

Protect the Environment.

Be More Efficient.

Save Money.

Attract New Customers.

Be an EnviroStar.

Go green with EnviroStars

Making it easy for Washington businesses to protect our planet.

EnviroStars can help your business:

- Identify green practices to save energy, water, and natural resources, and potentially reduce your utility costs.
- Access free resources and rebates from utilities and local government.
- Protect Lake Washington and reduce your environmental impact.
- Reach new customers through local and regional marketing campaigns and the EnviroStars online green business directory.
- Be recognized as a green leader in our community.

Find resources and get help going green at EnviroStars.org!

Questions? Contact Kirkland's Recycling Hotline at **(425) 587-3812** or recycle@kirklandwa.gov.

*“Thanks to EnviroStars
for making it easy to
check if your business
is following green
practices.”*
