That is an alien robot. And here's the sun with faces by and a helicopter with bullets."

—KLOYD

"This is a mountain and I decided to put the sun at the top. This is an art shop and street lights. And I put trees and some buildings and lights and some birds."

—MARET

"That girl is eating ice cream and she's walking her dog and that's a cat trying to get that. This is the mouse up here. And those are some pretty trees."

—TAMENA

"I like rainbows. When you've got a bunch of pretty colors, it looks really pretty when you have them all together. That's me and my doggie, Lexie. Everybody else is just random people. That's an owl and a cat. They don't have names. They're just random. The bird is just flying in the sky. Birds usually do that."

—ALINA

"I wanted the street to be brick so people could walk on it. I wanted some stores there that could give me food. There's Starbucks, Homegrown, Wing Dome and Sweet Cakes. Because I want cupcakes. I went once, I got a double chocolate."

—AIDEN

"I drew a picture of Park Lane when there was hotels and stuff. This is a Gamestop. That's Mario. That's a worker looking into the building. That's a gate. It goes behind the building. That's one of those portable places where you put garbage."

—CARTER

"I put buildings all over. I put brown buildings, red buildings, orange, green, purple. I put different kinds of trees. I put like an orange tree and a green tree. I put up a sign that says closed and open. Clouds, birds, fountains. I thought it would look really cool flying in the clouds."

—ELLA

ESTHER:
"There's a rainbow store. That's a school supply shop."

"I have a clock tower in the road. I have a soccer player. A person. And a chicken."

—CAITLYN

"I like pizza. Usually we order it from Zeeks to our house. I just thought it might be nice to put people right there so it wouldn't just be a bunch of buildings."

—LEAH

"My friend told me about The flying saucers. Cause she is in the future. I have a flying house. I think the future will be fun. Like flying cars and flying houses. And other stuff. And seeing smoothy through a tuff."

—MASON

MICHAEL:
"The last cat is just a sign. Sometimes you see them in the city. But I wouldn't really love to have a lot a cat. Because then you couldn't really play with it."

"There's a cat here. It's saying 'meeeeeeeww!' This is a dog. It's saying 'woof!' That's a person. It's a girl, but I don't know her name. I didn't name her. I named the cat. Her name is Ginger. The dog is a Yorkie."
