

Electric Vehicle policy questions

- 1) Does an EV need to be charging at all times in order to park in those stalls?
- 2) Does an EV pay for energy? At what cost/hr?
- 3) Should there be time limits on EV stalls? (3 hr in Marina, 4 hr in library garage)
- 4) When pay parking is in effect, should an EV be required to pay for parking?
- 5) Will a non-EV be cited if parked in these stalls? If so, will they get a first time warning?
- 6) What should the signs say? See example (from Gina)
