

City of Kirkland

Request for Qualifications

Kirkland Pollution Prevention Assistance Program Inspection Services

Job # 26-21-PW

Issue Date:
Due Date:

July 30, 2021
August 16, 2021 – 12:00 p.m. PDT

REQUEST FOR QUALIFICATIONS

Notice is hereby given that qualifications will be received by the City of Kirkland, Washington, for:

Kirkland Pollution Prevention Assistance Inspection Services

File with Financial Operations Manager, Finance Department, 123 - 5th Ave, Kirkland WA, 98033

Qualifications received later than **12:00 p.m. PDT, August 16, 2021 will not** be considered.

A copy of this Request for Quote (RFQ) may be obtained from City's web site at <http://www.kirklandwa.gov/>. Click on the Business tab at the top of the page and then click on the Request for Qualifications link found under "Doing Business with the City".

The City of Kirkland reserves the right to reject any and all Qualifications, and to waive irregularities and informalities in the submittal and evaluation process. This RFQ does not obligate the City to pay any costs incurred by respondents in the preparation and submission of a proposal. Furthermore, the RFQ does not obligate the City to accept or contract for any expressed or implied services. This RFQ is contingent upon the execution of a contract with the Department of Ecology. If for any reason that contract is not executed, the City reserves the right to not award this contract.

A Service Provider response that indicates that any of the requested information in this RFQ will only be provided if and when the Service Provider is selected as the apparently successful Service Provider is not acceptable, and, at the City's sole discretion, may disqualify the proposal from consideration.

In addition to nondiscrimination compliance requirements, the Service Provider(s) ultimately awarded a contract shall comply with federal, state and local laws, statutes and ordinances relative to the execution of the work. This requirement includes, but is not limited to, protection of public and employee safety and health; environmental protection; waste reduction and recycling; the protection of natural resources; permits; fees; taxes; and similar subjects.

Dated this 30th day of July

Jay Gewin
Purchasing Agent
425-587-3123

Background Information

The City of Kirkland is located in the Seattle metropolitan area, on the eastern shore of Lake Washington and approximately 10 miles east of downtown Seattle. It has a population of over 88,000 and is the thirteenth largest city in the State of Washington and the sixth largest city in King County, Washington.

Since its incorporation, Kirkland has grown in geographic size to eighteen square miles - approximately twenty times its original size. This growth occurred primarily through the consolidation of the cities of Houghton and Kirkland in 1968, the annexations of Rose Hill and Juanita in 1988 and the annexation of North Juanita, Finn Hill, and Kingsgate areas in 2011.

Kirkland operates under a Council-Manager form of government. The City Council is the policy-making branch of Kirkland's government and consists of seven members elected at large to staggered, four-year terms. The Mayor is elected from within the Council. The City Council is supported by several advisory boards and commissions and the City Manager. The City Manager is appointed by the City Council and serves as the professional administrator of the organization, managing, coordinating, and overseeing its day-to-day activities.

1 Overview:

A. Project Introduction:

The City of Kirkland is entering into a fifth 2-year contract with the Washington State Department of Ecology's Pollution Prevention Assistance Program (formerly known as the Local Source Control Program) to continue providing technical assistance inspections and outreach to small businesses within the City. The purpose of the visits is to reduce or eliminate hazardous waste and pollutants at their source, thus preventing their discharge to urban waters of the State.

Source control addresses pollution at the source. Source control uses pollution-prevention techniques and best management practices (BMPs) to prevent, control, and treat contaminants before pollutants enter the environment.

The Pollution Prevention Assistance (PPA) Specialists of the Department of Ecology's Pollution Prevention Assistance Partnership use their technical knowledge to help small businesses stop pollution before it starts. Medium and large-quantity generators of dangerous waste in Washington have had access to Pollution Prevention technical assistance for more than 20 years.

Historically, most small businesses have had little access to dangerous-waste handling, disposal, or BMP expertise. The PPA Specialists provide this expertise to help small businesses identify and implement best pollution-prevention techniques and practices. The application of pollution-prevention techniques and BMPs can save small businesses money and conserve resources, too, as well as comply with all local, state, and federal regulations.

B. Budget:

The project consultant budget is a total of \$257,695 for technical assistance visits and other program obligations, as noted in Attachment B.

C. Schedule:

All work on this project must be complete by **June 30, 2023**. An approximate schedule is as follows:

- Under contract: September 2021
- Minimum 40% of Technical assistance inspections complete: June 30, 2022
- All Technical assistance inspections complete: June 30, 2023
- Reporting and documentation Complete: June 30, 2023

D. Scope of Work and Deliverables:

Work shall be conducted per Kirkland's Contract with the Department of Ecology – Attachment B to this Request for Qualifications. In summary, the scope of work and deliverables for this project, are as follows:

- Conduct 375 Local Source Control Technical Assistance Visits per the terms of Attachment B spread between the Juanita Creek Watershed and other areas of Kirkland that need priority technical assistance.
- Complete reporting and recordkeeping of all activities. Complete site visit forms, provide written follow-up correspondence with the business, email, and other communication between contractor and business will be transferred to City 7 days after compliance is reached.
- Complete Quarterly and Annual Reports
- Bi-monthly (at-least) meetings at City Hall or virtual platform to discuss progress and/or issues with business visits.
- Possible pollution prevention education and outreach events or presentations for small to mid-size groups.
- Attend trainings, networking events and Webinars sponsored by the Washington State Department of Ecology as part of the Pollution Prevention Assistance Program. An approximate listing of these events is included on page 17-19 of Attachment B (this list is subject to change).
- Complete listed Unique Program elements in Attachment B, pages 9-10. City staff will be supporting the deliverables for two Unique Program Elements (1) Stormwater Phase II Permittee Advisory Committee and (2) Video Outreach Development Committee. All other Unique Program Element deliverables will be provided exclusively by contractor.
- Provide Product Replacement Program services as detailed on page 14-15 of Attachment B.
- Provide Voucher Program to businesses as detailed on page 21 and as further developed by Ecology during the contract timeframe.
- Provide Spill Kits and associated site plans and maps, as well as provide training to businesses on how to use spill kits.

Attachment B contains full details and constitutes the full scope for this project.

2 Qualification Submission Requirements

All submittals must be in accordance with the requirements set forth in this RFQ. The Statement of Qualifications shall not exceed five (5) pages double-sided (a total of 10 single sheets). The front cover, the back cover, a maximum two-page cover letter, stock project examples and resumes may be in addition to the 5-page limit. The proposal format will be at the firm's discretion, but the city encourages respondents to consider text-based proposals that minimize time and costs of preparation. Proposals must include the following items:

- Project Approach:
 - a) Work Plan: Describe the sequential tasks to be used to accomplish this project. Indicate all key deliverables and their contents.
 - b) Project Organization and Staffing: Describe the approach and methods for managing the project. Provide an organization chart showing all proposed team members. Describe the responsibilities of each person on the project team. Identify the Project Director and/or Manager and the key contact person for the City.
 - c) Include resumes of each member of the project team. List the portion of the work to be subcontracted and information describing the qualification and relative experience of any proposed subcontractors. Include a list of information required or tasks to be completed by City staff.
 - d) Project Schedule: Provide a schedule for completing each task in the Scope of Work, including deadlines for preparing project deliverables. Demonstrate your team's ability to perform the work requested within an established budget and schedule.

- Related Experience: Describe recent (within the last four (4) years), directly related experience. Include the name of the client, description of the work done, address and telephone number, dates of the project and the name of the project director. At least two references should be included. For each reference indicate the reference's name, organization, title, email address and telephone number. The City reserves the right to contact any organizations or individuals listed.

- Statement of Experience: The consultant is required to provide evidence of experience in working with
 - public agencies
 - understanding of hazardous waste regulations and resources for small quantity generators
 - environmental compliance inspections of small businesses
 - public education and outreach experience
 - working with businesses whom speak English as a Second Language (ESL)

The experience listed must be that which was performed by the consultant's staff and/or team's staff that will be assigned to this project. The City will be focusing on the experience of the Lead Consultant/Project Manager who will be assigned to this project. Specify the percentage of that the Lead Consultant/Project Manager would be allocated

to this project. The submittal shall also identify other projects the proposed Lead Consultant/Project Manager will be committed to during the same timeline.

- Signature: Submittal must be signed by an individual with the appropriate contracting authority for the firm.

3 Final Selection Procedures

A. Selection Criteria:

The City will make a selection based on the evaluation of the written qualifications. The City may also conduct an interview process with scoring used to determine the selected proposer. The City may elect to interview some or all proposers. The City reserves the right to make a selection based only on the evaluation of the written qualifications. Written qualifications and interviews will be evaluated based on the following criteria:

Project understanding and proposed strategy for success	25
Previous experience in similar projects/references including	25
Expertise of key personnel and/or team partners for identified role(s)	35
<u>Approach to project management and delivery</u>	<u>15</u>
Total	100

B. Interview/Presentation (as needed):

An interview/presentation period may be scheduled and conducted with the Selection Committee through a virtual meeting platform, not to exceed 1 hour. The firm will be given 15 minutes for presentation. The remaining time will be reserved by the Selection Committee for questions. The purpose of the interviews will be to evaluate the experience and fit of the firms and to clarify and assure understanding of the requirements of the contract. **Staff that will be designated on the project** should be available during the week of **August 23rd** to take part in the interview process.

D. Negotiation/Scope Development:

The top ranked firm will be notified and will be asked to meet and submit their prospective scope of services and fee estimate. If, after negotiation and consideration, the City is unable to reach an acceptable agreement with the top-ranked firm, they will terminate negotiations with the top ranked firm and, at their soled discretion, may: enter into negotiations with the second ranked firm; withhold the award for any reason; elect not to proceed with any of the proponents; or re-solicit new Qualifications.

E. Final Selection:

Once the City reaches an agreement that it finds acceptable with a preferred consulting firm, the Selection Committee will then make a recommendation to the Public Works Director. The City Manager's Office will execute the contract.

F. Contract:

It is expected that a City of Kirkland Professional Services Agreement will be executed. A sample agreement is provided as Attachment A.

G. Debarment and Suspension:

By signing their submittal, the applicant certifies that neither the firm nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from participation in this transaction by any Federal department or agency.

Proposal Modifications and Clarifications

The City will not reimburse proposers, for any costs involved in the preparation and submission of qualifications, or for attendance at subsequent interviews. Furthermore, this request for qualifications does not obligate the City to accept or contract for any express or implied services. The City reserves the right to negotiate regarding the terms and compensation for any proposal. The City reserves the right to request any proposer clarify their response or to supply any additional material deemed necessary to assist in the evaluation, and to modify or alter any or all of the requirements in this request for qualifications.

Length of Contract

The initial agreement will run through the designated Ecology Grant funding period of June 30, 2023. At the option of the City, the agreement may be extended to include one supplementary term, from July 1, 2023 to June 30, 2025. This amendment will be based on vendor performance and additional funding granted by the Department of Ecology. The total contract term shall not exceed five (5) years from initial contract execution.

Submission Instructions

Qualifications must be received by no later than **12:00 pm PDT on August 16, 2021**. We encourage that Qualifications be submitted by email. Emailed Qualifications should include **"Kirkland Pollution Prevention Assistance Program Inspection Services Proposal-Job #26-21-PW"** in the subject line and be addressed to: purchasing@kirklandwa.gov. (Emailed Qualifications must be in PDF format and cannot exceed 20MB).

Qualifications should be prepared simply and economically, providing a straightforward, concise description of provider capabilities to satisfy the requirements of the request. Special bindings,

colored displays, promotional materials, etc. are not required or desired. Emphasis should be on completeness and clarity of content.

Submittal Deadlines

July 30, 2021	Release RFQ
August 4, 2021	Proposer questions due
August 9, 2021	Answers to RFQ questions posted on website
August 16, 2021	Qualifications Due by 12:00 PM PDT
August 18, 2021	Notify proposers of interviews (as needed)
Week of August 23rd	Interviews (as needed)
August 30, 2021	Notify selected proposer
Week of August 30 th	Contract negotiation/preparation/signature
September 13, 2021	Anticipated start work date
No later than June 30, 2023	Delivery of final product

Note: The City reserves the right to adjust this schedule as necessary.

Questions

Questions regarding the scope of work or evaluation process must be submitted in writing and should be addressed to Rachel Konrady, Surface Water Planner, at rkonrady@kirklandwa.gov. Questions regarding the RFQ process should be addressed to Purchasing staff, at purchasing@kirklandwa.gov.

Terms and Conditions

- a. The City reserves the right to reject any and all qualifications, and to waive minor irregularities in any qualification.
- b. Proposers responding to this RFQ must follow the procedures and requirements stated in the RFQ document. Adherence to the procedures and requirements of this RFQ will ensure a fair and objective analysis of your qualifications. Failure to comply with or complete any part of this RFQ may result in rejection of your qualifications.
- c. The City reserves the right to request clarification of information submitted, and to request additional information on any submission.
- d. The City reserves the right to award any contract to the next most qualified company, if the successful company does not execute a contract within 30 days of being notified of selection.
- e. Any qualification may be withdrawn up until the date and time set above for opening of the qualifications. Any qualification not so timely withdrawn shall constitute an irrevocable offer, for a period of one hundred and twenty (120) days to sell to the City the services described

in the attached specifications, or until one or more of the qualifications have been approved by the City administration, whichever occurs first.

- f. The contract resulting from acceptance of a qualification by the City shall be in a form supplied or approved by the City and shall reflect the specifications in this RFQ. A copy of the City's standard professional Services Agreement is available for review (see attachment A). The City reserves the right to reject any proposed agreement or contract that does not conform to the specifications contained in this RFQ and which is not approved by the City Attorney's office.
- g. The City shall not be responsible for any costs incurred by the company in preparing, submitting or presenting its response to the RFQ.
- h. Any material submitted by a proposer shall become the property of the City. Materials submitted after a contract is signed will be subject to the ownership provision of the executed contract.
- i. The City reserves the right not to award any portion or all of the project if it finds that none of the qualifications submitted meets the specific needs of the project or if the contract with Ecology is not executed or is terminated with the State Department of Ecology. The City reserves the right to modify the scope of work and award portions of this RFQ to the selected vendor. The City reserves the right to award this work to multiple vendors if the scope of work would be best completed by multiple vendors and their associated experience.

Cooperative Purchasing

Chapter 39.34 RCW allows cooperative purchasing between public agencies in the State of Washington. Public agencies which have filed an Intergovernmental Cooperative Purchasing Agreement with the City may purchase from City contracts, provided that the consultant agrees to participate. The City does not accept any responsibility for contracts issued by other public agencies, however.

Public Disclosure

Once submitted to the City, qualifications shall become the property of the City, and all qualifications shall be deemed a public record as defined in "The Public Records Act," chapter 42 section 56 of the RCW. Any qualification containing language which copyrights the submission, declares the entire submission to be confidential, declares that the document is the exclusive property of the proposer, or is any way contrary to state public disclosure laws or this RFQ, could be removed from consideration. The City will not accept the liability of determining what the proposer considers proprietary or not. Therefore, any information in the qualification that the proposer claims as proprietary and exempt from disclosure under the provisions of RCW 42.56.270 must be clearly designated as described in the "Proprietary Material Submitted"

section above. It must also include the exemption(s) from disclosure upon which the proposer is making the claim, and the page it is found on must be identified. With the exception of lists of prospective proposers, the City will not disclose RFQ qualifications until a bid selection is made. At that time, all information about the competitive procurement will be available with the exception of: proprietary/confidential portion(s) of the qualification(s), until the proposer has an adequate opportunity to seek a court order preventing disclosure. The City will consider a proposer's request for exemption from disclosure; however, the City will make a decision predicated upon RCW 42.56.

DBE Participation

The City encourages DBE firms to submit qualifications and encourages all firms to team with DBE firms in their pursuit of this project.

**PROFESSIONAL SERVICES AGREEMENT
PSA 6/30/2020**

Attachment A

The City of Kirkland, Washington, a municipal corporation ("City") and _____,
whose address is _____ ("Consultant"), agree and contract as follows.

In consideration of the mutual benefits and conditions set forth below, the parties agree as follows:

I. SERVICES BY CONSULTANT

- A. The Consultant agrees to perform the services described in Attachment _to this Agreement, which attachment is incorporated herein by reference.
- B. All services and duties shall be conducted and performed diligently, completely and in accordance with professional standards of conduct and performance.

II. COMPENSATION

- A. The total compensation to be paid to Consultant for these services shall not exceed \$_____, as detailed in Attachment ____.
- B. Payment to Consultant by the City in accordance with the payment ceiling specified above shall be the total compensation for all services performed under this Agreement and supporting documents hereto as well as all subcontractors' fees and expenses, supervision, labor, supplies, materials, equipment or the use thereof, reimbursable expenses, and other necessary incidentals.
- C. The Consultant shall be paid on the basis of invoices submitted. Invoicing will be on the basis of percentage complete or on the basis of time, whichever is applicable in accordance with the terms of this Agreement.
- D. The City shall have the right to withhold payment to Consultant for any services not completed in a satisfactory manner until such time as Consultant modifies such services to the satisfaction of the City.
- E. Unless otherwise specified in this Agreement, any payment shall be considered timely if a warrant is mailed or is available within 45 days of the date of actual receipt by the City of an invoice conforming in all respects to the terms of this Agreement.

III. TERMINATION OF AGREEMENT

The City or the Consultant may terminate or suspend this Agreement at any time, with or without cause, by giving ten (10) days' notice to the other in writing. In the event of termination, all finished or unfinished reports, or other material prepared by the Consultant pursuant to this Agreement, shall be provided to the City. In the event the City terminates prior to completion without cause, consultant may

complete such analyses and records as may be necessary to place its files in order. Consultant shall be entitled to receive just and equitable compensation for any satisfactory services completed on the project prior to the date of termination, not to exceed the payment ceiling set forth above.

IV. OWNERSHIP OF WORK PRODUCT

- A. Ownership of the originals of any reports, data, studies, surveys, charts, maps, drawings, specifications, figures, photographs, memoranda, and any other documents which are developed, compiled or produced as a result of this Agreement, whether or not completed, shall be vested in the City. Any reuse of these materials by the City for projects or purposes other than those which fall within the scope of this Agreement or the project to which it relates, without written concurrence by the Consultant will be at the sole risk of the City.
- B. The City acknowledges the Consultant's plans and specifications as instruments of professional service. Nevertheless, the plans and specifications prepared under this Agreement shall become the property of the City upon completion of the services. The City agrees to hold harmless and indemnify consultant against all claims made against Consultant for damage or injury, including defense costs, arising out of any reuse of such plans and specifications by any third party without the written authorization of the Consultant.
- C. Methodology, materials, software, logic, and systems developed under this Agreement are the property of the Consultant and the City, and may be used as either the consultant or the City sees fit, including the right to revise or publish the same without limitation.
- D. The Consultant at such times and in such forms as the City may require, shall furnish to the City such statements, records, reports, data, and information as the City may request pertaining to matters covered by this Agreement. All of the reports, information, data, and other related materials, prepared or assembled by the Consultant under this Agreement and any information relating to personal, medical, and financial data will be treated as confidential only as allowed by Washington State laws regarding disclosure of public information, Chapter 42.56 RCW

The Consultant shall at any time during normal business hours and as often as the City may deem necessary, make available for examination all of its records and data with respect to all matters covered, directly or indirectly, by this Agreement and shall permit the City or its designated authorized representative to audit and inspect other data relating to all matters covered by this Agreement. The City shall receive a copy of all audit reports made by the agency or firm as to the Consultant's activities. The City may, at its discretion, conduct an audit, at its expense, using its own or outside auditors, of the Consultant's activities which relate, directly or indirectly, to the Agreement.

Consultant will provide all original operation and maintenance manuals, along with all warranties, from the manufacturer for any equipment or items installed or supplied to the City has part of this contracted project.

The Consultant shall maintain accounts and records, including personnel, property, financial, and programmatic records, which sufficiently and properly reflect all direct and indirect costs of any nature expended and services performed pursuant to this Agreement. The Consultant shall also maintain such other records as may be deemed necessary by the City to ensure proper accounting of all funds contributed by the City to the performance of this Agreement.

The foregoing records shall be maintained for a period of seven years after termination of this Agreement unless permission to destroy them is granted by the Office of the Archivist in accordance with RCW Chapter 40.14 and by the City.

V. GENERAL ADMINISTRATION AND MANAGEMENT

The _____ for the City of Kirkland shall review and approve the Consultant's invoices to the City under this Agreement, shall have primary responsibility for overseeing and approving services to be performed by the Consultant, and shall coordinate all communications with the Consultant from the City.

VI. COMPLETION DATE

The estimated completion date for the Consultant's performance of the services specified in Section I is _____.

Consultant will diligently proceed with the services contracted for, but consultant shall not be held responsible for delays occasioned by factors beyond its control which could not reasonably have been foreseen at the time of the execution of this Agreement. If such a delay arises, Consultant shall forthwith notify the City.

VII. SUCCESSORS AND ASSIGNS

The Consultant shall not assign, transfer, convey, pledge, or otherwise dispose of this Agreement or any part of this Agreement without prior written consent of the City.

VIII. NONDISCRIMINATION

Consultant shall, in employment made possible or resulting from this Agreement, ensure that there shall be no unlawful discrimination against any employee or applicant for employment in violation of RCW 49.60.180, as currently written or hereafter amended, or other applicable law prohibiting discrimination, unless based upon a bona fide occupational qualification as provided in RCW 49.60.180 or as otherwise permitted by other applicable law. Further, no person shall be denied or subjected to discrimination in receipt of the benefit of any services or activities made possible by or resulting from this Agreement in violation of RCW 49.60.215 or other applicable law prohibiting discrimination.

IX. HOLD HARMLESS/INDEMNIFICATION

To the greatest extent allowed by law the Contractor shall defend, indemnify and hold the City, its officers, officials, employees and volunteers harmless from any and all claims, injuries, damages, losses or suits including attorney fees, arising out of or in connection with performance of this Agreement, except for injuries and damages caused by the sole negligence of the City.

Should a court of competent jurisdiction determine that this Agreement is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the City, its officers, officials, employees, and volunteers, the Contractor's liability hereunder shall be only to the extent of the Contractor's negligence. It is further specifically and expressly understood that the indemnification provided herein constitutes the Contractor's waiver of immunity under Industrial Insurance, Title 51 RCW, solely for the purpose of this indemnification. This waiver has been mutually negotiated by the parties. The provisions of this section shall survive the expiration or termination of this Agreement.

X. LIABILITY INSURANCE COVERAGE

The Consultant shall procure and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the Consultant, its agents, representatives, or employees. A failure to obtain and maintain such insurance or to file required certificates and endorsements shall be a material breach of this Agreement.

Consultant's maintenance of insurance as required by the agreement shall not be construed to limit the liability of the Consultant to the coverage provided by such insurance, or otherwise limit the City's recourse to any remedy available at law or in equity.

A. Minimum Scope of Insurance

Consultant shall obtain insurance of the types described below:

1. Automobile Liability insurance covering all owned, non-owned, hired and leased vehicles. Coverage shall be as least as broad as Insurance Services Office (ISO) form CA 00 01 or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage.
2. Commercial General Liability insurance shall be as least as broad as ISO occurrence form CG 00 01 and shall cover liability arising from premises, operations, stop-gap independent contractors and personal injury and advertising injury. The City shall be named as an additional insured under the Consultant's Commercial General Liability insurance policy with respect to the work performed for the City using an additional insured endorsement at least as broad as ISO CG 20 26.

-
3. Workers' Compensation coverage as required by the Industrial Insurance laws of the State of Washington.
 4. Professional Liability insurance appropriate to the Consultant's profession.

B. Minimum Amounts of Insurance

Consultant shall maintain the following insurance limits:

1. Automobile Liability insurance with a minimum combined single limit for bodily injury and property damage of \$1,000,000 per accident.
2. Commercial General Liability insurance shall be written with limits no less than \$1,000,000 each occurrence, \$2,000,000 general aggregate.
3. Professional Liability insurance shall be written with limits no less than \$1,000,000 per claim and \$1,000,000 policy aggregate limit.

C. Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions for Automobile Liability and Commercial General Liability insurance:

1. The Consultant's insurance coverage shall be primary insurance as respects the City. Any insurance, self-insurance, or self-insured pool coverage maintained by the City shall be excess of the Consultant's insurance and shall not contribute with it.
2. The Consultant shall provide the City and all Additional Insureds for this services with written notice of any policy cancellation, within two business days of their receipt of such notice.

D. Acceptability of Insurers

Insurance is to be placed with insurers with a current A.M. Best rating of not less than A:VII.

E. Verification of Coverage

Consultant shall furnish the City with original certificates and a copy of the amendatory endorsements, including but not necessarily limited to the additional insured endorsement, evidencing the insurance requirements of the Consultant before commencement of the services.

F. Failure to Maintain Insurance

Failure on the part of the Consultant to maintain the insurance as required shall constitute a material breach of agreement, upon which the City may, after giving five business days' notice to the Consultant to correct the breach, immediately terminate the agreement or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the City on demand, or at the sole discretion of the City, offset against funds due the Consultant from the City.

G. City Full Availability of Consultant Limits

If the Consultant maintains higher insurance limits than the minimums shown above, the City shall be insured for the full available limits of Commercial General and Excess or Umbrella liability maintained by the Consultant, irrespective of whether such limits maintained by the Consultant are greater than those required by this agreement or whether any certificate of insurance furnished to the City evidences limits of liability lower than those maintained by the Consultant.

XI. COMPLIANCE WITH LAWS/BUSINESS LICENSE

The Consultant shall comply with all applicable State, Federal, and City laws, ordinances, regulations, and codes. Consultant must obtain a City of Kirkland business license or otherwise comply with Kirkland Municipal Code Chapter 7.02.

XII. FUTURE SUPPORT

The City makes no commitment and assumes no obligations for the support of Consultant activities except as set forth in this Agreement.

XIII. INDEPENDENT CONTRACTOR

Consultant is and shall be at all times during the term of this Agreement an independent contractor and not an employee of the City. Consultant agrees that he or she is solely responsible for the payment of taxes applicable to the services performed under this Agreement and agrees to comply with all federal, state, and local laws regarding the reporting of taxes, maintenance of insurance and records, and all other requirements and obligations imposed on him or her as a result of his or her status as an independent contractor. Consultant is responsible for providing the office space and clerical support necessary for the performance of services under this Agreement. The City shall not be responsible for withholding or otherwise deducting federal income tax or social security or for contributing to the state industrial insurance of unemployment compensation programs or otherwise assuming the duties of an employer with respect to the Consultant or any employee of Consultant.

XIV. EXTENT OF AGREEMENT/MODIFICATION

This Agreement, together with all attachments and addenda, represents the final and completely integrated Agreement between the parties regarding its subject matter and supersedes all prior negotiations, representations, or agreements, either written or oral. This Agreement may be amended only by written instrument properly signed by both parties.

XV. ADDITIONAL WORK

The City may desire to have the Consultant perform work or render services in connection with the project other than provided for by the express intent of this Agreement. Any such work or services shall be considered as additional work, supplemental to this Agreement. This Agreement may be amended only by written instrument properly signed by both parties.

XVI. NON-ENDORSEMENT

As a result of the selection of a consultant to supply services to the City, the consultant agrees to make no reference to the City in any literature, promotional material, brochures, sales presentation or the like without the express written consent of the City.

XVII. NON-COLLUSION

By signature below, the Consultant acknowledges that the person, firm, association, co-partnership or corporation herein named, has not either directly or indirectly entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in the preparation or submission of a proposal to the City for consideration in the award of a contract on the specifications contained in this Agreement.

XVIII. WAIVER

Waiver by the City of any breach of any term or condition of this Agreement shall not be construed as a waiver of any other breach.

XIX. ASSIGNMENT AND SUBCONTRACT

The Consultant shall not assign or subcontract any portion of the services contemplated by this Agreement without the prior written consent of the City.

XX. DEBARMENT

Recipient certifies that it is not suspended, debarred, proposed for debarment, declared ineligible or otherwise excluded from contracting with the federal government, or from receiving contracts paid for with federal funds.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the dates written below:

DEPARTMENT OF
ECOLOGY
State of Washington

IAA No. C2200031

INTERAGENCY AGREEMENT (IAA)

BETWEEN

THE STATE OF WASHINGTON, DEPARTMENT OF ECOLOGY

AND

CITY OF KIRKLAND

THIS INTERAGENCY AGREEMENT (“Agreement” or “IAA”) is made and entered into by and between the state of Washington, Department of Ecology, hereinafter referred to as “ECOLOGY,” and the City of Kirkland, hereinafter referred to as the “CONTRACTOR,” pursuant to the authority granted by Chapter 39.34 RCW.

THE PURPOSE OF THIS AGREEMENT is for the CONTRACTOR to provide Pollution Prevention Assistance (PPA) Specialists who will provide technical assistance and education outreach to small businesses in an effort to prevent pollution of waters of the state as part of the Pollution Prevention Assistance Partnership (formerly known as the Local Source Control (LSC) Partnership).

WHEREAS, ECOLOGY has legal authority (RCW 70A.214 and RCW 70A.300) and the CONTRACTOR has legal authority (City of Kirkland Code: Source Control Best Management Practices- 15.52.100 within the Surface Water Management Code- 15.52) that allows each party to undertake the actions in this agreement.

THEREFORE, IT IS MUTUALLY AGREED THAT:

1) SCOPE OF WORK

The CONTRACTOR shall furnish the necessary personnel, equipment, material and/or service(s) and otherwise do all things necessary for or incidental to the performance of the work set forth in Appendix A, *Statement of Work*, and Appendix B, *Budget Detail*, attached hereto and incorporated herein.

2) PERIOD OF PERFORMANCE

The period of performance of this IAA will commence on **July 1, 2021**, and be completed by **June 30, 2023**, unless the Agreement is terminated sooner as provided herein. Amendments extending the period of performance, if any, shall be at the sole discretion of ECOLOGY.

3) COMPENSATION

Compensation for the work provided in accordance with this IAA has been established under the terms of RCW 39.34.130 and RCW 39.26.180(3). This is a performance-based agreement, under which payment is based on the successful completion of expected deliverables and compliance with all terms and conditions.

Compensation for this agreement will be released in two 1-year phases. Phase One is limited to 50 percent of the project budget and Phase Two can be up to the remaining percentage of the project budget. On or before August 15, 2022, ECOLOGY will evaluate available funding and the CONTRACTOR's performance and progress towards meeting contract deliverables and spending. To release the second year funding the CONTRACTOR, by June 30, 2022, must:

1. Complete a minimum of 40% of the total site visit deliverables, and
2. Utilize 40% of the total compensation award.

If performance obligations have been met and funding is available per ECOLOGY's determination, the full year 2 budget award will be considered available. Should the CONTRACTOR fail to make satisfactory progress or funding is limited, ECOLOGY will determine the appropriate additional funding to release for year 2 of the contract. ECOLOGY will consider various factors in determining year 2 funding including, but not limited to, available funding, performance to date, staff vacancies, time and costs spent on unique program elements, and potential circumstances beyond the CONTRACTOR's control.

The source of funds for this IAA is Model Toxics Control Operating Account (23P), Model Toxics Control Capital Account (23N). Both parties agree to comply with all applicable rules and regulations associated with these funds.

The parties have determined that the cost of accomplishing the work identified herein will not exceed two hundred fifty seven, six hundred ninety five dollars and zero cents (\$257,695.00), including any indirect charges. Payment for satisfactory performance of the work shall not exceed this amount unless the parties mutually agree via an amendment to a higher amount. Compensation for services shall be based on the terms and tasks set forth in Appendix A, *Statement of Work*. ECOLOGY will not make payment until it has reviewed and accepted the work.

Travel expenses (meals, lodging, and mileage) will be reimbursed according to current state rates at the time of travel, not to exceed the budget (see Appendix B, *Budget Detail*).

Purchase of source control tools or equipment (e.g. spill kits, plastic drum covers) and promotional items for distribution to businesses under this contract must be listed in *Goods and Services budget* or *Equipment budget* in Appendix B. Any purchases of equipment or goods and services over \$1,000.00 not specifically listed in Appendix B must be pre-approved by ECOLOGY. When the agreement expires, or when the equipment is no longer needed for the originally authorized purpose (whichever comes first) the disposition of equipment shall be at ECOLOGY's sole discretion.

Indirect rates will be paid as indicated in Appendix B, *Budget Detail*. Changes to the indirect rate may be considered by ECOLOGY. CONTRACTOR shall provide supporting documentation necessitating the change to ECOLOGY. ECOLOGY's approval will be communicated by e-mail. An increase in indirect rate does not increase the total contract award. Changes are handled by adjusting the budget between categories listed in Appendix B. Changes to the total budget cost of the contract shall require an amendment. The budget referenced in Appendix B may be adjusted between categories (with the exception of the voucher program budget category), with ECOLOGY's preapproval, and as long as the total budget is not exceeded.

ECOLOGY may, at its sole discretion, withhold payments claimed by the CONTRACTOR for services rendered, if the CONTRACTOR fails to satisfactorily comply with any term or condition of this Agreement.

4) BILLING AND PAYMENT PROCEDURE

Payment requests shall be submitted on state form, Invoice Voucher A19-1A. Invoice voucher shall reference the Agreement (IAA) number and clearly identify those items that relate to performance under this Agreement. Invoices shall describe and document to ECOLOGY's satisfaction a description of the work performed, the progress of the work, and related costs. Each invoice shall bill for actual hours worked during the quarter. The actual hours billed may be higher (as long as the total budget compensation award is not exceeded) or lower than the FTE estimate in Appendix A, *Statement of Work*. Attach supporting documentation to the invoice. See Appendix A, sections IV, V, and X for additional information (and section XI, Voucher Program if applicable).

Send invoices to:

State of Washington
Department of Ecology
Hazardous Waste & Toxics Reduction Program
Attn: Elaine Snouwaert
4601 N. Monroe Street
Spokane, WA 99205
Or
Electronically submit invoices to Elaine Snouwaert at Elaine.Snouwaert@ecy.wa.gov

Payment requests will be submitted on a quarterly basis. Invoices must be submitted by the dates outlined in Appendix A, section X. Upon expiration of this Agreement, any claim for payment not already made shall be submitted to ECOLOGY within 30 days after the expiration date or the end of the fiscal year, whichever is earlier.

Payment will be made within thirty (30) days of submission of a properly completed invoice (form A19-1A) with supportive documentation. All expenses invoiced shall be supported with copies of invoices paid.

Payment will be issued through Washington State's Office of Financial Management's Statewide Payee Desk. To receive payment, CONTRACTOR must register as a statewide vendor by submitting a statewide vendor registration form and an IRS W-9 form at website, <https://ofm.wa.gov/it-systems/statewide-vendorpayee-services>. For questions about the vendor registration process, contact Statewide Payee Help Desk at (360) 407-8180 or email PayeeRegistration@ofm.wa.gov.

5) ALTERATIONS AND AMENDMENTS

This Agreement may be amended by mutual agreement of the parties. Such amendments shall not be binding unless they are in writing and signed by personnel authorized to bind each of the parties.

6) ASSIGNMENT

The work to be provided under this Agreement, and any claim arising thereunder, is not assignable or delegable by either party in whole or in part, without the express prior written consent of the other party, which consent shall not be unreasonably withheld.

7) ASSURANCES

Parties to this Agreement agree that all activity pursuant to this agreement will be in accordance with all the applicable current federal, state, and local laws, rules, and regulations.

8) CONFORMANCE

If any provision of this Agreement violates any statute or rule of law of the state of Washington, it is considered modified to conform to that statute or rule of law.

9) DISPUTES

Parties to this Agreement shall employ every effort to resolve a dispute themselves without resorting to litigation. In the event that a dispute arises under this Agreement that cannot be resolved among the parties, it shall be determined by a Dispute Board in the following manner. Each party to this Agreement shall appoint one member to the Dispute Board. The members so appointed shall jointly appoint an additional member to the Dispute Board. The Dispute Board shall review the facts, agreement terms, and applicable statutes and rules, and then make a determination of the dispute. The determination of the Dispute Board shall be final and binding on the parties hereto, unless restricted by law. The cost of resolution will be borne by each party paying its own cost. As an alternative to this process, if state agencies, either of the parties may request intervention by the Governor, as provided by RCW 43.17.330, in which event the Governor's process will control. The parties may mutually agree to a different dispute resolution process.

10) FUNDING AVAILABILITY

ECOLOGY's ability to make payments is contingent on availability of funding. In the event funding from state, federal, or other sources is withdrawn, reduced, or limited in any way after the effective date and prior to completion or expiration date of this Agreement, ECOLOGY, at its sole discretion, may elect to terminate the Agreement, in whole or part, for convenience or to renegotiate the Agreement subject to new funding limitations and conditions. ECOLOGY may also elect to suspend performance of the Agreement until ECOLOGY determines the funding insufficiency is resolved. ECOLOGY may exercise any of these options with no notification restrictions, although ECOLOGY will make a reasonable attempt to provide notice.

In the event of termination or suspension, ECOLOGY will reimburse eligible costs incurred by the CONTRACTOR through the effective date of termination or suspension. Reimbursed costs must be agreed to by ECOLOGY and the CONTRACTOR. In no event shall ECOLOGY's reimbursement exceed ECOLOGY's total responsibility under the agreement and any amendments.

11) GOVERNING LAW AND VENUE

This Agreement is entered into pursuant to and under the authority granted by the laws of the state of Washington and any applicable federal laws. The provisions of this Agreement shall be construed to conform to those laws. This Agreement shall be construed and interpreted in accordance with the laws of the state of Washington, and the venue of any action brought hereunder shall be the Superior Court for Thurston County.

12) INDEPENDENT CAPACITY

The employees or agents of each party who are engaged in the performance of this Agreement shall continue to be employees or agents of that party and shall not be considered for any purpose to be employees or agents of the other party.

13) ORDER OF PRECEDENCE

In the event of an inconsistency in the terms of this Agreement, or between its terms and any applicable statute or rule, the inconsistency shall be resolved by giving precedence in the following order:

- a. Applicable federal and state of Washington statutes, regulations, and rules.
- b. Mutually agreed upon written amendments to this Agreement.
- c. This Agreement, number C2200031.
- d. Appendix A, *Statement of Work*.
- e. Appendix B, *Budget Detail*.
- f. Appendix C, *Special Terms and Conditions*.
- g. Any other provisions or term of this Agreement, including materials incorporated by reference or otherwise incorporated.

14) RECORDS MAINTENANCE

The parties to this Agreement shall each maintain books, records, documents, and other evidence that sufficiently and properly reflect all direct and indirect costs expended by either party in the performance of the service(s) described herein. These materials shall be subject to inspection, review, or audit by personnel of both parties, other personnel duly authorized by either party, the Office of the State Auditor, and federal officials so authorized by law. All books, records, documents, and other materials relevant to this Agreement must be retained for six years after expiration of this Agreement. The Office of the State Auditor, federal auditors, and any persons duly authorized by the parties shall have full access and the right to examine any of these materials during this period. Each party will utilize reasonable security procedures and protections for all materials related to this Agreement. All materials are subject to state public disclosure laws.

15) RESPONSIBILITIES OF THE PARTIES

Each party of this Agreement hereby assumes responsibility for claims and/or damages to persons and/or property resulting from any act or omissions on the part of itself, its employees, its officers, and its agents. Neither party will be considered the agent of the other party to this Agreement.

16) RIGHTS IN DATA

Unless otherwise provided, data which originates from this Agreement shall be "work made for hire" as defined by the United States Copyright Act, Title 17 U.S.C. section 101 and shall be owned by state of Washington, ECOLOGY. Data shall include, but not be limited to, reports, documents, pamphlets, advertisements, books magazines, surveys, studies, computer programs, films, tapes, and/or sound reproductions. Ownership includes the right to copyright, patent, and register these items, and the ability to transfer these rights.

17) SEVERABILITY

If any provision of this Agreement or any provision of any document incorporated by reference shall be held invalid, such invalidity shall not affect the other provisions of this Agreement which can be given effect without the invalid provision, if such remainder conforms to the requirements of applicable law and the fundamental purpose of this Agreement, and to this end the provisions of this Agreement are declared to be severable.

18) SUBCONTRACTORS

CONTRACTOR agrees to take complete responsibility for all actions of any Subcontractor used under this Agreement for the performance. When federal funding is involved there will be additional contractor and subcontractor requirements and reporting.

Prior to performance, all subcontractors who will be performing services under this Agreement must be identified, including their name, the nature of services to be performed, address, telephone, WA State Department of Revenue Registration Tax number (UBI), federal tax identification number (TIN), and anticipated dollar value of each subcontract. Provide such information to ECOLOGY's Agreement manager.

19) SUSPENSION FOR CONVENIENCE

ECOLOGY may suspend this Agreement or any portion thereof for a temporary period by providing written notice to the CONTRACTOR a minimum of seven (7) calendar days before the suspension date. CONTRACTOR shall resume performance on the first business day following the suspension period unless another day is specified in writing by ECOLOGY prior to the expiration of the suspension period.

20) TERMINATION FOR CAUSE

If for any cause, either party does not fulfill in a timely and proper manner its obligations under this Agreement, or if either party violates any of these terms and conditions, the aggrieved party will give the other party written notice of such failure or violation. The responsible party will be given the opportunity to correct the violation or failure within fifteen (15) business days. If failure or violation is not corrected, this Agreement may be terminated immediately by written notice of the aggrieved party to the other.

21) TERMINATION FOR CONVENIENCE

Either party may terminate this Agreement without cause upon thirty (30) calendar day prior written notification to the other party. If this Agreement is so terminated, the parties shall be liable only for performance rendered or costs incurred in accordance with the terms of this Agreement prior to the effective date of termination.

22) WAIVER

A failure by either party to exercise its rights under this Agreement shall not preclude that party from subsequent exercise of such rights and shall not constitute a waiver of any other rights under this Agreement unless stated to be such in a written amendment to this Agreement signed by an authorized representative of the parties.

23) AGREEMENT MANAGEMENT

The representative for each of the parties shall be responsible for and shall be the contact person for all communications, notifications, and billings questions regarding the performance of this Agreement. The parties agree that if there is a change in representatives, they will promptly notify the other party in writing of such change, such changes do not need an amendment.

24) ALL WRITINGS CONTAINED HEREIN

This Agreement contains all the terms and conditions agreed upon by the parties. No other understandings, oral or otherwise, regarding the subject matter of this Agreement shall be deemed to exist or to bind any of the parties hereto.

The signatories to this Agreement represent that they have the authority to bind their respective organizations to this Agreement.

IN WITNESS WHEREOF, the parties below, having read this Agreement in its entirety, including all attachments, do agree in each and every particular as indicated by their signatures below.

APPENDIX A
STATEMENT OF WORK
City of Kirkland

Section I. Introduction

This Statement of Work is for the 2021-2023 biennial Interagency Agreement (IAA) for the Pollution Prevention Assistance (PPA) Partnership, which is overseen by the Washington State Department of Ecology (ECOLOGY), Hazardous Waste and Toxics Reduction Program.

The mission of the Pollution Prevention Assistance Partnership is:

“We protect Washington’s residents and environment by helping small businesses reduce toxic chemical use, safely manage dangerous waste, and keep stormwater free of pollutants.”

The CONTRACTOR, through their Pollution Prevention Assistance (PPA) program, will conduct multimedia source control site visits and pollution prevention activities to businesses that are small quantity generators (SQGs) of dangerous waste. In this context an SQG is any business, non-profit, facility, school, or other organization that generates less than 220 pounds of dangerous waste per calendar month and less than 2.2 pounds of extremely hazardous waste per calendar year. The site visits, along with other pollution prevention activities conducted by the CONTRACTOR, will be designed to reduce or eliminate dangerous waste and other pollutants at the source through best management practices that prevent spills and discharges to ground, air, and water (especially to industrial wastewater and stormwater).

To further facilitate the reduction or elimination of toxic chemical use at the source, the CONTRACTOR will seek and discuss opportunities to assist businesses with switching processes, products, or equipment to use effective safer-alternatives. This program will be known as the “Product Replacement Program” or PRP.

The PPA work is expected to fall within these general proportions:	
Technical Assistance (TA) visits (approximately 10-15% of TA visits will involve PRP) (see Section III)	65%
Unique Program Elements (see Section II)	20%
Training (see Section VIII)	10%
Other (admin, staff meetings, etc.)	5%

The CONTRACTOR is expected to:

- Interact with other partners within the PPA Partnership to provide technical assistance and training, and share resources and experiences.
- Set up alerts to receive notifications when requests for information have been made on the PPA Partnership SharePoint Discussion Board.
- Ensure at least one staff member is available to provide timely information and feedback to ECOLOGY’s PPA Coordinator and to attend mandatory meetings and trainings. Feedback on Partnership goals, direction, and projects will occasionally be requested via online surveys and email requests.
- Act in a professional and ethical manner, and shall avoid any conflict of interest that might influence the CONTRACTOR’s actions or judgment.
- Disclose immediately to ECOLOGY any interest, direct or indirect, that might be construed as prejudicial in any way to the professional judgment of the CONTRACTOR in rendering service under this Agreement.

Key staff, estimated FTE, and their roles are identified in Table 1. Please note, this is an estimate of time dedicated to this contract over the full two years of the contract; quarterly invoicing must reflect **actual** hours worked even if hours are higher or lower than the FTE estimate.

Table 1: Key Staff

Staff Name	Estimated FTE	Role
Rachel Konrady	0	Contract Management
Contractor	1	PPA Specialist
Rachel Konrady	0	Billing
Aaron Hussmann	0	Outreach
Kelli Jones	0	Surface Water Program Supervisor

Section II. Unique Program Elements

The CONTRACTOR will conduct the unique elements for their PPA program, outlined in Table 2.

Table 2: Unique Program Elements

Program Element	Deliverable(s)
Resource Consistency Workgroup (RCW) – <i>a workgroup of PPA specialists focused on improving branding and messaging consistency across the partnership.</i>	<p>Work with the other members of the workgroup and Ecology to draft and finalize a workgroup charter and work plan for the RCW to use going forward.</p> <p>The charter should include the following items.</p> <ul style="list-style-type: none"> • Mission Statement or charge. • Powers and authority of committee. • Composition of the committee. • Roles and responsibilities.

	<ul style="list-style-type: none"> Decision-Making <p>The work plan should include the following items. Tasks for this biennium, including major milestone, timelines, and work products.</p> <p>Review and provide feedback to Ecology on draft documents for the Pollution Prevention Assistance partnership. See completed charter, and Ecology review procedures for more details.</p> <p>Participate in at least 90% of the workgroup meetings. If you are unable to attend the meeting, give the RCW lead as much notice as possible, and follow up with any assignments or document review as soon as possible.</p>
Product Replacement Program (PRP) Advisory Committee – <i>PPA specialists who will review materials and advise Ecology on implementation of various PRP projects.</i>	Participate in 90% of committee meetings.
	When requested by Ecology’s PRP team, review PRP outreach materials and processes; Provide feedback and insight into how it will best integrate with other PPA work.
	Advise and assist with the development of procedures and voucher forms for a PPA voucher program. Target to launch the voucher program is January 3, 2022.
Stormwater Phase II Permittee Advisory Committee - <i>PPA specialists to review materials and advise developers of the WSU Stormwater Center’s business inspection training materials with the purpose of promoting consistency across businesses and coordination to avoid overlap.</i>	Lead committee by organizing meetings and acting as primary contact with WSU.
	Participation in 90% of committee meetings. Participate on a committee to assist WSU’s development of permittee guidance and training. Provide insights on conducting business visits.
	Work with the other members of the committee and Ecology to draft and finalize a work plan. This work plan should describe the roles and responsibilities of participants and outline the tasks to be completed.
	Review all materials.
	Mentor up to three permittees staff (optional).
New specialist training discussion panel – <i>PPA specialists with extensive experience conducting PPA visits who will share knowledge and experience with new PPA specialists (see also Appendix A, Section VIII.1. for reference).</i>	Participate in 90% of scheduled panel discussions. Approximately 12 panel discussions over the course of the contract (6 per year), will be planned and hosted virtually by Ecology.
	Answer questions and share your experiences and tips for success.
Video Outreach Development Committee – <i>PPA specialists will collaborate to develop videos for business sector audiences under the guidance of Ecology staff.</i>	Participate on a committee to develop short videos or other electronic messaging to communicate messages about BMPs and advertise PPA services to businesses (in other languages as appropriate).
	Work with the other members of the committee and Ecology to draft and finalize a work plan. This work plan should describe the roles and responsibilities of participants and outline the tasks to be completed.

	Participate in at least 90% of the workgroup meetings. If you are unable to attend the meeting, give the RCW lead as much notice as possible, and follow up with any assignments or document review as soon as possible.
	Review all materials.

Section III. Technical Assistance Visits

The CONTRACTOR will conduct technical assistance site visits to small quantity generators of dangerous wastes, and to businesses or organizations that have the potential to pollute stormwater. Approximately 60% of the visits will be Initial Visits. If Initial Visits fall below 60%, combined Initial Visits and Follow-up Visits must account for at least 80% of the total visits. While necessary, efforts should be made to minimize Screening Visits.

- An **Initial Visit** occurs at the actual site and results in a completed ‘checklist’ (or enough data gathered to complete data entry into the LSC database). It will either be the first complete visit to a site OR the first visit in two or more years.
- A **Screening Visit** is an attempted visit to the site, but the business declined or put off the visit, OR you were interrupted during the visit and were unable to gather complete data, OR you discover that the facility does not exist anymore OR you discover that the business does not qualify for a visit under the PPA program (e.g. it is a medium or large quantity generator).
- A **Follow-Up Visit** should occur within 90 days of the Initial Visit. Follow-up should generally be done through an on-site visit. However, a phone conversation, mail or email exchange may count as a Follow-Up Visit if it includes confirmation that the issues that were identified in the initial visit were resolved. Follow-up Visits must be conducted to resolve High Priority Environmental Issues (See section below).

Table 3: Number of Technical Assistance Visits

Number of Total Visits	375
<i>Target for Initial Visits</i>	<i>200</i>
<i>Target for Follow-up Visits</i>	<i>150</i>

Business sectors, organizations, waste streams, and/or geographical area that will provide a focus for the 2021-2023 technical assistance visits are listed in Table 4.

Table 4: Technical Assistance Targets

Target	Rationale for selecting
Juanita Creek Watershed	The Juanita Creek basin is the largest in Kirkland and contains nearly 2,000 businesses. It includes the Totem Lake Urban Center. This will be a new area of focus for our PPA technical assistance services. We have received many complaints about businesses in this area and would like to focus efforts here.
Internal Kirkland Referrals (Spills, complaints, other inspections)	It is important to serve problem businesses identified from other inspections or through the Kirkland Spills Response Program.

Product Replacement Program Sectors: Automotive maintenance and Repair and Gymnastic and other athletic/entertainment centers with foam pits	Product Replacement Program implementation.
---	---

ECOLOGY may direct a portion of technical assistance visits toward specific priority sources or contaminants.

High Priority Environmental Issues

The below list is ECOLOGY’s high priority environmental issues because they have the potential to directly impact human health and/or the environment. If one or more of these issues are found during a site visit, a Follow-up visit is justified but not necessarily required. The severity of the issue will help determine if a Follow-up visit is necessary. A Follow-up visit to a business for other (non-high priority) issues is at the discretion of the CONTRACTOR.

When unable to resolve high priority environmental issues, the Pollution Prevention Specialist will refer the issue to ECOLOGY or other appropriate agency. Serious concerns about impacts to human health and/or the environment warrant a consultation with ECOLOGY or other regulatory agencies to determine whether or not the issue needs to be referred.

- Hazardous waste being improperly designated
- Hazardous waste being improperly disposed
- Hazardous products/wastes being improperly stored
- Compromised dangerous waste containers need to be repaired or replaced
- Illegal plumbing connection
- Illicit discharge of wastewater to storm drain
- Improperly stored containerized materials
- Improperly stored non-containerized materials
- Leaks and spills in dangerous waste storage areas

Visit Guidance

The following guidance applies to technical assistance visits, unless otherwise discussed with ECOLOGY:

1. Prior to the visit:
 - Coordinate with other entities that may be conducting business visits in the area to reduce potential “inspection fatigue.”
 - Check with ECOLOGY Urban Waters staff (where applicable) to ensure that the business is not currently being visited by Urban Waters staff.
 - Research site and issues prior to the visit using a combination of data sources such as LSC Database for previous visits or visits to similar businesses, industry resources, news articles, etc.
 - To the extent possible, verify the site is not a medium or large quantity generator.

- Check to see if a sector specific Checklist or Tip Sheet is available on the PPA Partnership SharePoint site to help guide the visit.
2. During the visit:
- Provide technical assistance on proper management of dangerous waste, prevention of stormwater pollution, spill prevention, and reduction of hazardous substance use (when applicable).
 - Ensure, at a minimum, all items on the basic Checklist are reviewed. If while at the site, it becomes apparent the business is a medium or large quantity generator, either complete the visit and count it as a screening visit, OR formally refer the dangerous waste portion to ECOLOGY to count it as a full initial visit. This site should not be scheduled for future visits, unless it is likely their generator status has changed to qualify as an SQG.
 - If appropriate, encourage businesses to participate in local green business programs, such as the EnviroStars business certification program.
 - If a Product Replacement Program (PRP) opportunity exists for the business, discuss the opportunity, terms and conditions, and steps to qualify as outlined in Section V.
 - Discuss spill response preparedness and offer spill kit for developing a plan. Funds can be used to purchase spill kits to provide to businesses. Occasionally ECOLOGY will provide spill kits through a bulk order, if funding is available.
 - If possible, photograph observed issues for before and after success stories.
 - Activities that may be beneficial during the visit include, but are not limited to, walking the site (interior and exterior), checking storm drains, checking for illicit connections, checking dumpster and waste storage, providing handouts, and ensuring necessary permits are in place.
3. At the end of the visit or after the visit:
- Provide written follow-up to document the results of the visit. This can be done by leaving a copy of the 'Checklist' or other documentation with the business at the end of the visit, by using a commitment postcard (format available in Branding Documents on PPA Partnership SharePoint), by sending a follow-up letter/email, or alternatively by sending a 'thank you' postcard if no issues were identified.
 - If necessary, coordinate with other agencies (e.g. the fire marshal, code enforcement, stormwater, wastewater treatment, and/or moderate risk waste staff) to ensure that the information you are providing is consistent with the other agency's regulations and/or best management practices.
 - The PPA Specialists will make referrals to ECOLOGY as needed and report results.

Section IV. Partnership Branding and Outreach

When unique outreach or educational materials are developed by the CONTRACTOR using PPA Partnership funds, a draft must be sent to ECOLOGY for review and approval. To the extent feasible, the CONTRACTOR must utilize the Partnership's branding tools and templates available to produce these materials. The intent of this requirement is to facilitate a unified image and consistent messaging across the Partnership. The Partnership logo and other branding resources are available on the PPA Partnership SharePoint site.

It may be appropriate to include funding acknowledgement on some outreach materials. The CONTRACTOR will consult with ECOLOGY's PPA Partnership Coordinator to determine whether funding acknowledgement is required.

Finalized materials which may be useful to other Partnership contractors should be provided for upload to the resource Document Library on the PPA Partnership SharePoint Site.

Each CONTRACTOR must maintain a PPA webpage which meets the minimum requirements developed by the 2020 Resource Consistency Workgroup. See PPA Partnership SharePoint Site for requirements. The incorporation of the minimum webpage requirements should be completed by June 30, 2022 unless otherwise approved by ECOLOGY.

Section V. Product Replacement Program (PRP)

The Product Replacement Program is designed to eliminate Persistent Bioaccumulative Toxic (PBT) chemicals from use in commerce. The PRP removes and replaces PBT chemicals present in products, processes, or technologies to help prevent toxics from entering the environment. One of the best and most effective ways to prevent further environmental contamination, protect water quality, and reduce human health risk is to eliminate these toxic chemicals at the source. The PRP assists businesses with switching to safer alternatives.

PPA contractors are integral to the PRP. The CONTRACTOR will seek and discuss opportunities to assist businesses with switching processes, products, or equipment to use effective safer-alternatives. For technical assistance visits, where PRP is discussed, CONTRACTOR will record in the LSC Database the type of product or equipment replacement opportunity the business is interested in and other required information.

The CONTRACTOR will assist ECOLOGY with the following programs:

1. Replacement of dry cleaning technology that uses perchloroethylene by visiting dry cleaners, discussing the program, assisting with required paperwork, and completing the final visit after new machine installation. Guidelines for this program are outlined in separate documents and posted on the PPA Partnership SharePoint.
2. Promoting awareness of the national mercury thermostat takeback program at appropriate businesses.

Additional takeback and replacement programs ECOLOGY is exploring for addition to the PRP include, but are not limited to:

1. PFAS-containing firefighting foam takeback program. Currently ECOLOGY is working directly with fire departments, but this program may be expanded to businesses with PFAS-containing fire suppression systems.
2. Flame retardants in foam and equipment at gymnasiums, play centers, and recreation facilities.
3. Degreasers and solvents in parts washing systems in multiple business sectors.
4. PCB-containing light ballasts in schools.
5. Additional chemicals and products may also be added to this list.

ECOLOGY, in collaboration with the PPA Partnership, will develop procedures and criteria, which must be met for a business to receive reimbursement for any of the above chemicals or products. PRP payments for reimbursement to the business will come directly from ECOLOGY and are not included within the CONTRACTOR's funding compensation associated with this contract.

The PRP reimbursement payment will be made through direct disbursement from ECOLOGY to the business implementing the product or equipment replacement. In order to facilitate these payments, the CONTRACTOR must assist ECOLOGY in maintaining records indicating how the business qualified for the PRP reimbursement per the PRP program's eligibility criteria. Eligibility criteria will be developed by ECOLOGY and the Product Replacement Program Committee for each type of reimbursement offered.

The CONTRACTOR will provide technical assistance to the business to help ensure the business qualifies for a PRP reimbursement payment from ECOLOGY by completing the following steps, unless otherwise specified in guidelines developed specific to an individual reimbursement. Specific requirements for individual reimbursement programs will be maintained on the PPA Partnerweb SharePoint site.

1. CONTRACTOR conducts technical assistance visit and provides business with recommendations to reduce or eliminate a qualifying chemical or product. These recommendations must be recorded in the LSC Database.
2. CONTRACTOR must communicate to the business that it may take up to 4 months to receive payment from ECOLOGY after purchase and that the business must respond to inquiries from ECOLOGY or the Office of Financial Management (OFM) in a timely manner to avoid delays in payment.
3. CONTRACTOR assists business as needed with paperwork required to apply for reimbursement, including a state payee registration form.
4. Business purchases approved product or equipment and converts fully to utilization of new product or equipment in accordance with the eligibility criteria for the PRP reimbursement.
5. Business submits receipts for the product or equipment purchase and installation to ECOLOGY's PRP Coordinator. This submittal may be facilitated through the CONTRACTOR's representative for some PRP projects.
6. CONTRACTOR may be requested by ECOLOGY to verify through a site visit and review of records that product or equipment has been installed per PPA Specialist or ECOLOGY recommendations, old product or equipment has been legally disposed of or decommissioned, and all other eligibility criteria have been met.

For information about an optional voucher program that the CONTRACTOR can provide directly to a business, see Section XI.

Section VI. Timeline

Table 5: Timeline

Time Period	Goal for number of Site Visits	Unique Program Element activities	Technical Assistance Target activities
July 1, 2021 – December 31, 2021	35 - initial/follow up 5 - screening	<ul style="list-style-type: none"> • Resource Consistency Workgroup • Product Replacement Committee • Stormwater Phase II Permittee Advisory Committee • Video Outreach Development Committee 	Juanita Creek, Referrals, Product Replacement Sectors
January 1, 2022 – June 30, 2022	125 - initial/follow up 15 - screening	<ul style="list-style-type: none"> • Resource Consistency Workgroup • Product Replacement Committee • Stormwater Phase II Permittee Advisory Committee • Video Outreach Development Committee 	Juanita Creek, Referrals, Product Replacement Sectors
July 1, 2022 – December 31, 2022	125 - initial/follow up 5 - screening	<ul style="list-style-type: none"> • Resource Consistency Workgroup • Product Replacement Committee • Stormwater Phase II Permittee Advisory Committee • Video Outreach Development Committee 	Juanita Creek, Referrals, Product Replacement Sectors
January 1, 2023 – June 30, 2023	65 - initial/ follow ups	<ul style="list-style-type: none"> • Resource Consistency Workgroup • Product Replacement Committee • Stormwater Phase II Permittee Advisory Committee • Video Outreach Development Committee 	Juanita Creek, Referrals, Product Replacement Sectors

Section VII. Local Source Control (LSC) Database

Information gathered during technical assistance visits by the CONTRACTOR must include all of the elements that are listed in the most up-to-date PPA Checklist (check PPA Partnership SharePoint site for details) and be entered into ECOLOGY's LSC database. The following guidance applies to all technical assistance visits, unless otherwise discussed with ECOLOGY:

- Collect enough information to complete all of the applicable fields in ECOLOGY's LSC database and enter it into the database within 15 work days of the visit.
- If you make a referral to a regulatory agency, enter the information about the referral into the database within 15 work days of the referral.
- Ensure that data entry is complete and accurate.
- At a minimum all elements on the most recent version of ECOLOGY's PPA Checklist must be checked at each business visit. Specialists must attest that they have verified all elements.
 - Additional sector specific checklists are available on the ECOLOGY PPA Partnership SharePoint Site.
 - CONTRACTOR may substitute use of their own version(s) of the checklist(s) as long as it contains all elements on ECOLOGY's most recent checklist (See PPA Partnership SharePoint for details), and has been reviewed and approved by ECOLOGY staff.
- Refer to the LSC database instructions posted in the database interface, or contact ECOLOGY PPA staff, for assistance with database entry.
- If using paper checklists or equivalent documentation, maintain originals in accordance with your local public disclosure laws.

Section VIII. Training

ECOLOGY expects that the CONTRACTOR will provide basic training to the Pollution Prevention Assistance Specialists on topics relevant to their position. ECOLOGY will provide additional training to ensure that CONTRACTOR's staff are properly trained and supported to conduct PPA activities, and that experienced staff are exposed to new information, and have opportunities to share their expertise for the benefit of the PPA Partnership. The following types of training are provided. Table 6 below contains a tentative training schedule; ECOLOGY will communicate the final schedule to the CONTRACTOR.

New PPA Specialist Mentoring and Training

ECOLOGY staff and experienced PPA Specialists will provide a variety of training support to new PPA staff. ECOLOGY will provide new hires a "welcome email" within the first two weeks of work as a PPA Specialist. This email will provide instructions for accessing the PPA Partnership SharePoint, LSC Database, and guidance on resources and training. All Specialists are expected to create an "alert" for the PPA Partnership SharePoint Discussion Board to receive email alerts at least once per week when topics are posted.

1. New PPA Specialist Training & SharePoint Resources

New PPA specialist training is provided in the form of self-paced online modules available through ECOLOGY's PartnerWeb SharePoint site, and web-based discussion panels. The web-based discussion panels will be planned and conducted by ECOLOGY staff and include new specialists and experienced PPA specialists who can offer suggestions and feedback to new specialists. The discussion panels are scheduled for the second Thursday of every other month from 10:30 to 12:00. On occasion these meetings will need to be rescheduled to accommodate panelists or new specialists

who cannot make the originally scheduled date. ECOLOGY staff will provide as much notice as possible when these panels are rescheduled.

Schedule:

Discussion Panel Schedule – July 2021 thru June 2023		
2021	2022	2023
August 12, 2021	February 10, 2022	February 9, 2023
October 14, 2021	April 14, 2022	April 13, 2023
December 9, 2021	June 9, 2022	June 8, 2023
	August 11, 2022	
	October 13, 2022	
	December 8, 2022	
Attendance Requirement: All new specialists who have not yet attended six (6) discussion panels are required to attend. Panelists are required to attend all discussion panels.		

2. Field Mentoring & Training Review

The CONTRACTOR will provide training to their new staff to ensure they can perform the work. In addition, ECOLOGY will assign two experienced PPA Specialists as mentors to provide field training and support to a new hire. If available, one mentor will be from the CONTRACTOR’s organization and the other mentor from another PPA contractor (partner) jurisdiction in as close proximity as possible. Mentors will be assigned within two weeks of notifying ECOLOGY of new staff hires.

Field mentoring will involve a series of accompanied field visits designed by the mentor and ECOLOGY staff to support the needs of the new hire. When the mentor and new hire determine they are ready, an ECOLOGY staff will accompany the new hire on a few technical assistance visits, to ensure that they are providing accurate information on proper waste management, spill prevention, storm water pollution prevention, and toxics reduction opportunities.

All-Staff Trainings for all PPA Specialists

All-Staff Trainings will be planned and conducted by teams of PPA Specialists from two to three PPA contractors (partners). When appropriate these trainings will be held in-person to facilitate interaction and networking between PPA Specialists, ECOLOGY, and invited presenters. Depending on current situations related to the COVID-19 pandemic or other health and safety concerns, All Staff Trainings may be held virtually via an online platform. Training topics are intended to help new staff become more competent in their work, and experienced staff to gain greater technical depth on relevant topics. ECOLOGY staff will determine the teams, provide initial guidance, review agendas, and provide support for planning and logistics.

Schedule: Typically, these trainings are held the second Wednesday in September and March or April. The trainings are usually scheduled between 8:30 a.m. and 3:30 p.m. with overnight travel allowed for jurisdictions if needed (see state travel rules). ECOLOGY must pre-approve overnight travel if it is being charged to the PPA budget. When training is held virtually online, the training will be scheduled across two half-days.

If staff and resources become available, ECOLOGY will add an additional All Staff Training event. An additional training event would likely be held in June.

Attendance Requirement: Unless prior approval has been given by ECOLOGY, it is mandatory for at least one PPA specialist per jurisdiction to attend the All Staff Trainings. This person is responsible for disseminating information back to the PPA specialists from that jurisdiction. Managers are welcome but not required to attend. Generally, training substitutions are not allowed for the All Staff Trainings, however, exceptions may apply. ECOLOGY staff must approve non-emergency absences or training substitutions at least two weeks prior to the training.

Webinar Trainings

ECOLOGY conducts Webinars during most of the months that do not have All Staff Trainings. These sessions are intended to expose PPA Specialists to new information or technical topics relevant to their work. Suggestions on topics and speakers are welcomed from PPA contractors (partners). ECOLOGY will also ask PPA contractors to present on case studies.

Schedule: These are one and a half hour sessions, held on the second Wednesday of the month. Occasionally these sessions will need to be scheduled at alternative times to accommodate speaker availability. Up to eight Webinars will be scheduled each year.

Attendance Requirement: Each PPA Specialist must attend at least six of the eight Webinars each year.

Another type of training that is relevant to PPA Specialists’ work may be substituted for up to two of the Webinars. Notification of the substitution must be provided to and pre-approved by ECOLOGY at least two weeks in advance of the Webinar.

Table 6: Tentative Training Schedule (subject to change)

Date	Type	Date	Type
July, 2021	No training	July, 2022	No training
August 11, 2021	Webinar	August 10, 2022	Webinar
September 8-9, 2021	Webinar or All-Staff*	September 14-15, 2022	Webinar or All-Staff*
October 13-14, 2021	Webinar or All-Staff*	October 12-13, 2022	Webinar or All-Staff*
November 10, 2021	Webinar	November 9, 2022	Webinar
December 8, 2021	Webinar	December 14, 2022	Webinar
January 12, 2022	Webinar	January 11, 2023	Webinar
February 9, 2022	Webinar	February 8, 2023	Webinar
March 9-10, 2022	Webinar or All-Staff*	March 8-9, 2023	Webinar or All-Staff*
April 13-14, 2022	Webinar or All-Staff*	April 12-13, 2023	Webinar or All-Staff*
May 11, 2022	Webinar	May 10, 2023	Webinar
June 8, 2022	Webinar	June 14, 2021	Webinar
* When possible an in-person All Staff Training will be held in conjunction with the NW Chapter Annual Conference.			

Section IX. Reporting and Contract Changes

Quarterly Progress Reports

A brief progress report shall be submitted quarterly with each invoice (see schedule in Section X, Table 7). This report should indicate the work completed during the quarter and billed on the invoice, including the type and number of visits conducted, progress on Unique Program Elements, and any other information regarding contract performance that should be brought to ECOLOGY's attention. The Progress report must also include the number of visits where the PRP was presented and discussed. The Progress report should only include the status of the work conducted during the quarter and NOT include a roll-up of progress to-date since it services as backup documentation for the expenses included in the quarterly invoicing, see Section X.

Annual Reports

Annual reports are used to briefly summarize contract status to-date including: number of site visits performed, Unique Program Element activities conducted, Technical Assistance Target activities conducted, lessons learned, and budget status. Annual reports shall be provided to ECOLOGY by July 31, 2022 and July 31, 2023. The report shall include two to three 'case studies' of a business or organization that benefitted from a PPA site visit. Photographs of the business before and after the visit, showing the beneficial changes should be provided, if at all possible. The second year annual report should capture details for the full contract period as ECOLOGY will use these reports to create a biennial report on the Partnership. ECOLOGY will make report templates available on the PPA Partnership SharePoint. ECOLOGY will request, with advanced notice, that PPA CONTRACTORS provide presentations on their case studies at Webinars and All-Staff meetings.

Contract Changes

Any of the following changes shall be reported to the ECOLOGY PPA Partnership Coordinator within 10 business days:

- Key personnel changes (staff or manager leaving, new hires, etc.)
- Initiation of or changes to a subcontract (see Section 18 of the Interagency Agreement for specific information that is required regarding subcontractors)

Section X. Invoicing

Invoice (billing) procedures are outlined in the Interagency Agreement, (see Section 4). In addition, the following information is provided:

- See also Appendix A, Statement of Work, Section V.
- The Invoice Voucher (form A19-1A) must have a wet signature or scanned if submitted electronically. If submitting a scanned copy, the CONTRACTOR will retain original signed A-19-1A in CONTRACTOR's records per record retention requirements.
- Support documents may be submitted via email.
- Each invoice shall only bill for actual hours worked during the quarter which may be higher or lower than the FTE estimate in Section I, Table 1 of Appendix A, *Statement of Work*.
- Quarterly invoicing will follow the schedule in Table 7.

Table 7: Invoicing Schedule

Quarter	Months	Due Date
1	July, August, September 2021	November 10, 2021
2	October, November, December 2021	February 10, 2022
3	January, February, March 2022	May 10, 2022
4	April, May, June 2022	July 31, 2022 (earlier Due Date due to end of fiscal year requirements)
5	July, August, September 2022	November 10, 2022
6	October, November, December 2022	February 10, 2023
7	January, February, March 2023	May 10, 2023
8	April, May, June 2023	July 31, 2023 (earlier Due Date due to end of biennium requirements)

Section XI. Voucher Program

The CONTRACTOR will offer businesses vouchers for the cost of pollution prevention equipment or other recommendations, in accordance with the procedures developed for this voucher program. Payments will be made directly by the CONTRACTOR to the business. Examples of qualifying equipment or costs include but are not limited to secondary containment, drum covers, drum funnels with lids, infrastructure changes, substitution of less toxic products, and catch basin cleaning. The CONTRACTOR must maintain records for each of their voucher reimbursement payments issued and ensure a business is limited to one voucher per calendar year. Each voucher payment will be capped at \$500 or less. These reimbursements will come from the \$5,000 budget category included in this contract and cannot be shifted to or from other budget categories (see Appendix B). Documentation of voucher payments will be submitted to ECOLOGY with the quarterly invoicing (Section X).

The specific forms, processes, and procedure for this voucher program will be developed in the first six months of this contract by the Product Replacement Program Advisory Committee. The CONTRACTOR will follow the procedures approved by ECOLOGY and housed on the PPA Partnership SharePoint. The target date for beginning to offer this voucher program is January 3, 2022.

Goods & Services (items over \$1000 must be listed here or approved by ECOLOGY prior to reimbursement)	Estimated Cost

Table B.

Equipment (items over \$1000 must be listed here or approved by ECOLOGY prior to reimbursement)	Estimated Cost

APPENDIX C SPECIAL TERMS AND CONDITIONS

- 1) Certification Regarding Suspension, Debarment, Ineligibility or Voluntary Exclusion
 - a) CONTRACTOR, by signing this agreement, certifies that it is not suspended, debarred, proposed for debarment, declared ineligible or otherwise excluded from contracting with the federal government, or from receiving contracts paid for with federal funds. If the CONTRACTOR is unable to certify to the statements contained in the certification, they must provide an explanation as to why they cannot.
 - b) CONTRACTOR shall provide immediate written notice to ECOLOGY if at any time the CONTRACTOR learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
 - c) The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact ECOLOGY for assistance in obtaining a copy of those regulations.
 - d) CONTRACTOR agrees it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under the applicable Code of Federal Regulations, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.
 - e) CONTRACTOR further agrees by signing this agreement, that it will include this clause titled "CERTIFICATION REGARDING SUSPENSION, DEBARMENT, INELIGIBILITY OR VOLUNTARY EXCLUSION" without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
 - f) Pursuant to 2CFR180.330, the CONTRACTOR is responsible for ensuring that any lower tier covered transaction complies with certification of suspension and debarment requirements.
 - g) CONTRACTOR acknowledges that failing to disclose the information required in the Code of Federal Regulations may result in the delay or negation of this funding agreement, or pursuance of legal remedies, including suspension and debarment.
 - h) CONTRACTOR agrees to keep proof in its agreement file, that it, and all lower tier CONTRACTORS or subcontractors, are not suspended or debarred, and will make this proof available to ECOLOGY before requests for reimbursements will be approved for payment. CONTRACTOR must run a search in <http://www.sam.gov> and print a copy of completed searches to document proof of compliance.
-
