

## North Eastside Mobility Project

Help us plan transit service in the north Eastside

### Review and comment proposed changes

Metro is working with north Eastside communities to understand mobility needs and create a proposal to improve transportation options.

Our long-range plan, Metro Connects, imagines more service, more choices, and one integrated transportation system that's easy to use by 2040.

[www.kcmetrovision.org](http://www.kcmetrovision.org)

We're working together to propose an update to the north Eastside service network in that would include both fixed-route bus and new flexible choices.

- ▶ The King County Council will consider the proposal in early 2019
- ▶ Any adopted changes will occur later in 2019

### How to stay involved

Visit our website: [kingcounty.gov/metro/north-eastside](http://kingcounty.gov/metro/north-eastside)

- ▶ Sign up for project updates, come to a community meeting to provide feedback on the proposal for revising service, or visit the online open house mid-October through mid-November
- ▶ Let us know if you have questions or would like talk about the project
