

# Transportation Master Plan Report Card 2018

Monitoring progress toward transportation goals for 2015-2035 (TMP p.101)

## DRIVE TRANSIT WALK BIKE

### DRIVE

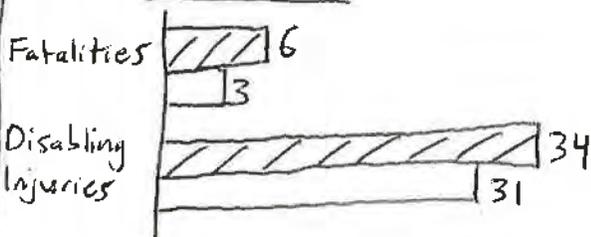

#### Pavement

	Pavement Condition Index (Max: 100, Goal: 70)	Miles paved since 2012 levy
Arterials	75	43, or 48% of 20-yr goal
Collectors & Neighborhood Streets	76	90, or 33% of 20-yr goal

#### Crashes

▨ = 2012-2014 □ = 2015-2017

#### Numbers

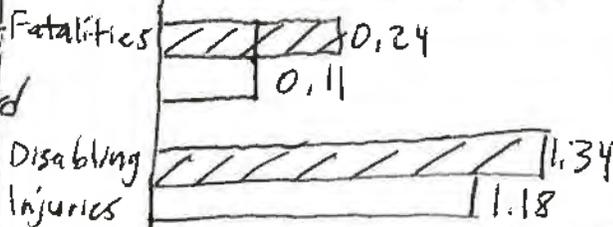

#### Intelligent Transportation System (ITS)

37 of 56 = 66% of signalized intersections fully updated to City's standard

ITS Strategic Plan update to be completed 2019

#### Rates, per 10,000 pop.

### Key Transportation Projects

Completed: Juanita Drive Quick Wins, 120th Ave Water Improvements

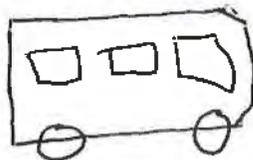

Underway: Totem Lake Connector Pedestrian/Bicycle Bridge, 100th Ave NE Improvements, 6th St. Traffic Signals, 124th Ave NE Improvements, I-405 Bus Rapid Transit

### TRANSIT

1 1

#### Speed and Reliability

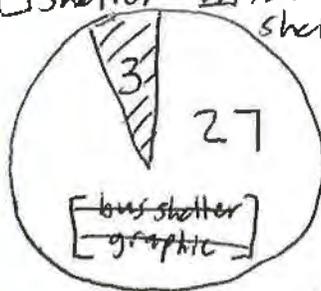

projects slated for completion between 2020 and 2035 contained in Transit Implementation Plan draft, to be finalized in 2019

#### Passenger Environment

Shelters at 30 Highest Ridership Bus Stops

□ shelter ▨ No shelter

bus shelter graphic

Next stops receiving shelters (expected 2019):

- 6th St. & Kirkland Way, southbound
- NE 132nd & 100th Ave NE, eastbound

## School Walk Routes (SWR)

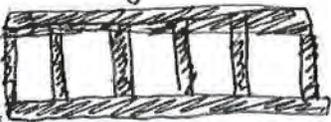

96% of SWRs network has sidewalk\*  
 9 of 12 elementary SWRs are 100%\*  
 ▶ Muir 94%, Sandburg 90%, Twain 86%

WALK **Draft**

\*refers to arterials and collector streets, with sidewalk on at least one side of the street.

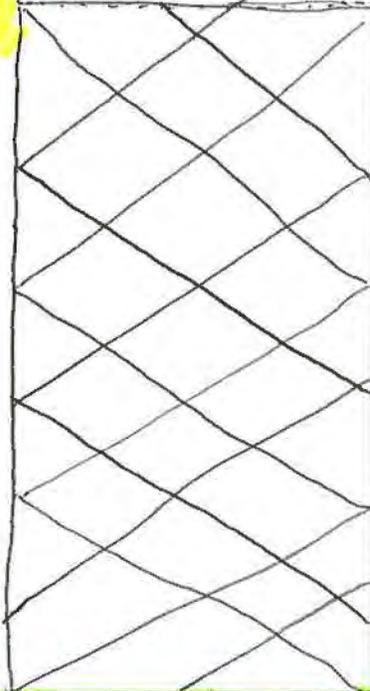

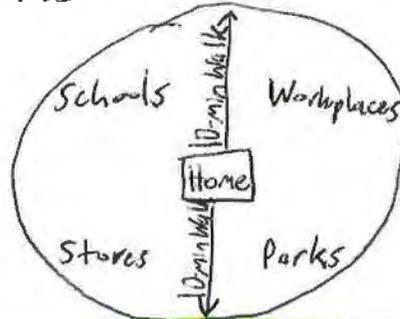

## Crosswalks

Among list of 71 light deficient crosswalks, 10% have had lighting improvements

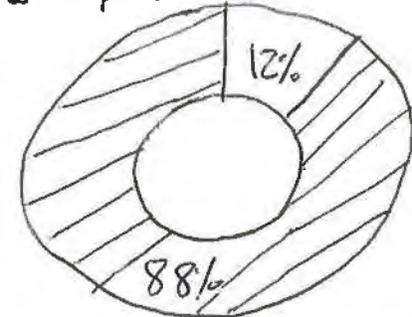

## Ten Minute Neighborhoods

99.7% of highest scoring Ten Minute Neighborhood Walk Routes has sidewalk\*

## Greenways Network

□ Complete    ▣ Planned

▶ Neighborhood Greenways Guide for Implementation completed

## Bike Lanes Network

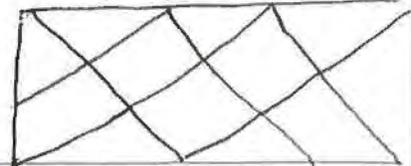

68% →  
 of 2009 ATP network is complete

## BIKE

▶ Active Transportation Plan (ATP) update to be completed 2019
