

List of Appendices

- A Public Opinion Survey Results
- B Development/Redevelopment Analysis
- C HSPF Analysis of Forbes and Juanita Creeks
- D Water Quality Monitoring and Index of Biological Integrity (B-IBI) Data for Forbes and Juanita Creeks
- E RNA analysis (fecal source tracking) plan
- F Stream Inventory and Habitat Evaluation Report
- G Conceptual Design and Cost Estimates for Surface Water Capital Improvement Projects
- H Prioritization Criteria for Surface Water Capital Improvement Projects
- I Streambank Stabilization Project Priority Scoring
- J Comparison of Required Flow Control Volumes under requirements of the 1998 and 2005 King County Surface Water Design Manuals
- K Preliminary Scopes and Budgets for New Program Elements
- L Complex Creek Care grant proposal
- M Dry Weather Sampling Plan
- N Parametrix Review of Water Quality Monitoring Program
- O Financial Analysis – Technical Analysis and Issue Papers

List of Acronyms

BMP	Best Management Practice
CIP	Capital Improvement Program
ESA	Endangered Species Act
KCSWDM.....	King County Surface Water Design Manual
LID.....	Low Impact Development
LIDAR.....	Light Detection and Ranging
NPDES.....	National Pollutant Discharge Elimination System
PAA.....	Potential Annexation Area
PSWQMP	Puget Sound Water Quality Management Plan
SEPA	State Environmental Policy Act
TMDL.....	Total Maximum Daily Load
USGS	United States Geological Survey
USDA.....	United States Department of Agriculture
WRIA.....	Water Resource Inventory Area
