

**February 20, 2018 Council Study Session
 Draft 2018-2019 Transportation Commission Work Plan
 City Council Comment Summary and Review**

February 27, 2018

Results below summarize the comments received from City Council at the February 20, 2018 City Council Study Session. Based on direction provided at a follow-up meeting with the Transportation Commission Chair and Vice-chair, staff has done an initial review of the comments to determine how they may be covered in the Draft 2018-2019 Work Plan, the current priority of the existing item, and then the type of item.

			Staff Review of Councilmember Comments			
#	Council Member	Councilmember Comment	Covered Under Existing Work Plan Item	Current Priority	Item Type*	Notes
1	Arnold	Transportation concurrency- Review and report on how it is working. Are there improvements to be made?	Yes, Transportation Concurrency	1	Policy	
2	Asher	Land use and transportation- How do we link the two?	Yes, Transportation Concurrency	1	Policy	
3	Asher	Transit study- What is our mode split goal? How do we evaluate and analyze? What type of transit service do we need to meet this goal?	Yes, City of Kirkland Transit Study	1	Policy	
4	Nixon	Transportation Commission should review the update to the CIP.	Yes, CIP Process & Projects	1	Project	
5	Pascal	Look into how to improve SR 520 Trail to CKC Connection, and CKC Connection north to Woodinville. Asher noted that there will be a connection at Northup and ERC, but it won't be all ages and abilities because Northup has bike lanes, not separated facility.	Yes, Linkages to the SR 520 Trail	3	Project	
6	Neir	Greenways, send the route of greenways that are under design.	Yes, Greenways	1	Project	
7	Neir	Greenhouse gases, coordinate with Planning and Planning Commission.	Yes, Greenhouse Gas Reduction Monitoring	1	Policy	

8	Neir	Involvement in Neighborhood Plans- North/South Rose Hill and Bridle Trails.	Yes, Neighborhood Plans & Development	3	Policy	
9	Neir	Autonomous, connected, electric and shared vehicles (ACES)	Yes, Transit Plan and ITS Plan	1 and 3	Policy	
10	Nixon	132nd and I-405 Interchange. Concern about how this will operate and effectiveness of roundabouts, and connectivity for all ages and abilities.	Kind of, CIP Process & Projects	1	Project	
11	Pascal	Maintenance policies- look at service levels.	Yes, Ongoing Maintenance	4	Policy	
12	Nixon	Look at Neighborhood Streetlight Program.	Yes, Neighborhood Plans & Development	3	Project	
13	Pascal	Finn Hill Street Standards.	Yes, Neighborhood Plans & Development	3	Project	
14	Pascal	Replacement for RRFBs.	No	--	Engineering Standards	
15	Pascal	Safe walk to school routes, school safety and TDM at schools.	Kind of, Active Transportation Plan	4	Policy	
16	Nixon	Criteria for accepting private streets public streets.	No	--	Engineering Standards	

* Items divided into Policy, Project and Engineering Standards.
