Background Information

The City of Kirkland (the "City") is located on the eastern shore of Lake Washington. It is a suburban city, surrounded by other suburban cities and pockets of unincorporated King County. The City is near several major transportation routes including Interstate 405, State Route 520, and Interstate 5. These routes connect the City economically and socially to the greater Seattle area.

At the time of incorporation in 1905, the City of Kirkland's population was approximately 530. The current estimated population is 87,240. Kirkland is the thirteenth largest city in the State of Washington and the sixth largest in King County.

Since its incorporation, Kirkland has grown in geographic size to eighteen square miles - approximately twenty times its original size. This growth occurred primarily through the consolidation of the cities of Houghton and Kirkland in 1968, the annexations of Rose Hill and Juanita in 1988 and the annexation of North Juanita, Finn Hill, and Kingsgate areas in 2011.

Purpose and Background

This REQUEST FOR PROPOSAL (RFP) represents a publicly advertised and competitively awarded solicitation by the City of Kirkland, Department of Parks and Community Services, for an electric boat rental operation to be located at Marina Park. The City is seeking and will select a concessionaire that best demonstrates the ability to provide innovative, affordable and reliable products and services to park patrons.

Marina Park is located in downtown Kirkland and is one of the City's landmark parks. The Park includes a boat launch, moorage facilities, and a restroom. The park is home to numerous special events each year. The goal of the boat rental operation is to allow more people to participate in the boating experience on Lake Washington. As such, the City seeks a concessionaire to operate an electric boat rental business on the Marina dock.

It is essential that the City retain the services of a Concessionaire with the appropriate background to operate the boat rental operation so that visitors will be provided equipment that is professionally managed and expertly maintained and receive the necessary instruction to use the equipment properly.

Performance Schedule

Concession Agreement award(s) will be for the remainder of 2019 season through the 2021 season, with an option by the City to extend the agreement with the concessionaire(s) on an annual basis for a total of five years (through December 2023). The Department reserves the right to approve or disapprove any proposed business activity. The City of Kirkland will not be liable for any expense or cost associated with the preparation and/or submittal of a Vendor's response to this RFP.

Concession rights may NOT be sold, transferred, sublet, or given to anyone else. Selected concessionaire must operate the concession.

Scope of Work

Occupy a portion of the Marina Park dock and operate an electric boat rental operation that attracts Kirkland residents and out of town visitors to the park and downtown area. The selected vendor will have dedicated use of approximately 200 linear feet of dock space (highlighted in yellow) at the Kirkland Marina. Six power pedestals will be installed for boat charging purposes. Concessionaire is expected to provide no less than six 100% electric boats for use by the general public. Boats limited to electric boats because of their ease of use, near silent operation, and have no gasoline/fuel refilling requirements. Electric boats must operate below the threshold of 15 horsepower which would require a Boater Operator's License. The anticipated annual operation time line is April 1st with continuous operation until October 31st each year. Seasonal use in the winter may be available at the request of the selected concessionaire but is not guaranteed as a part of this agreement. Desired duration of operations, including daily operating hours to be included in details of proposal.

No parking spaces will be made available for the employees of the rental operation. A point of sale/ticket booth is not provided by the City, but a possible location is shown on the image below. If a sales kiosk is desired, it will be at their sole expense, the responsibility of the selected concessionaire to provide, obtain all necessary permits and, after the approval of design and location by the City, install the kiosk at the approved location.

All applicants are encouraged to visit the site prior to submitting a proposal to ensure dock is suitable for proposed rental operation. Any suggested modifications or improvements to the dock shall be at the sole expense of the successful bidder and will require advance written approval from the City of Kirkland Parks and Community Services Director. Desired tenant improvements must be included with response as outlined in Submittal Requirements section below.

Note: A Concessions Agreement provides the selected vendor the right to operate during Special Events held Marina Park, although may require operations from an alternate location within the park.
