# Go green with EnviroStars

Making it easy for Washington businesses to protect our planet.

EnviroStars can help your business:

- Identify green practices to save energy, water, and natural resources, and potentially reduce your utility costs.
- Access free resources and rebates from utilities and local government.
- Protect Lake Washington and reduce your environmental impact.
- Reach new customers through local and regional marketing campaigns and the EnviroStars online green business directory.
- Be recognized as a green leader in our community.

Find resources and get help going green at [EnviroStars.org](http://EnviroStars.org)!

Questions? Contact Kirkland's Recycling Hotline at **(425) 587-3812** or [recycle@kirklandwa.gov](mailto:recycle@kirklandwa.gov).

*“Thanks to EnviroStars  
for making it easy to  
check if your business  
is following green  
practices.”*
