

The goal is to have more recycling at all properties. Residential recycling rate is 68%, multi-family is 18%, commercial is 24%. Multi-family goal by 2015 is 20%. How can we work together to achieve this goal? We will provide the tools to help you. By using the tools provided, a 132-unit Kirkland property saved \$7000 annually. It also increased their recycling rate from 18.7% to 55%. You provide recycling to your residents. Recycling decreases your garbage, saves your property money, and helps reduce items going to the landfill. Good for you, good for the environment.
