

ANNUAL UPDATE AND ACCOMPLISHMENT REPORT For agencies under 100,000

City of Kirkland

May 9, 2017

(Report Submission Date)

Jan. 1, 2016 – Dec. 31, 2016

(Reporting Period)

Reference: WSDOT's Local Agency Guidelines Manual, Chapter 28

1. Report any changes in the organizational structure since the last reporting period.
(Example: New Title VI Coordinator, new planning or public works directors, etc).
 - Report should identify the changes in the racial/gender composition of those persons involved in the transportation decision making, including planning and advisory staff.
 - If no changes have been made, please indicate that accordingly.

No changes in 2016.

Tracey Dunlap, Deputy City Manager
Marilynne Beard, Deputy City Manager
Kathy Brown, Public Works Director
Erin Devoto, Deputy Public Works Director

2. Using the most current data available (through Census or Washington State Office of Financial Management), describe the demographics within your jurisdiction.

According to the Washington State Office of Financial Management (WSOFM), the 2015 population of Kirkland was 84,680 (published April 1, 2016).

The most recent published Census information (2008-2012) for the City of Kirkland shows that 6.3% of the total population is below poverty. 10.9% of the population is over 65 years old. The following minority facts are listed on the Census page.

White alone, percent, April 1, 2010	79.3%
Black or African American alone, percent, April 1, 2010	1.8%
American Indian and Alaska Native alone, percent, April 1, 2010	0.4%
Asian alone, percent, April 1, 2010	11.3%
Native Hawaiian and Other Pacific Islander alone, percent, April 1, 2010	0.3%
Two or More Races, percent, April 1, 2010	4.5%
Hispanic or Latino, percent, April 1, 2010	6.3%
White alone, not Hispanic or Latino, percent, April 1, 2010	75.9%

The most recent Business QuickFacts (2012) shows the following breakdown of minority owned firms.

Total firms	7,290
Men-owned firms, 2012	3,653
Women-owned firms, 2012	2,456

Minority-owned firms, 2012	1,189
Nonminority-owned firms, 2012	5,574
Veteran-owned firms, 2012	569
Nonveteran-owned firms, 2012	6,246

See the Lake Washington School District Elementary School enrollment breakdown in Attachment A.

The US Census Bureau, American Community Survey, 2010-2014 shown on [King County Language Tiers Map](#) lists the following breakdown of non-English speaking residents in Kirkland Neighborhoods. Below is a general illustration of this data (which does not follow neighborhood boundaries exactly).

	Languages Spoken						
Neighborhood	American Community Survey (<i>small sample, margins of error are high</i>)						
	Speak English not very well	African Languages	Chinese	Korean	Russian	Spanish	Vietnamese
Central Houghton	<1%	<1%	1-2.4%	1-2.4%	<1%	2.5-4.9%	1-2.4%
Everest	2.5-4.9%	<1%	1-2.4%	<1%	1-2.4%	2.5-4.9%	<1%
Highlands	2.5-4.9%	<1%	1-2.4%	<1%	1-2.4%	2.5-4.9%	<1%
Lakeview	5-7.4%	<1%	2.5-4.9%	1-2.4%	1-2.4%	2.5-4.9%	<1%
Market	<1%	<1%	1-2.4%	<1%	2.5-4.9%	1-2.4%	<1%
Moss Bay	2.5-4.9%	<1%	1-2.4%	<1%	1-2.4%	2.5-4.9%	<1%
Norkirk	2.5-4.9%	<1%	1-2.4%	<1%	2.5-4.9%	1-2.4%	<1%
North Rose Hill	5-7.4%	<1%	2.5-7.4%	<1%	<1%	2.5-4.9%	<1-2.4%
South Rose Hill	5-7.4%	<1%	<1-7.4%	<1%	1-2.4%	1-2.4%	<1%
Bridle Trails	5-7.4%	<1%	<1%	<1%	2.5-4.9%	2.5-4.9%	1-2.4%
Totem Lake	5-10+%	<1%	2.5-4.9%	<1%	1-2.4%	2.5-4.9%	<1%
South Juanita	5-10+%	<1%	2.5-7.4%	<1-2.4%	1-2.4%	5-9.9%	1-4.9%
North Juanita	5-9.9%	<1%	<1%	<1%	<1-2.5%	7.5%-9.9%	<1%
Kingsgate	5-10+%	<1%	2.5-7.4%	<1%	1-2.4%	2.5-10+%%	<1%
Finn Hill	<1-4.9%	<1%	<1-4.9%	<1-7.4%	<1-7.4%	1-7.4%	<1-2.4%

- a. Describe any required Title VI activities and/or studies conducted that provided data relative to minority persons, neighborhoods, income levels, physical environment, and travel habits.

The City of Kirkland finalized the [2015 Community Profile in October 2015](#). It describes Kirkland through statistics and trends in demographics, housing, economy, and land use. This document, while not required, contributes to Title VI outreach activities. Kirkland's solid waste division implemented the Title VI language in its Multifamily Reuse, Recycle, Conserve newsletter. These efforts build on an existing initiative to incorporate Title VI language into all capital project notices.

In 2014, the City established an ADA team consisting of representatives from most City departments. The ADA team utilized federally approved compliance checklists to evaluate the City's ADA status and provided questions for a preliminary assessment of policy, procedure and status for each of the areas covered under Title II. Each department conducted a self-evaluation and established a status for each area of compliance and a draft assessment

report was created and then updated in 2016. In November 2016, the City hired consultants review the pre-assessment report to establish what additional work is needed to complete the self-evaluation process, as well as to provide guidance on next steps to turn the Pre-Assessment Report into a Transition Plan.

The consultant's recommendation was that the City evolve the Pre-Assessment Report into an "action plan" that describes each subject area of compliance (i.e. Public Right-of-Way) in greater detail and address areas of further assessment. Once assessments are completed they can be moved into a Transition Plan which would identify areas of deficiency and include specifics on the responsible department, timeline, internal and external resources, budget needed, and potential funding sources.

- b. How the information utilized or Title VI provisions and needs was applied in each study or activity?

Kirkland's Title VI coordinator will continue to work with City employees to incorporate the trends into community outreach planning. For example, the Title VI language (Alternative Formats and Title VI nondiscrimination policy statement) outlined under section 3, is used in planning notices and announcements. Also, the Office of Emergency Management has been involved in mitigation efforts with the Alliance of People with Disabilities office. Preparedness classes for its members (people with cognitive disabilities and mental health issues), and participated in community-based organizations training with the Vulnerable Populations Action Team through KC Seattle Public Health.

3. List any Public outreach activities during the reporting period such as, public announcements and/or communications for meetings, hearings, project notices. Include the following:

The following list of outreach activities are being used in City publications and social media (regardless of the source of funding).

Title VI Website: Kirkland has a dedicated Title VI website as part of the main navigation for Kirkland's site, with a link at the bottom of all pages. The website states Kirkland's non-discrimination policy, outlines Title VI of the Civil Rights Act of 1964, provides complaint instructions, forms and procedures, and links to our annual performance report.

Title VI Email: The City has a Title VI email address to receive inquiries and complaints and is included on the website as well as in publications. Two staff members receive the emails to insure they are addressed as swiftly as possible.

Title VI Policy Statement: The following policy statements are now being used in 14-point font in most City documents and publications including these examples: all capital project informational material, City's budget documents, materials for the Forterra's US Forest Service grant, the Steward Field Guide, Green Kirkland Partnership brochures, board/commission meeting agendas, Athletic Field Use Policy & Facility Rental Guide, and Recreational Brochures mailed to all homes and businesses.

Alternative Formats: Persons with disabilities may request materials in alternative formats. Persons with hearing impairments may access the Washington State Telecommunications Relay Service at 711.

Title VI: It is the City of Kirkland's policy to ensure full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from programs and activities. Any person who believes his/her Title VI protection has been violated, may file a complaint with the City of Kirkland. For questions regarding Kirkland's

Title VI Program, or to file a complaint with the City of Kirkland contact the City's Title VI Coordinator at 425-587-3011 or TitleVICoordinator@kirklandwa.gov.

Meeting Notices: The following statement is included in City Council meeting notices. All meetings are ADA accessible.

PLEASE CALL 48 HOURS IN ADVANCE (425-587-3190) if you require this content in an alternate format or if you need a sign language interpreter in attendance at this meeting.

City of Kirkland Newsletter (City Update): In 2016, the City of Kirkland published four editions of *City Update*. *City Update* is the official newsletter for the City of Kirkland and is primarily an online publication. The website that the newsletters are published to is set up to notify subscribers when the page is updated with a new edition. The *City Update* webpage currently has 3,500 subscribers. Also, limited copies (approximately 500) are made available at city-owned public buildings (City Hall, community centers) and public libraries (Kirkland and Kingsgate Libraries).

1st Quarter March 2015

Special Edition, City Update June 2015, Kirkland 2035

2nd Quarter, June 2015

3rd Quarter September 2015

4th Quarter December 2015

City Website: How to Use 711 is a new web page on the City's website to help residents with disabilities access our relay service. Links to the telecommunications guide, national association of the deaf, Washington school for the deaf, and Washington State Emergency Resources are also posted on this site.

Staff Education: The City of Kirkland has made significant progress in its internal education efforts to City staff in all departments about Title VI responsibilities and opportunities. Title VI Compliance is a standing agenda item on the internal Grants Service Team quarterly agenda. The Communications Corner, an internal website, contains information about Title VI and compliance resources.

Source Control Business Inspection Program: Inspectors distribute the King County Hazardous Waste information sheet which is translated in Spanish. The Spill Kit Program (which serves as a follow-up to the audit/inspection) includes a translated spill and clean-up instruction kit in 6 different languages (English, Spanish, Korean, Vietnamese, Simplified Chinese, Somali).

Private Storm Drain Marker Program: Kirkland works with property owners to place markers/buttons on private storm drains, educating the public on where the storm drain goes (Puget Sound). These markers contain the Spanish translation *!no contamine!*.

Recreation Brochure: Twice a year the Recreation Division of Parks and Community Services Department mails out a Recreation Brochure to over 40,000 homes. This brochure is also posted online at www.KirklandParks.net and includes the Title VI policy and alternative format announcements.

City Budget Document: The language listed above is included in the City's budget document.

Plastic Bag Reduction Program: Cash register placards for the plastic bag reduction policy was translated into Spanish for businesses to post at the point of sale. It was provided to retail businesses affected by the policy (approximately 200).

Hazardous Household How-To's: The Title VI policy and alternative format announcements listed above were included in two multi-family newsletters that went to all multi-family units in the City (approximately 15,000) in spring and fall.

The outreach activities listed below are being used in all Public Works Capital Improvement Projects (regardless of the source of funding).

Project Notices: All projects have a project notice that is mailed or hand delivered to residents and businesses within the area. The notices include the Alternative Formats language and our Title VI nondiscrimination policy statement. The project notices also get sent to the school district bus service to make sure coordination with school bus routes and children with special needs. Notices are also sent to King County Metro for coordination with their services.

Neighborhood Meetings: At various stages in design and construction, presentations are made at neighborhood meetings and to the Kirkland Alliance of Neighborhoods (KAN), a coalition of the City's twelve neighborhood associations. Meetings are physically accessible and posted on our website.

Personal Contact: Project fact sheets are hand delivered to immediate property owners prior to construction. At this time, businesses and/or residents with special language needs are identified. The City uses this as an opportunity to inventory the language needs during this process and, if necessary, would follow up with a volunteer translator to help with communication about the project.

Reader Boards: Electronic reader boards are used on arterials when construction is significant enough to warrant broad and continuous messaging.

Language Line: The City of Kirkland contracts with Language Line Personal Interpreter Service when translation services are needed. Language Line instructions are distributed to "front line" employees. Language line costs were \$169.85 for 2016. The language line was used five times in 2016:

- Spanish – 15 minutes
- Chinese (Mandarin) -4 min
- Cantonese – 16 min
- Chinese – 6 min
- Spanish – 16 min

Door Hangers: A "door hanger" is placed on the door of homes along streets scheduled for an overlay or slurry seal prior to construction. The "door hanger" explains when the street is scheduled for construction, what the impacts will be for residents along the street, and whom to contact or where to get more information. All door hangers include the translated statement listed in 3.b. below.

- a. How were special language needs assessed? List the special language needs assessments conducted.

Kirkland is using King County's language translation resources, which are based on five sources of Limited English Proficiency data. The County's language translation resources include GIS "language maps" that identify Limited-English Proficient populations throughout King County and six dominant languages spoken. The maps allow the City of Kirkland to identify specific LEP populations in specific neighborhoods, allowing staff to target communication outreach materials appropriately translated for those LEP populations. In addition, Kirkland uses the Lake Washington School District Enrollment profiles for neighborhood schools to help supplement this information. Language needs assessment techniques and processes will continue to be developed to ensure that public communication materials and vital documents can be understood by target audiences, including people with limited English proficiency.

- b. What outreach efforts did you utilize to ensure that minority, women, low-income, and LEP population groups were provided equal opportunity to participate in those outreach activities. (Examples: provided materials in other languages, met with local social services agencies, advertised in a minority publication).

Spanish speaking residents represent the largest LEP population in Kirkland. The Public Works Department uses a "door hanger" for notifying residents of upcoming street maintenance (overlay and slurry seal) impacts and schedule which includes the following statement: *Materiales disponibles en Espanol si solicitados (425) 587-3828*. Spanish speaking residents are asked to call this number for translation services. The staff person who answers this phone speaks Spanish fluently. The goal is to include this statement in all project notifications in areas with documented levels of Spanish speaking residents. Kirkland is considering a similar statement in Chinese to be used in areas with higher concentrations of Chinese speaking residents or businesses. There is staff who can receive these calls.

- c. List the special language services provided – note the professional language service provided including the name of the service, date provided, number of persons served, and any other relevant information.

The City of Kirkland offers a language line.

The following statement offering translation at no cost is included in all project notices and outreach material. Kirkland is looking into including a similar statement in Chinese.

**Señale su idioma y llamaremos a un intérprete. El servicio es gratuito.*

- d. List any costs incurred for translations and interpreters for each activity.

Language line costs were \$169.85 for 2016.

4. List all the transportation related contracts (Federal and others) that were executed during the reporting period. (Please include construction, consultant agreements for planning, design, engineering, environmental, research, maintenance, etc.)

See Attachment B.

- Include dollar value of each
See Attachment B.

- Other than advertising in your local legal publication, what outreach was made to DMWBE firms that a contracting opportunity existed within your agency?

Bidding and Request for Proposal opportunities are posted on the "Doing Business with the City" webpage on the City's website. Kirkland's Title VI nondiscrimination policy statement is in all non-public works RFPs, RFQs and IFBs.

The City of Kirkland requires that no person shall, on the grounds of race, religion, color, national origin, sex, age, marital status, political affiliation, sexual orientation, or the presence of any sensory, mental, or physical disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity. The City of Kirkland further assures that every effort will be made to ensure non-discrimination in all of its programs and activities, whether those programs are federally funded or not.

In 2014, Kirkland began using a Job Order Contracting (JOC) program. As part of a JOC program, RCW 39.10.450(3) requires that:

“A public body may issue no work orders under a job order contract until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.”

The Job Order Contractor for projects in the Neighborhood Safety Program (Saybr Contractors, Inc.) is a registered OMWBE contractor.

- Identify the DMWBE contracts that were awarded and their dollar amount.

Kirkland is establishing a new financial system to track these contracts. Kirkland specifically sought systems that would improve the current functionality that we have in our Finance and Human Resource Departments. Part of the new software will be contract management with the option to not only identify firms registered with the OMBWE but to also report annual spending with the identified vendors. This new tracking ability will give Kirkland a dynamic reporting platform to better manage and assess our contracts awarded to registered DMWBE. The complexity of the new software and lengthy implementation dictates that the system will be ready for the 2019 report.

Available to Kirkland staff in many City owned properties is convenience vending machines. The contracted vendor is required to pay into the business enterprises revolving account. Funds paid into this account support the federal Randolph-Sheppard Act, which supports blind persons operating vending businesses in public buildings.

The City employs a law firm to represent Kirkland as City Prosecutor. The chosen firm is the Law Office of Lynn Moberly and Sarah Roberts, a women owned business. Their firm is currently going through the process of registering with the State of Washington to be registered with the OMWBE. Kirkland recently conducted a competitive process as the contract for prosecution services will expire June 30, 2017 and Kirkland has selected Moberly and Roberts to once again serve as City Prosecutor through June of 2019.

Kirkland recently conducted a competitive process as the contract for prosecution services will expire June 30, 2017 and Kirkland has selected Moberly and Roberts to once again serve as City Prosecutor through June of 2019.

- Is there a Title VI Non-Discrimination statement included in all contracts and public notices?

Yes.

- How did your organization ensure that minority, women, and disadvantaged firms were provided equal opportunity to participate in the contracting arena?

Kirkland includes the following Title VI nondiscrimination language in Federal and non-Federal public RFP/RFQ solicitations:

The City requires that no person shall, on the grounds of race, religion, color, national origin, sex, age, marital status, political affiliation, sexual orientation, or the presence of any sensory, mental, or physical disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity. The City of Kirkland further assures that every effort will be made to ensure non-discrimination in all of its programs and activities, whether those programs are federally funded or not.

The City of Kirkland, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000-4 and Title 49, Code of Federal Regulations, Department of Transportation, subtitle A, Office of Secretary, Part 21, nondiscrimination in federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, or sex in consideration for an award.

Also, minority, women and disadvantaged businesses can register as such when they sign up to be included on the Shared Procurement Portal rosters. It is the City's policy to notify all contractors on the Small Works Roster when soliciting bids for projects estimated to be more than \$35,000. When soliciting 3 or more Small Works Roster quotes for projects less than \$35,000, Kirkland takes steps to include those contractors who have self-identified as DMWBE firms.

5. Summarize any transportation projects that identify potential impacts to minority and/or low-income Environmental Justice (EJ) populations (i.e., impacts such as displacements, increased noise, bisecting neighborhoods, et al). Note the following:

No one was displaced with any of the projects during this reporting period.

- How impacts were minimized/mitigated.

The City of Kirkland has a policy that aims to minimize construction impacts on pedestrians and bicyclists by limiting the closure of sidewalks, bike lanes, and parking lanes during the development project for the shortest time possible. Per the policy, developers may request a closure of up to eight weeks to construct new street improvements – sidewalks, bike lanes, and parking lanes. The developer, however, cannot close the street or sidewalk or detour traffic for convenience-related tasks, such as construction staging or material storage. The

policy applies to development that is located on collector or arterial type streets, along any City-adopted School Walk Route or on any other street with a high-use of pedestrians as determined by the Public Works Department. Pedestrian detours should be maintained on the same side of the street whenever possible and any closures longer than two weeks require approval by the City.

In 2016, the City of Kirkland approved an ordinance that would improve bicycle safety by prohibiting car parking in bike lanes.

- Also include a statement, if applicable, on projects that specifically benefit community cohesion such as: adding sidewalks, improving access to properties that improve access for EJ populations.

During the 2016 overlay project, the City of Kirkland repaved sections of 9.94 arterials throughout the City and improved access to 42 curb ramps (new ADA ramps installed).

6. If Right of Way has been acquired for a transportation project, please describe:

The City is acquiring property to improve two intersections on 6th Street. The property is needed to provide adequate signal, street and sidewalk facilities. One is a resident and another is a business. Neither are being displaced.

- Identify the number of minority, low-income, elderly and disabled persons affected.

No low-income, elderly or disabled persons were affected.

- The efforts that were made to address Limited English Proficiency issues (including use and cost of translators, outreach efforts for each reported activity).

No limited English Proficiency issues were identified.

- Describe any concerns raised by minorities and women regarding appraisals, negotiations, relocation assistance, and payments. What actions were taken to resolve those issues?

No concerns or complaints were raised by minorities or women regarding acquisitions.

7. List and describe any Title VI related complaints, as a result of transportation activities and projects. Include:

N/A. No complaints were filed.

- What was the allegation or concern?
- Procedures used
- Action taken
- Resolution
