Describe the Project Scope:

Please include all aspects of the project (e.g., ADA ramps, street lights, thermoplastic, hand rails, asphalt vs. gravel).

- New crosswalk on Lakeview Avenue, just north of 64th street intersection
- Connects existing railed public walkway/stairway going east up to 102nd Ave NE and NE 65th St intersection
- ADA Ramp, thermoplastic, removal of existing curb, replace of existing uneven grass/weed surface
- Evaluation of existing street light lumen strength
- Evaluation of re-position of existing north-bound Metro bus stop by several yards to align with ADA ramp to provide non-grass even surface to board Metro transportation

City Cost Estimate: \$__\$50,400

1. Neighborhood Benefit/Support (0–60 points)

Please explain how the project will address a recognized safety need (especially with school kids or other vulnerable populations) and result in a positive and lasting neighborhood benefit (e.g., creates an important neighborhood pedestrian or bicycle connection):

- School Walk Route: On existing school walk route; allows students residing in Sunset Shores Apartments and adjacent area to cross street safely
- School Metro Bus Route: Students board Metro #234 Bus for transport to Lake Washington School District non-bus served schools such as Choice Schools
- Extends Neighborhood Pedestrian Connection: Connects to existing public walkway/stairway which is underused due to lack of west direction option/currently deadends at Lakeview Avenue/pedestrians could continue to water front and access east bound Lakeview Avenue Metro routes.
- Vulnerable Population: Provides ADA ramp to address needs for 71 unit assisted living center currently not served (Lakeview of Kirkland at 6505 Lakeview)
- Safety of Metro Bus Boarding Surface: Provides stable surface to board Metro bus northbound (currently grass/weeds/curb) – used by high school students and assisted living center residents

Were adjacent neighbors who will be impacted by the project contacted (e.g., street lights)? Yes No

Is there support for the project within the neighborhood (e.g., businesses, schools, and PTAs)? Yes No

Note: Please attach letters, emails, or a petition of support for your project.

2. Community Benefit/Support (0–30 points)

Please explain how the project benefits people outside of the neighborhood (e.g., creates a community-wide connection):

- Provides a continuous path from the CKC to Lakeview Avenue by connecting CKC Terrace Park access
- Provides a continuous path from the public walkway/stairway from the 102nd St NE and NE 65th St intersection to the Lake Washington waterfront

Is there broad community support for the project outside the neighborhood (e.g., businesses, schools, and PTAs, and community groups)? Yes No

Note: Please attach letters, emails, or a petition of support for your project.

3. Neighborhood/Community Project Partnership (0–10 points)

Will there be financial contributions and/or volunteer hours for this project (e.g., trail construction or maintenance)? If so, please provide details of the contributions. (**Note:** Volunteer value is \$23.56.)

Description	Financial Contribution (\$)	Volunteer Contribution (# of Hours * \$23.56)	Total
Maintain public walkway/stairway to ADA ramp – clearing of berry brambles that overtake walkway, potentially power wash stairway to keep free of moss, monitor safety of stairway rails	0	15 min/wk/x52 wk = 13 hours/yr @ \$23.56=\$306.28	\$306.28
Maintain new ADA ramp to sidewalk free of debris, trash	0	Same as above	\$306.28
Total Neighborhood/Community Project Partnership			\$612.56

FOCUS: In Support of Proposed Neighborhood Safety Project (NSP) for Lakeview Avenue Lighted Crosswalk connecting 6505 Lakeview Avenue to the opposite side of Lakeview Avenue

Dear Judy Beto,

This letter is to express my support of the proposed crosswalk improvement on Lakeview Avenue.

Lakeview of Kirkland serves over 70 seniors in our area. Many of our residents do not have vehicles and rely on public transportation. However, this can be difficult for our residents with mobility issues, using a walker or wheelchair, especially with uneven ground. I believe that providing an ADA ramp will help our seniors thrive and remain as independent as possible by being able to safely utilize our public transportation service. Thank you for your continued support in serving our vulnerable adults.

Kind Regards,

Allison Anderson
