Describe the Project Scope:

Please include all aspects of the project (e.g., ADA ramps, street lights, thermoplastic, hand rails, asphalt vs. gravel).

Installation of a Rapid Flashing Beacon to this intersection

City Cost Estimate: \$120,000.

1. Neighborhood Benefit/Support (0–60 points)

Please explain how the project will address a recognized safety need (especially with school kids or other vulnerable populations) and result in a positive and lasting neighborhood benefit (e.g., creates an important neighborhood pedestrian or bicycle connection):

The newly completed sidewalks on the west side of 124th Ave NE require safe crossings for the increased pedestrian traffic.

This project is recommended by our community because we need more driver awareness at this intersection. It feeds directly to the School Walk Route and to the Boys and Girls Club.

Were adjacent neighbors who will be impacted by the project contacted (e.g., street lights)? Yes ___ No ___

Is there support for the project within the neighborhood (e.g., businesses, schools, and PTSAs)? Yes ___ No ___

Note: Please attach letters, emails, or a petition of support for your project.

2. Community Benefit/Support (0–30 points)

Please explain how the project benefits people outside of the neighborhood (e.g., creates a community-wide connection):

There are 14,000 trips per day on 124th and much of this traffic is inter-neighborhood. There are several bus stops on 124th. An RFB will contribute to safer travel for all.

Is there broad community support for the project outside the neighborhood (e.g., businesses, schools, and PTSAs, and community groups)? Yes ___ No ___

Note: Please attach letters, emails, or a petition of support for your project.

3. Neighborhood/Community Project Partnership (0–10 points)

Will there be financial contributions and/or volunteer hours for this project (e.g., trail construction or maintenance)? If so, please provide details of the contributions. (**Note:** Volunteer value is \$23.56.)

Description	Financial Contribution (\$)	Volunteer Contribution (# of Hours * \$23.56)	Total
Total Neighborhood/Community Project Partnership
