General Project Information

Location: CKC

Nearest Cross Street(s): NE 53rd Street

Project Priority 1 (or only project) Priority 2

Project Type:

Bicycle Improvement

Rapid Flashing Beacon

Trail Improvement

Crosswalk Improvement

Sidewalk Improvement

Walkway Improvement

Intersection Improvement

Street Lighting

Radar Speed Sign

Traffic Calming

Describe the Project Scope:

Please include all aspects of the project (e.g., ADA ramps, street lights, thermoplastic, hand rails, asphalt vs. gravel).

Improve pathway already existing from end of Ne 53RD St. to the CKC. Currently it is a dirt path over a drainage ditch that is eroding and washing away. Either a permanent asphalt path or packed gravel path. Also, a means of safely crossing the drainage ditch is requested to improve the safety and accessibility to the CKC. This might be either a perforated deck or wood plank deck.

City Cost Estimate: \$_____

1. Neighborhood Benefit/Support (0–60 points)

Please explain how the project will address a recognized safety need (especially with school kids or other vulnerable populations) and result in a positive and lasting neighborhood benefit (e.g., creates an important neighborhood pedestrian or bicycle connection):

This project would provide safe access from the Cross Kirkland Corridor to NE 53rd Street. This is a well used access point to the CKC for the neighborhood. It also is an access point to Carillon Woods Park from the CKC. Further, it borders a wetlands and would help to correct and stabilize some drainage and erosion issues at this point. (Please see attached photos)

CH_1_Trail connection on the CKC at NE 53rd Street Improvements are needed as drainage and erosion have damaged some of the pathway that was installed already by the developers and the City. This project would enhance the safety and useability of this already popular path.

Were adjacent neighbors who will be impacted by the project contacted (e.g., street lights)? **Yes** No
 Is there support for the project within the neighborhood (e.g., businesses, schools, and PTAs)? **Yes** No

Note: Please attach letters, emails, or a petition of support for your project.

2. Community Benefit/Support (0–30 points)

Please explain how the project benefits people outside of the neighborhood (e.g., creates a community-wide connection): **It provides a safe access to Carillon Woods Park via NE 53rd Street for all users of the CKC.**

Is there broad community support for the project outside the neighborhood (e.g., businesses, schools, and PTAs, and community groups)? **Yes** No

Note: Please attach letters, emails, or a petition of support for your project.

CHNA meeting notes approving the selection and priority of this project for submittal to the Neighborhood Safety program can be found at <http://www.houghtonlives.com/home/archives/12-2017>

Please see attached email thread from the multiple neighbors that submitted this project.

3. Neighborhood/Community Project Partnership (0–10 points)

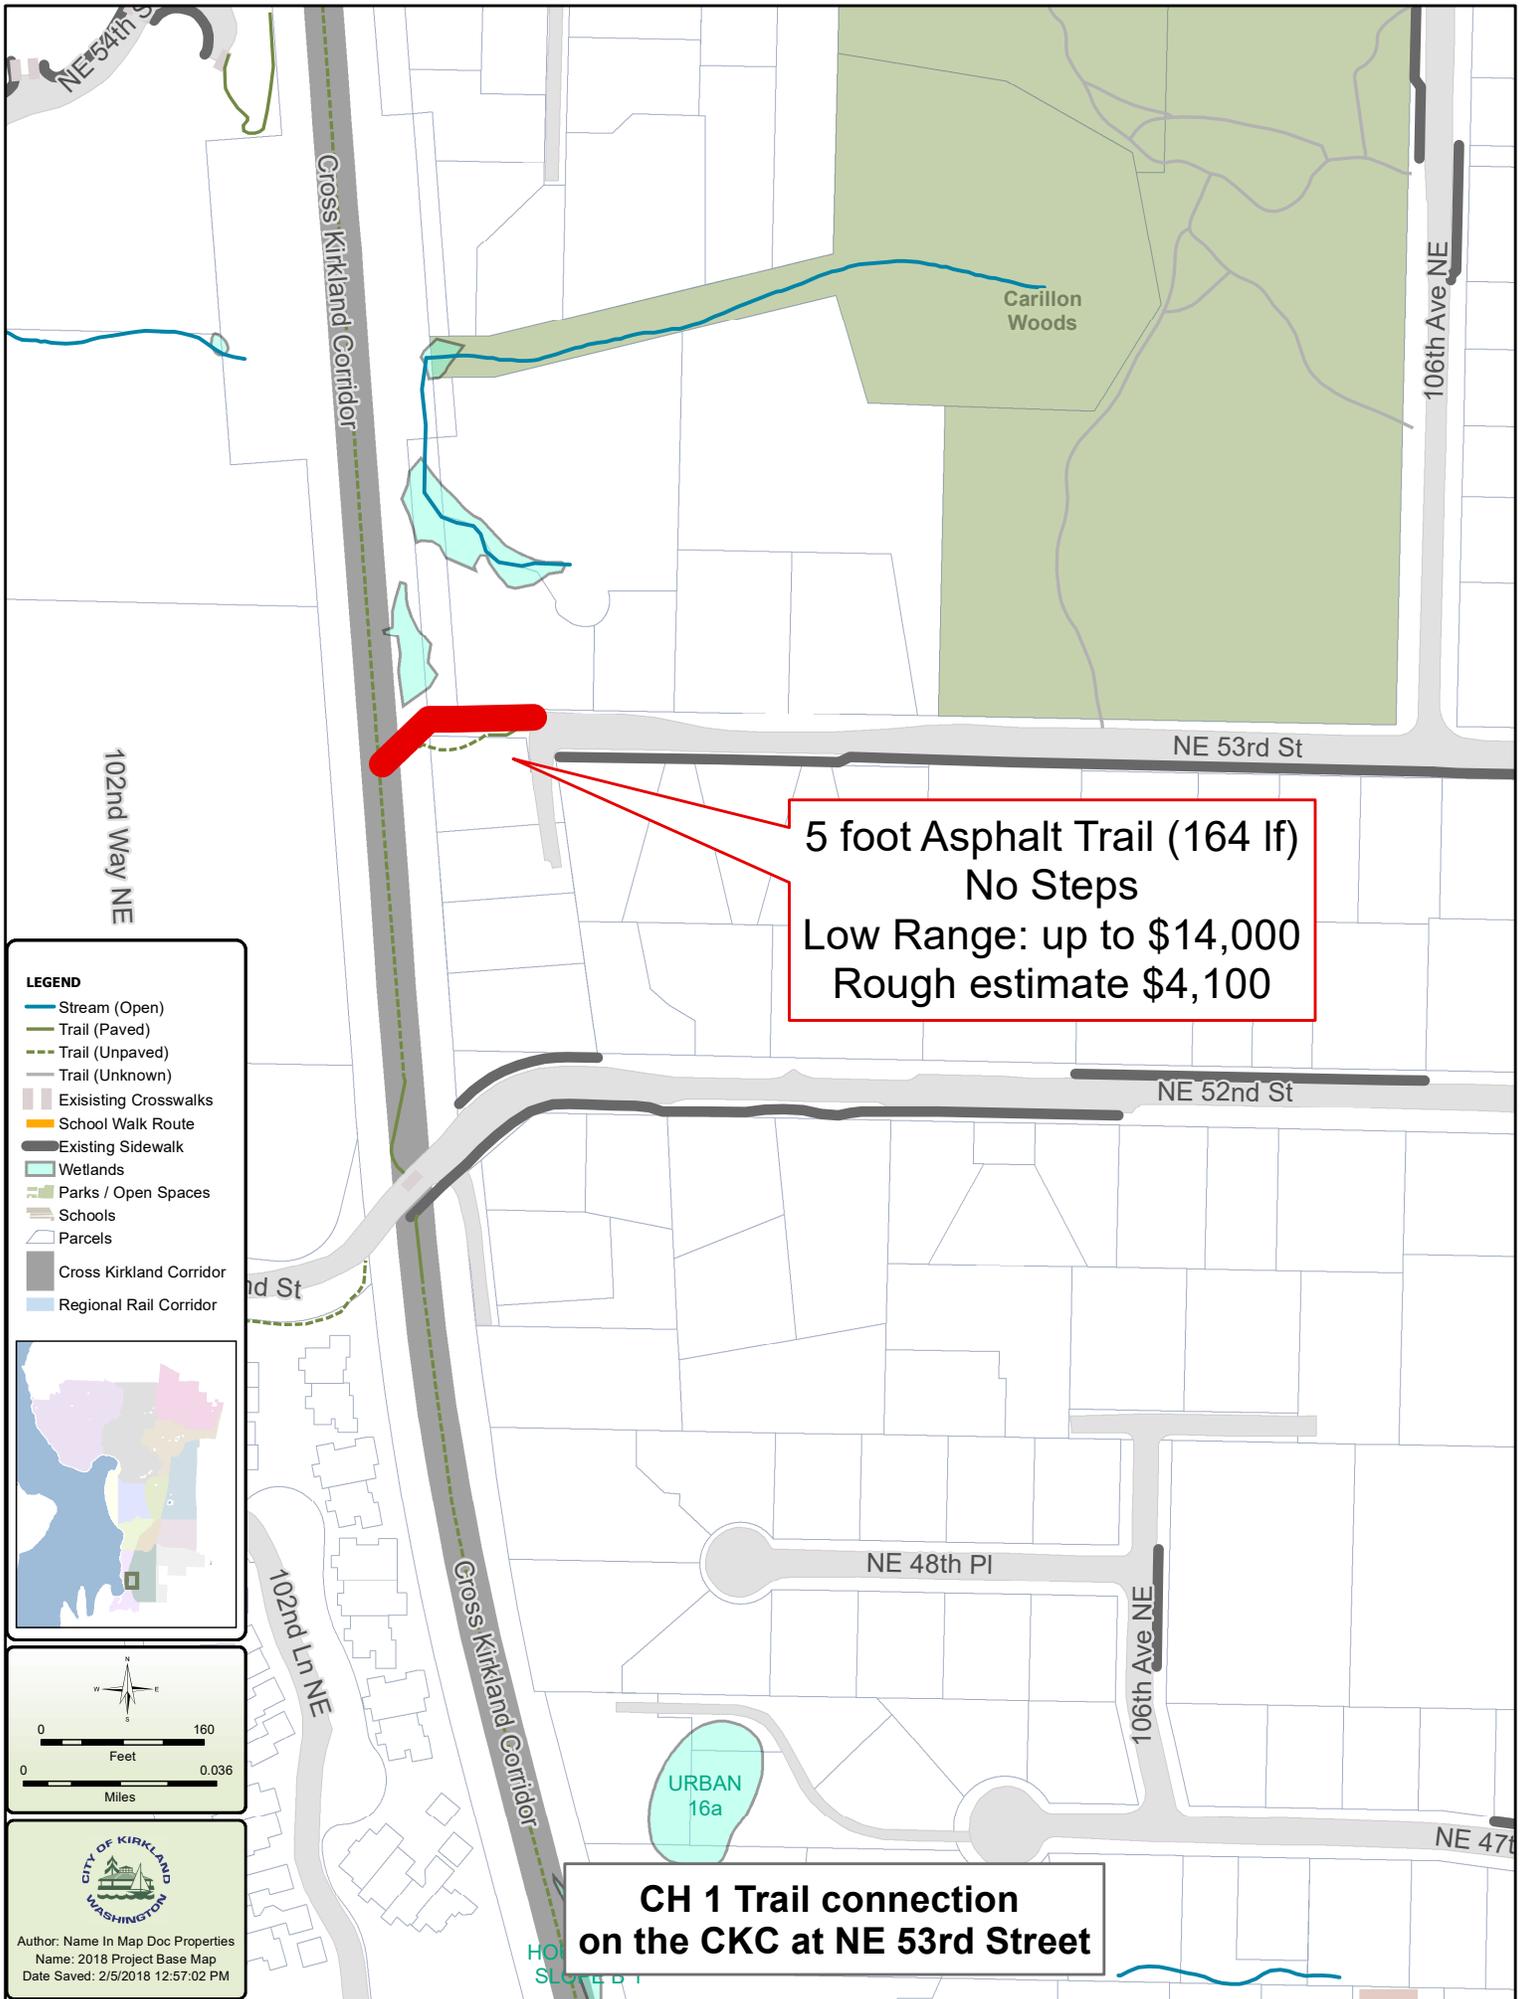

Will there be financial contributions and/or volunteer hours for this project (e.g., trail construction or maintenance)? If so, please provide details of the contributions. (**Note:** Volunteer value is \$23.56.)

Description	Financial Contribution (\$)	Volunteer Contribution (# of Hours * \$23.56)	Total
Clearing of brush and blackberry along trail		24 (3 people x 8 hours)	565.44
Total Neighborhood/Community Project Partnership		24	565.44
