PROJECT UPDATE

CARING FOR YOUR INFRASTRUCTURE TO KEEP KIRKLAND HEALTHY, SAFE AND VIBRANT

City to pave Market Street in summer

Overlay project follows Puget Sound Energy's upgrade to its power system along the corridor

WHAT: The City of Kirkland is planning in July to repave Market Street, between Central Way and 16th Avenue.

Market Street is one of three streets the City of Kirkland is paving this spring and summer.

A City contractor will begin the six-week process after Puget Sound Energy finishes upgrading its five-decade-old electrical system in Market Street's northbound bicycle lane.

Puget Sound Energy will continue its upgrades in the Market and Norkirk neighborhoods throughout 2020.

WHEN: Kirkland's project engineers expect the contractor's

crews to work from 9 a.m. to 3 p.m., Monday through Friday, starting in mid-July and ending by the end of August.

WHAT TO EXPECT: The contractor will cover any unfinished work at the end of each shift.

- The contractor will maintain access for emergency responders, mail delivery and local residents.

- Flaggers will direct traffic around work zones.

City releases three publications to keep community members informed

The City of Kirkland has released three publications aimed at keeping community members informed about the City's progress toward a more walkable, vibrant and green Kirkland.

The spring edition of *Project Digest* provides all of the basic details on 23 City of Kirkland projects that are either in construction now or that will be in the next year.

Totem Lake magazine—and its web-version—*Totem Lake Transformation* offer in-depth

perspectives on the region's two-decade effort to prepare Totem Lake for Kirkland's expanding population by transforming it into an urban village.
