CITY OF KIRKLAND
SECTION 1: JOC FOR GENERAL CONSTRUCTION SERVICES: GENERAL OVERVIEW

1.1. Reason for Procuring Work with Job Order Contracting
   A. By utilization of the JOC, the City of Kirkland expects a collaborative process of project procurement that combines the commitment, expertise and skills of the City and the Contractor to achieve the completion of the project in the best interest of the public. JOC shall provide an effective means of reducing total lead-time for public works projects.
   B. Therefore, the City of Kirkland has made the determination that the use of JOC will benefit the public when it deems that JOC is the best delivery method for a specific project by providing an effective means of reducing total lead-time, facilitating collaboration between contractor and design team, and reducing cost for public works projects through the use of unit price books and Work Orders by eliminating time-consuming, costly aspects of traditional public works process.

1.2. Background
   A. In November of 2021 the City of Kirkland entered into a professional services agreement with The Gordian Group, consultants who provide unbiased professional advice, expert assistance and a complete system to vertical and horizontal infrastructure public sector owners with their Job Order Contracts. The Gordian Group® provides a customized Construction Task Catalog (unit price book) with local pricing as part of their service for all their customers under contract. As part of their service The Gordian Group also provides internet based JOC management software program for managing the JOC process and preparing Price Proposals.

### 1.4. JOC Overview

A. The Job Order Contracting process was established by the Legislature of the State of Washington, which was signed into law in 2003.

B. A Job Order Contract is an indefinite quantity contract pursuant to which the Contractor will perform an ongoing series of individual Projects at different locations within the city. The bid documents include a Construction Task Catalog® containing construction tasks with preset Unit Prices. All Unit Prices are based on local labor, material and equipment prices and are for the direct cost of construction.

C. The Contractor will propose two Adjustment Factors to be applied to the Unit Prices. One Adjustment Factor for performing work during Normal Working Hours and a second Adjustment Factor for performing work during Other Than Normal Working Hours. The same two Adjustment Factors apply to every task in the Construction Task Catalog®.

D. The City of Kirkland will be accepting proposals on **in the Office of the Purchasing Agent, 123 5th Ave, Kirkland, WA 98033 by no later than** 10:00 am PDT on July 22, 2022, from experienced contractor firms. A Contract will be awarded through an advertised multi-phased process. It is the intent of the City to award a contract to a Contractor experienced in general construction from this RFP. Using the evaluation factors and the relative weight of factors published in the public request for proposals, the City staff will recommend council to award a contract to the firm submitting the highest scored final proposal.

E. A Work Order will reference the Detailed Scope of Work and set forth the Work Order Completion Time, and the Work Order Price. The Work Order Price shall be a lump sum, fixed price for the completion of the Detailed Scope of Work. A separate Work Order will be issued for each Project. Extra work, credits, and deletions will be contained in a Supplemental Work Order.

F. Thereafter, as projects are identified the Contractor will jointly scope the work with the Owner. The Owner will draft a Detailed Scope of Work and issue a Request for Work Order Proposal to the Contractor. The Contractor will then prepare a Work Order Proposal for the Project including a Work Order Price Proposal, drawings and sketches, a list of subcontractors, construction schedule, and other requested documentation. The Work Order Price shall equal the value of the approved Work Order Price Proposal. The value of the Work Order Price Proposal shall be calculated by summing the total of the calculation for each Pre-priced Task (Unit Price x quantity x Adjustment Factor) plus the value of all Non Pre-priced Tasks. If the Work Order Proposal is found to be acceptable, a Work Order may be issued.

G. If the Work Order Proposal is found to be acceptable, a Work Order may be issued.

CITY OF KIRKLAND
SECTION 3: INFORMATION FOR PROPOSERS

3.1. PROPOSER’S RESPONSIBILITY

Before submitting Proposals, Proposers shall carefully examine the Request for Proposal (RFP) Documents and Job Order Contracting RCW’s. This RFP, the Proposal, and the Job Order Contract is subject to RCW 39.10.200; 39.10.210; 39.10.420; 39.10.430; 39.10.440; 39.10.450; 39.10.460; and, 39.10.470 and other law hereafter adopted if applicable.

3.2. MAXIMUM WORK ORDER VALUE

The maximum dollar amount for an individual Work Order is five hundred thousand dollars ($500,000). All Work Orders for the same project (original plus any change orders/Supplemental Job Orders) shall be treated as a single Work Order for the purpose of the $500,000 limit.

3.3. ADJUSTMENT FACTORS AND CONSTRUCTION TASK CATALOG

The Contractor is paid for the Work Order based upon a fixed percentage multiplier (Adjustment Factor) and fixed prices based on The Gordian Group’s Construction Task Catalog® agreed to in the initial contract. Everything that is to be included in the Contractor’s Adjustment Factors is listed and identified in the Construction Task Catalog® under Construction Task Catalog® Section and “Using the Construction Task Catalog®,” pages 00-1 through 00-7. There is also a Non Pre-priced Adjustment Factor to be applied to Non Pre-priced Tasks.

3.4. PREVAILING WAGE RATES TO BE PAID

A. Prior to making any payment, the City must receive from Contractor a Labor and Industries approved copy of the “Statement of Intent to Pay Prevailing Wages” form from all sub-contractors and lower-tiers; and, from Contractor, if self-performed. Each progress payment voucher claim shall include a signed statement that prevailing wages have been paid. Following the final acceptance of a project, the City must receive a Labor and Industries certified copy of the "Affidavit of Wages Paid" form from all sub-contractors and lower-tiers; and, from Contractor, if self-performed.

B. It is the Contractor’s sole responsibility to obtain the approved Intents and certified Affidavits from all sub-contractors and lower-tiers and file with the City for each Work Order.

3.5. EXECUTED OMWBE PLAN

A. Per RCW 39.10.450, a public body may issue no Work Orders under a Job Order Contract until it has approved, in consultation with the office of minority and women’s business enterprises or the equivalent local agency, a plan prepared by the Contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

B. The executed plan shall be required before the City will sign the Agreement.
3.6. **SUBCONTRACTING**

A. At least ninety percent (90%) of work contained in a Job Order Contract must be subcontracted to entities other than the Contractor. The Contractor must distribute contracts as equitably as possible among qualified and available subcontractors including minority and woman-owned subcontractors to the extent permitted by law.

3.7. **RETAI NAGE**

Per RCW 39.10.450, for purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each Work Order issued shall be treated as a separate contract. Therefore, retainage in the amount of 5% will be held for 60 days following completion of each Work Order. The Contractor will be required to pay the prevailing wage and file intents and affidavits with Labor & Industries. The Contractor has the option of executing a retainage bond.

3.8. **PROTEST PERIOD**

In accordance with RCW 39.10.430, the City shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The City shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The City shall not execute the contract until two business days following the City’s decision on the protest.

3.9. **APPRENTICESHIP RECORDS**

Any work order over three hundred fifty thousand dollars, excluding Washington state sales and use tax, and including over six hundred single trade hours shall utilize a state registered 6 apprenticeship program for that single trade in accordance with RCW 7 39.04.320

3.10. **PUBLIC RECORDS**

Once submitted to the City, proposals shall become the property of the City, and all proposals shall be deemed public records as defined in Chapter 42.56 RCW, Washington’s Public Records Act (“PRA”). Any proposal containing language which purports to copyright the proposal, declares the entire proposal to be confidential, declares that the document is the exclusive property of the proposer, or is any way contrary to the PRA or this proposal, could be removed from consideration. The City does not accept responsibility for determining what the proposer may consider confidential or proprietary. Therefore, any information in the proposal that the proposer claims confidential and/or proprietary or otherwise exempt from disclosure under RCW 42.56.270 or any other provision of the PRA must be clearly designated as described in the “Proprietary Material Submitted” section above. It must also include the exemption(s) from disclosure upon which the proposer is making the claim, and the pages and portions thereof must be clearly marked and identified. With the exception of lists of prospective proposers, and except to the extent otherwise required by law, the City will not disclose proposals until a bid selection is made. At that time, all information about the competitive procurement will be available with the exception of: portions of a proposal specifically designated as confidential and/or proprietary and therefore exempt from disclosure under the PRA.
until such time as the proposer has a reasonable opportunity to seek a court order preventing such disclosure.

3.11. AUDITS AND RETENTION OF RECORDS

A. The City shall have the right to inspect, audit and/or copy Project Records for the determination of anything that is of consequence to the agreement between the City and Contractor and Contractor’s performance there under, specifically including but not limited to any claims brought by the Contractor or any Subcontractor or Supplier.

B. For the above-referenced purpose, all of the Project Records related to this Contract shall be open to inspection, audit, and/or copying by the City:
   i. During the Contract Time;
   ii. For a period of not less than six (6) years after the date of Final Acceptance or termination of the Contract; and
   iii. If any Claim, audit, or litigation arising out of, in connection with, or related to this Contract is initiated, all documents and records shall be resolved or completed, whichever occurs later.

C. The Contractor shall retain the Project Records related to this Contract for the periods required above. The Contractor shall also ensure that the wage, payroll and cost records of all Subcontractors and Suppliers at all tiers shall be retained and open to similar inspection or audit for the periods required above by incorporating the provisions of this Audit section into any agreements with Subcontractors or Suppliers related to this Contract.

D. The Contractor, its Subcontractors and Suppliers shall make a good faith effort to cooperate with the City when the City gives notice of its need to inspect or audit Project Records. Cooperation shall include assistance as may be reasonably required in the course of inspection or audit, including access to personnel with knowledge of the contents of the records being inspected or audited so that the information in the records is properly understood by the persons performing the inspection or audit. Cooperation shall also include establishing a specific mutually agreeable timetable for making the records available for inspection by the City and its designee. Unless otherwise agreed, if the Contractor, its Subcontractors and Suppliers cannot make at least some of the relevant records available for inspection within fourteen (14) days of the City’s written request, cooperation will necessarily entail providing the City with a reasonable explanation for the delay in production of records. Failure to cooperate may impact future responsibility determinations.

E. The Contractor agrees that no Claim shall be made against the City for the Work described herein unless the Contractor makes available to the City all documents and records. Failure to maintain and retain sufficient records to allow the City to verify all costs or damages or failure to permit the City or its designee access to the books and records shall constitute a waiver of the rights of the Contractor, Subcontractor, and Supplier to claim or be compensated for any damages, additional time or money under this Contract and shall bar any recovery there under.

F. Inspection, audit, and/or copying of Project Records may be performed by the City at any time with not less than fourteen (14) days written notice; provided however, if an audit is to be commenced more than sixty (60) days after Final Acceptance of the Contract, the Contractor will be given thirty (30) days’ notice of the time when the audit or inspection is to begin.
G. The Contractor and its Subcontractors and Suppliers shall provide adequate facilities, acceptable to the City, for inspection, auditing, and/or copying during normal business hours.

H. No additional compensation will be provided to the Contractor, its Subcontractors, or Suppliers for time or money spent in complying with the requirements of this Audit section. If the Contractor is formally dissolved, assigns or otherwise divests itself of its legal capacity under this Contract, then it shall immediately notify the City and preserve such records, at its expense, as directed by the City.

I. This Audit Section shall survive for six (6) years after the termination or expiration of this Contract, or conclusion of all Claims, audits or litigation, whichever occurs later.

If the City disagrees with those assertions, to the extent allowed by law, the City will agree to provide reasonable time for the bidder, offeror or contractor to seek to obtain a court order prohibiting the disclosure of such information.
CITY OF KIRKLAND
SECTION 4: EVALUATION PROCESS

4.1. Evaluation Process
A. The purpose of the selection process is to determine which firm is the best value for this contract. The selection process is broken into two phases for each contract. Phase I will be the determination of top qualified firms and Phase II will be the determination of the best-qualified firm through a combination of interview scoring and Adjustment Factors.

B. Phase I – Proposal Evaluation
i. All Proposals will be evaluated and scored by an Evaluation Panel in accordance solely with the criteria detailed in the RFP and any addenda issued thereto.
ii. Proposers should be aware that the Proposal will be scored and ranked for the purpose of short-listing and that the Proposal scores will be carried forward and included in the final evaluation and selection.
iii. After scoring Proposals, the City will short-list the most qualified firms to interview. The City will notify Proposers whether they have been selected as a Finalist.

C. Phase II Selection – Interviews and Price
i. The finalists will be invited to an interview. The format of the interview will be described in the notification letter to the short-listed Proposers.
ii. Following the interview, the panel will score the firm based on the interview.
iii. Upon request by the City to short-list candidates, the Finalists will submit their Adjustment Factor bid in a sealed envelope at the place and no later than the time and date specified in the City’s request. The Sealed Adjustment Factors will be publicly opened and read aloud at a designated time, date and location.
iv. The rank of the firms will be determined by taking the total points scored in Phase I and Phase II. The City expects to award a contract with the highest ranked firm. If deemed to be in the best interest of the City, the City reserves the right to make additional Contract awards for a period of two-hundred seventy (270) days after the initial Contract is awarded. Additional Contract awards, if any, will be made to the next highest ranking firm(s).
v. If there is a tie for any rank, the panel members will reconvene for continued deliberations until the tie is broken. The purpose of the selection process is to determine which firm is the best fit for this contract.
4.2. SCORING OF THE PROPOSALS

A. The table below lists the maximum points for each section of the selection process.

After APPROVAL, send white copy to Awarding Agency. Canary copy – L&I
How to expedite the processing of your form:

**REQUIRED FOR PROCESSING**

- Filing Fee
- Bid Due Date and Date Contract Awarded
- Craft/trade/occupation
- Rate of Hourly Pay
- Estimated number of workers
- Total Dollar Amount of Your Contract
- Contractor Registration No. or UBI
- Signature

**ERRORS THAT CAUSE REJECTION**

- No fee or wrong amount. $40.00 filing fee required.
- Missing. Award date is before bid due date. Prevailing Wage is based on the date bids from prime contractor were due to the contract awarding agency.
- Craft not listed, not specific, or does not match prevailing wage occupation listings.
- Owner/Operators: If the work will be performed by owners/partners, state "Owner/Operator" under the "Craft" section, and the wage and fringe need not be completed. Do list the number of owners on the job. (Individuals who own less than 50% of the company are not considered to be owner/operators and must be paid prevailing wage.)
- All work subcontracted: If all work will be performed by subcontractors, check the appropriate box on the form.
- Missing or incorrect wages. Enter the rate of hourly pay and rate of qualified hourly fringe benefits, as defined by RCW 39.12.010, that you will actually provide to the workers. The amount listed for "Rate of Hourly Pay" plus the amount listed for the "Rate of Hourly Fringe Benefits", if any, must equal or exceed the Prevailing Wage rate.
- Missing — Enter "Wages and materials" if applicable. The exact dollar amount will be required on the Affidavit of Wages Paid form.
- Missing or not registered. Companies not required to obtain a contractor's registration number need only indicate UBI (i.e., janitorial, surveying, truck driving).
- Missing — Intent must be signed by an authorized representative.

**Apprentices:** Do not list apprentices or apprenticeship wages on this Statement of Intent. If you use apprentices on this project, they must be listed on the Affidavit of Wages Paid form (F700-007-000), and registered with the Washington State Apprenticeship and Training Council within 90 days of hire. Any workers not registered as such must be paid prevailing journey level wages. Call (360) 902-5335 to verify registration. Electrical and Plumber trainees registered with the Department of Labor and Industries MUST ALSO be registered with the Washington State Apprenticeship and Training Council to qualify for apprentice rates.

If there is not enough space to list all required information on one form, use additional Intent forms as needed. Please indicate at the top of each form "Page 1 of 2", "Page 2 of 2", etc. No additional fee is required. No other attachments will be accepted.

**Approval of this Intent will be based on the information provided by the contractor/subcontractor. It does not signify approval of the classifications of labor used by the contractor/subcontractor.**

L&I will mail the approved white copy of this Intent to the organization provided on the front of this form. Make a copy for your records.

A copy of the approved Intent form for each employer must be posted at the job site for contracts in excess of $10,000.00.

Prevailing wage rates are available on the Internet at www.Lni.wa.gov/TradesLicensing/PrevailingWage

Submit both copies (white and canal) and the $40.00 filing fee to:
