Mary will do Net Control next week June 26th

Good of the Order

Cascadia Rising Review:

- CPOD
 - o Mitch, Howard, Brian, and Mary. Couldn't hit the repeater for Lake Washington HAM club repeater at all parking lot locations, tried a different antenna and that helped.
- Mass Care
 - o Mitch, Howard, Marcia, Mary, and Brian. Not all team members were working on the same frequency list and couldn't hit the repeater. When Mitch was in his car, he could hit the repeater. With handhelds couldn't get enough power to hit the repeaters.
- Bellevue radio calls had some glitches with the process and the information

Website updates: The Net Control schedule and team roster will be updated on the KECT website
