

2022 Water, Sewer + Solid Waste Utility Rates

供水和污水相关信息

Información sobre agua y alcantarillado

Informações de água e esgoto

Информация о водоснабжении и канализации

As a City of Kirkland water, sewer, and solid waste customer, you will see an increase in rates starting on your February and March 2022 utility statements. It is necessary that the City adjust its customer rates primarily due to increases imposed by Cascade Water Alliance, King County Wastewater Treatment, and Waste Management.

2022 Utility Rate Changes

Single Family Residential Rate Changes

Impact of New Water + Sewer Rates on Typical Residence

	What You Pay Per Month Now	What You Will Pay Per Month in 2022	Monthly \$ Impact	% Increase
Water	\$47.42	\$47.89	\$0.47	1.0%
Sewer	\$78.27	\$80.31	\$2.04	2.6%
Total	\$125.69	\$128.20	\$2.51	2.0%

Solid Waste Rate Changes

Residents' hazardous waste fee will increase from \$0.98 to \$1.04 per month.

Please see kirklandwa.gov/sfutilities for current solid waste rates. You will receive a separate mailer with more information this spring.

Multifamily + Commercial Rate Changes

Multifamily and commercial bills will increase by the same overall percentage for water and sewer.

Surface Water Fees

Surface water fees are collected by King County on the City's behalf and are included on your property tax statements. These fees are increasing by 2.0% for all customers, which is about \$0.37 per month for single family residential customers.

2022 Service Fees

Alternate Billing.....\$10
To change the mailing address to address other than property owner (e.g. tenant)

Estimated Final Bill.....\$30
Typically requested as part of a home sale or when there is permanent closure to water service

Final Read Fee \$40
Typically requested as part of a home sale or when there is permanent closure to water service

Water Shut Off Tag Fee \$20
Applied for having property tagged prior to a potential water shut-off due to an unpaid bill

When do rate changes take effect?

Water and sewer rates took effect **December 1, 2021**. Solid waste rates took effect **January 1, 2022** but will be adjusted later in 2022 to reflect an increase in solid waste collection costs. New rates will be reflected in your February/March 2022 bill.

Exactly how much more will I pay?

Because water, sewer, and solid waste usage is different for each customer, it is not possible to specify the exact impact on your bill. See reverse for year-to-year comparison.

Low Income Senior Discounts

Discounts are available if you live in a single family home and you or your spouse is 62 years of age or older, and your 2021 gross monthly income was less than:

- \$3,375.00 if you are single
- \$3,858.34 if you are married

Reactivating Your Service

In the unfortunate event that your water and sewer bills are unpaid after receiving a Delinquent Notice, the City will shut off your water service. To restore it, the following fees would apply:

Shut Off Fee / Unpaid Bill\$40
For failure to keep account current

After Hours Activation\$50
To activate water service after 3 p.m. on weekdays, or on weekends in case of an emergency or at request of account holder

2021 vs. 2022 Utility Rates

Single Family Residential Water & Sewer Rates, 2021 vs. 2022 (2-Month Billing)

Water	2021 Rate	2022 Rate
Basic Charge	\$43.14	\$43.58
<i>Charge Per Unit for Additional Water Consumed</i>
