

**February 20, 2018 Council Study Session**  
**Draft 2018-2019 Transportation Commission Work Plan**  
**City Council Comment Summary and Commission Review/Response**

**March 28, 2018**

Results below summarize the comments received from City Council at the February 20, 2018 City Council Study Session. Based on direction provided at the February 28, 2018 Transportation Commission meeting as well as, multiple meetings with the Chair and Vice-chair, staff has developed a summary of the Commission’s recommended revisions to the Work Plan presented to City Council at their February 20, 2018 council Study Session. The table below summarizes Council comments and the Transportation Commission’s review and response.

#	Council Member	Councilmember Comment	Commission Review of Councilmember Comments			
			Covered Under Existing Work Plan Item	Current Priority	Item Type*	Comments
1	Arnold	Transportation concurrency- Review and report on how it is working. Are there improvements to be made?	Yes, Transportation Concurrency	1	Policy	Continue to monitor to determine if changes are necessary. (e.g. policy, development review process, CIP)
2	Asher	Land use and transportation- How do we link the two?	Yes, Transportation Concurrency; Transportation Planning for Major Development Projects; and Neighborhood Plans and Development	1	Policy	Will continue to evaluate at all policy and project levels from TMP down to specific neighborhood plans, CIP and specific projects.
3	Asher	Transit study- What is our mode split goal? How do we evaluate and analyze? What type of transit service do we need to meet this goal?	Yes, City of Kirkland Transit Study	1	Policy	Mode split impacts will be evaluated as part of transit plan.
4	Nixon	Transportation Commission should review the update to the CIP.	Yes, CIP Process & Projects	1	Project	Schedule for April 2018.
5	Pascal	Look into how to improve SR 520 Trail to CKC Connection, and CKC Connection north to Woodinville. Asher noted that there will be a connection at Northup and ERC, but it	Yes, Linkages to the SR 520 Trail	3	Project	Will look into this as part of Active Transportation Plan in 2019.

		won't be all ages and abilities because Northrup has bike lanes, not separated facility.				
6	Neir	Greenways, send the route of greenways that are under design.	Yes, Greenways	1	Project	Staff is working on arranging a tour of the proposed greenway projects.
7	Neir	Greenhouse gases, coordinate with Planning and Planning Commission.	Yes, Greenhouse Gas Reduction Monitoring	1	Policy	Discussed with planning.
8	Neir	Involvement in Neighborhood Plans- North/South Rose Hill and Bridle Trails.	Yes, Neighborhood Plans & Development	3	Policy	Specific Rose Hill/Bridle Trails NP work task added under We Influence These.
9	Neir	Autonomous, connected, electric and shared vehicles (ACES)	Yes, Transit Plan and ITS Plan	1 and 3	Policy	Specific ACES task added under Future.
10	Nixon	132nd and I-405 Interchange. Concern about how this will operate and effectiveness of roundabouts, and connectivity for all ages and abilities.	CIP Process & Projects	1	Project	Split CIP Process & Projects into two items, one focused on process review and the other on large projects, such as 132 <sup>nd</sup> Interchange
11	Pascal	Maintenance policies- look at service levels.	Yes, Ongoing Maintenance	4	Policy	Will address as specific policy issues are identified.
12	Nixon	Look at Neighborhood Streetlight Program.	Yes, Neighborhood Safety Program	3	Project	Will review as part of NSP. Moved Neighborhood Safety Program under We Respond & Advise on These
13	Pascal	Finn Hill Street Standards.	Yes, Neighborhood Plans & Development	3	Project	Specific Finn Hill Transportation Study task added under We Own These.
14	Pascal	Replacement for RRFBs.	No	--	Standards	Address as part of NSP.

15	Pascal	Safe walk to school routes, school safety and TDM at schools.	Kind of, Active Transportation Plan	3	Policy	Specific School District Transportation Management task added under We Influence These.
16	Nixon	Criteria for accepting private streets public streets.	Yes, City Ordinances and Policies	--	Standards	Address through Pre-approved plans. Revise task title to City Ordinances, Policies and Plans
17	Arnold	Recommendation on Sound Transit Implementation	Yes, Sound Transit Implementation		Project	Transportation will review and provide recommendation.
18	Nixon, Sweet & Others	Look closely at prioritization and take more advantage of priority #2, there currently are none.	NA	--	NA	Reprioritized tasks that are regular review type tasks from #1 to #2. Lowered priority for tasks under Future.

\* Items divided into Policy, Project and Engineering Standards.
