MEMORANDUM

Date: January 17, 2008

To: **Houghton Community Council**

From: Joan Lieberman-Brill, AICP, Senior Planner

Subject: Questions about the 2007-2008 Comprehensive Plan Amendments relating to the Capital Facilities and Transportation Elements and Capital Improvement Program (CIP)

At the December 19 public hearing on the 2007 – 2008 city initiated Comprehensive Plan Amendments, the Houghton Community Council raised questions relating to the 2008-2013 CIP. Ray Steiger, P.E., Capital Projects Manager in the Public Works department, answers these questions in the attached memorandum.

As you can see in Ray's memo, the Low Impact Development issues touched upon by the HCC are currently being dealt with by the City as a whole, and the Public Works department is trying to work through them in the CIP.
