

Totem Lake Urban Center Enhancement Plan & Transportation Network Study

TRANSPORTATION COMMISSION

APRIL 26, 2017

Purpose

Improve the identity and appeal of the Totem Lake UrbanCenter

Improve the transportation network in the Totem Lake Urban Center
for users of all modes of transportation

Totem Lake Business District & Urban Center

Plan adopted in December 2015

Planned to accommodate much of City's growth

Improve district identity through urban design

Transportation network that supports vision is crucial to success

As of today, 50% of project 2015-2035 growth is under development or in permitting pipeline

Key Task

Enhancement, urban design and amenities plan

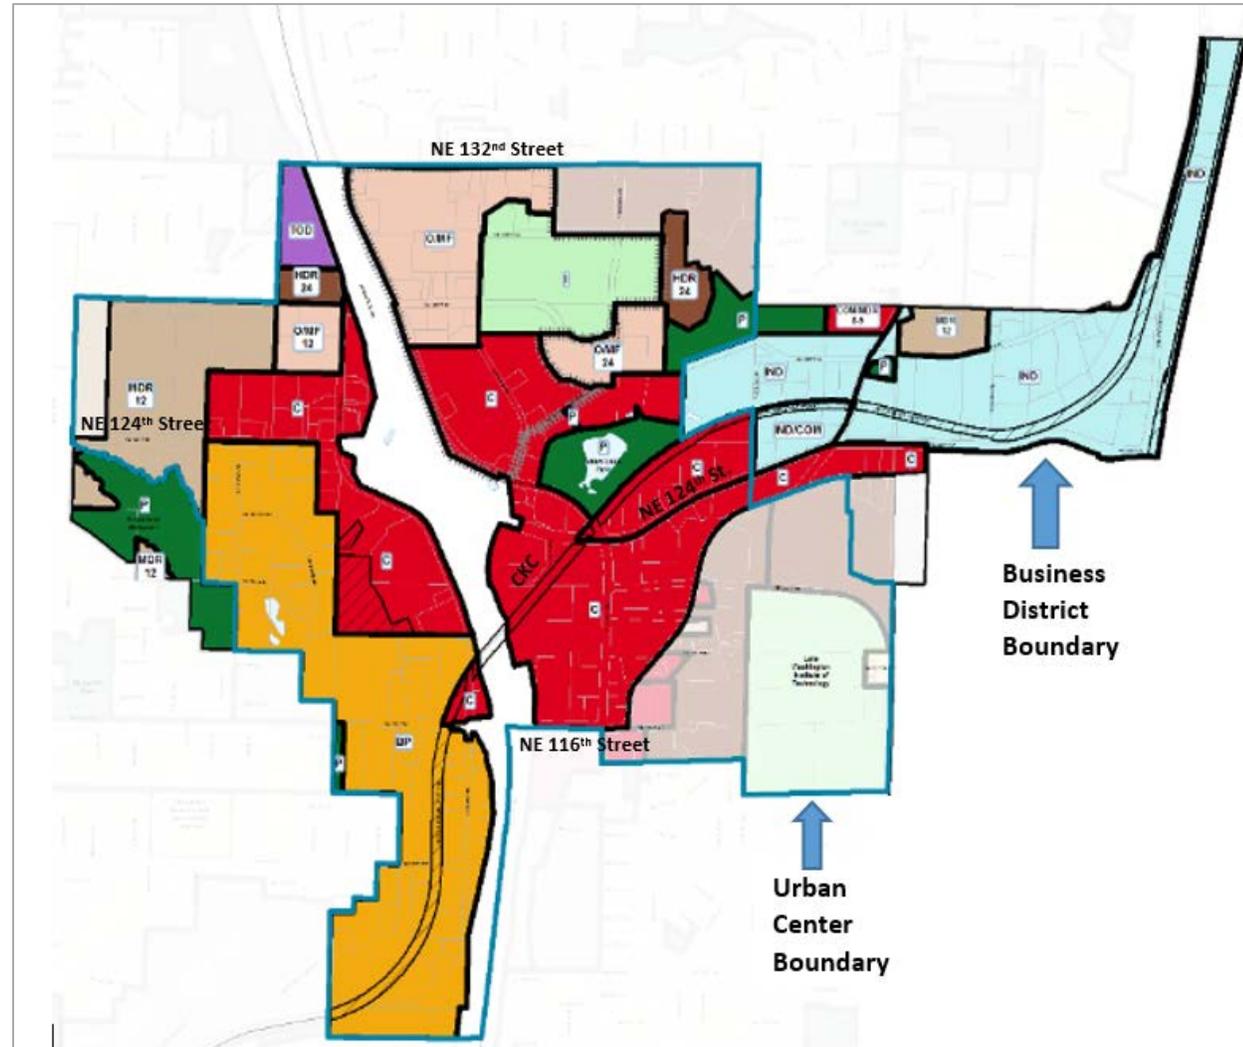

Refined transportation network plan based on a review of existing transportation plans

Street typology, defining the purpose of each street and connection in the Totem Lake network

Project prioritization and implementation plan

Public outreach plan and community/stakeholder engagement

Study Area

Questions and Discussion
