

KIRKLAND PARK BOARD REGULAR MEETING

Date: January 13, 2021

Time: 7:00 p.m.

Place: Meeting to be held virtually, via Zoom

The mission of the Park Board shall be to provide policy advice and assistance to the Department of Parks and Community Services and City Council in order to ensure the effective provision of Parks and Community Services programs and facilities to the residents of the City of Kirkland.

AGENDA

1. **CALL TO ORDER**
2. **ROLL CALL**
3. **WELCOME/INTRODUCTION OF NEW MEMBERS**
4. **ITEMS FROM THE AUDIENCE**
5. **APPROVAL OF MINUTES**
 - a. February 2020
6. **BUSINESS ITEMS**
 - a. Chair/Vice-Chair Elections
 - b. Plaza of Champions Nomination
 - c. Capital Projects Update
 - d. Park Board Retreat Planning
7. **COMMUNICATIONS**
 - a. Correspondence
 - b. [Department Monthly Report](#)
 - c. Staff Updates and Information
 - d. Park Board member reports
 - e. Comments from the Chair

Alternate Formats: Persons with disabilities may request materials in alternative formats. Persons with hearing impairments may access the Washington State Telecommunications Relay Service at 711.

Title VI: Kirkland's policy is to fully comply with Title VI of the Civil Rights Act by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its programs and activities. Any person who believes his/her Title VI protection has been violated, may file a complaint with the City. To request an alternate format, file a complaint or for questions about Kirkland's Title VI Program, contact the Title VI Coordinator at 425-587-3011 or titlevicoordinator@kirklandwa.gov.

The City of Kirkland strives to accommodate people with disabilities. Please contact the City Clerk's Office at 425.587.3190, or for TTY Services call 425.587.3111 (by noon the work day prior to the meeting) if we can be of assistance. If you should experience difficulty hearing the proceedings, please bring this to the attention of the Chairperson by raising your hand.

KIRKLAND PARK BOARD

Minutes of Regular Meeting

February 12, 2020

1. CALL TO ORDER

February 12, 2020, Park Board Regular meeting was called to order at 7:00 p.m. by Chair Susan Baird-Joshi.

2. ROLL CALL

Members Present: Chair Susan Baird-Joshi, Vice-Chair Amanda Judd, Richard Chung, Mike Holland, Daniel Triplett, Rosalie Wessels

Members Absent: Uzma Butte

Staff Present: Linda Murphy, Mary Gardocki, John Lloyd, Jason Filan

Recording Secretary: Heather Lantz-Brazil

3. SPECIAL PRESENTATION

4. ITEMS FROM THE AUDIENCE

5. APPROVAL OF MINUTES

Ms. Baird-Joshi suggested amending the meeting minutes to add a hyphen to "Baird-Joshi" under the Roll Call section. Ms. Judd moved to approve the January 08, 2020 meeting minutes as amended. Motion seconded by Ms. Wessels. Motion passed.

6. BUSINESS ITEMS

a. 132nd Sq. Park – 30% Design Review

Mary Gardocki, Parks Planning and Development Manager gave an overview of the design process. Craig Skipton, Director of Landscape Architecture and Caroline Templeton, Senior Landscape Project Manager from AHBL gave a presentation on the 30% design development of 132nd Square Park. Consultants and staff answered questions from the Board.

b. Feedback from Community on Active Amenities in Parks

Jason Filan, Parks Operations Manager provided a brief overview of the feedback gathering process regarding active amenities in parks. The Board shared with Staff feedback received from the community on possible active amenities to be installed in 2020.

c. Playground Replacement Process

Mary Gardocki, Park Planning and Development Manager explained the Playground Replacement Process, including the process for replacement of the play structure at the North Kirkland Community Center. Staff answered questions from the Board.

7. COMMUNICATIONS

a. Correspondence

b. Department Monthly Report

Staff answered questions from the Board during the discussion of the department's monthly report.

c. Staff Updates and Information

Staff shared upcoming Parks and Community Services agenda items on the next City Council meeting. Staff also shared the following:

- Totem Lake Park award will be on the February 18, 2020 City Council consent agenda
- Finn Hill Middle School ribbon-cutting event on March 2, 2020
- North Kirkland Community Center Open House from 10 a.m. to noon on March 3, 2020
- 132nd Square Park 30% Design presented to City Council on March 3, 2020

d. Park Board member reports

Board members reported on attending neighborhood meetings and community events.

e. Comments from the Chair

February 13, 2020 at 4 p.m. is the deadline to apply for Kirkland advisory boards. Interviews for Park Board will be held on March 19, 2020. On May 13, 2020, the Board should prepare to discuss possible topics to bring to City Council for a future study session.

ADJOURNMENT

Ms. Wessels moved to adjourn the meeting. Mr. Chung seconded. The motion passed and the meeting was adjourned at 9:00 p.m.

Heather Lantz-Brazil, Recording Secretary
Parks and Community Services

Susan Baird-Joshi, Chair
Park Board

CITY OF KIRKLAND
Department of Parks and Community Services

www.kirklandwa.gov

MEMORANDUM

To: Park Board

From: John Lloyd, Deputy Director, Parks and Community Services
 Mary Gardocki, Park Planning and Development Manager

Date: January 4, 2021

Subject: Election of Chair and Vice-Chair

RECOMMENDATION

That the Park Board conduct elections to fill the positions of Chair and Vice-Chair for 2021. Another option is to table the election to a future meeting given the unusual circumstance with COVID19 cancelling most meetings in 2020.

BACKGROUND DISCUSSION

Kirkland Municipal Code 3.36.040 states that the Park Board Chair and Vice-Chair will be elected annually to a one-year term and elections will be held at the Board's final meeting of the year. Due to the COVID-19 pandemic, Park Board only held two meetings in 2020. When the pandemic began, it was not known that the Board would not hold any further meetings in 2020. As such, no elections were conducted in 2020 for 2021 positions.

The Chair is responsible for presiding over Park Board meetings. The Chair may be called on to attend other meetings with City Council, the community, or staff. The Vice-Chair is responsible for performing the duties of the Chair in the event the Chair is not present. Should the Chair be unable to complete their term, the Vice-Chair will assume the Chair position for the remainder of the year. The Chair and Vice-Chair may be asked to represent the Park Board by speaking at events, such as park dedication ceremonies or naming events. The Chair and Vice-Chair meet with Parks and Community Services staff to discuss issues and to assist in setting the agenda for upcoming meetings.

The Chair may be re-elected once to serve a maximum of two years. The current Chair, Susan Baird-Joshi, has completed one year as the Chair. No such term restriction is applied to the position of Vice-Chair.

In the past, staff have sought and received feedback from Park Board members about the skills and abilities needed in the next Chair and Vice-Chair. Common responses include the following:

- Strong organizational skills
- Meeting facilitation skills
- Time management/keeping discussions on topic

- Finding a balance between ensuring everyone has a chance to speak yet ensuring discussions do not drag on unnecessarily
- Ability to interpret and understand the thoughts and feelings of other Board members
- Knowledge of department

Board members should consider the demands of the position in addition to the identified skills and abilities when evaluating nominees during this election procedure. Board members should think about who possesses these skills and abilities, and who would make a good Chair/Vice-Chair.

The Chair will conduct the election process. During the election process, any Board member may nominate any other Board member, including themselves, for the position being elected. Nominations do not need to be seconded by another Board member; however, a nominee may decline the nomination if desired.

Staff recommend the process outlined below for elections.

1. Conduct the election for the Chair position first, followed by the Vice-Chair position.
2. The Chair begins the election procedure by calling for nominations for the open position being considered.
3. Once all nominations have been made, the Chair closes the nomination period and gives each nominee the opportunity to speak toward their desire for the position.
4. Once each nominee (who has accepted the nomination) has been given the chance to speak, the Chair shall ask the Recording Secretary to call the vote.
5. The election will be conducted via roll call vote, in which the Recording Secretary will call on each Board member to announce their vote. The Recording Secretary will repeat the vote to ensure accuracy.
6. The nominee with the most votes will be declared the winner.
7. In the event of a tie, the voting process will be repeated with the tied nominees until there is no longer a tie. The Chair may choose to provide a second opportunity for the tied nominees to speak toward their desire for the position.

The new Chair/Vice-Chair will assume these positions following the adjournment of the Park Board meeting in which the election is conducted.

MEMORANDUM

To: Park Board

From: John Lloyd, Deputy Director

Date: January 4, 2021

Subject: Plaza of Champions Nomination

Recommendation

That the Park Board review the nomination of Wes Carpenter for Kirkland's Plaza of Champions and forward a recommendation to the City Council.

Background

The Plaza of Champions was initiated in 1988 to honor and recognize those groups and individuals in the greater Kirkland area who have reached the pinnacle of achievement in their chosen field and have, through that achievement, contributed in a significant way to our community. This contribution may be in providing state, national, or international recognition for Kirkland and its residents, and/or improving the quality of life for a significant segment of the greater Kirkland community. Honorees are inducted with a public ceremony and have a bronze plaque installed in their honor at the Plaza of Champions near Marina Park.

The Park Board has been established as the review panel to consider and make recommendations on all nominations. Final acceptance is determined by the City Council.

Criteria adopted by the City Council for the Plaza of Champions are intended to be both broad and flexible (**Attachment 1**). However, the standards set for this tribute are intended to be high.

The following criteria are used in selecting inductees into the Plaza of Champions:

- I. Local, State, National, or International Level of Achievement
- II. Identity with Greater Kirkland
- III. Significance of Achievement
- IV. History of Achievements, including: documents, press clippings, photos or other examples of media coverage related to the achievement.

A list of prior honorees is provided as **Attachment 2**.

Kirkland resident, Wes Carpenter, has been nominated for induction into the Plaza of Champions for his achievements related to his service in the Army. Please see the attached nomination packet that has been submitted on his behalf (**Attachment 3**).

Criteria I – Level of Achievement - *Level of Achievement must be highest possible, unique, and/or exceptional in chosen field or endeavor.*

Mr. Carpenter received the Bronze Star Medal for Heroism with Valor, and the Army Commendation Medal for saving many lives while serving in Vietnam. While not the highest honor that can be achieved for service in the Army, the Bronze Star is a significant award.

Conclusion: Staff believes that these achievements are exceptional and meet the criteria established for Level of Achievement.

Criteria II – Identity With Kirkland - *Applicant must meet at least 2 of the following criteria:*

- 2.1 Born in Kirkland
- 2.2 Currently Resides in Kirkland
- 2.3 Lived in Kirkland at least 10 yrs.
- 2.4 Improved quality of life in Kirkland
- 2.5 Works in or owns Kirkland business
- 2.6 Other justification

Conclusion: Staff have determined that Mr. Carpenter meets at least 2 of the identified criteria established for Identity with Kirkland.

Criteria III – Significance of Achievement - *Applicant must meet at least 1 of the following criteria:*

- 3.1 Recognition of achievement by Kirkland Community
- 3.2 Peers recognize achievement as outstanding
- 3.3 Played a key role in group effort
- 3.4 Achievement improved quality of life

Conclusion: Staff has determined that Mr. Carpenter meets at least 1 of the identified criteria established for Significance of Achievement.

History Requirement

Information has been provided as part of the nomination packet and satisfies this requirement.

Conclusion

Staff has reviewed the nomination and believes that Mr. Carpenter meets or exceeds the adopted criteria for induction into Kirkland's Plaza of Champions. Following discussion by the Park Board, staff will present the Board's recommendation to City Council for a final decision. If this nomination is approved by Council, staff will work with Mr. Carpenter and his family to schedule a public induction ceremony later in the year.

- 2 – List of Past Honorees
- 3 – Nomination Packet

KIRKLAND PLAZA OF CHAMPIONS Nomination Guide

CRITERIA AND ELEMENTS

An applicant for recognition should satisfy the listed minimum number of the elements from each of the three (3) criteria listed below. Applicants must meet the eligibility requirement listed in Criterion I, must meet at least two (2) of the elements from Criterion II, and must meet at least one (1) of the elements from Criterion III.

In addition, the applicant must also furnish a history of achievements. These achievements must have occurred at least one calendar year prior to submission of the application. The honor cannot be conferred unless the history is provided.

Applicants will be reviewed by the Kirkland Park Board, whose decision will be final.

CRITERION I

LOCAL, STATE, NATIONAL, OR INTERNATIONAL LEVEL OF ACHIEVEMENT

The following basic eligibility requirement must be met before a nominee can be considered for possible induction.

ELEMENTS:

1.1 Level of Achievement

The level of achievement by the individual or team must be explicitly stated and should be the highest possible level of achievement in fields such as science, education, athletics, the arts (music, drama, literary, fine arts, etc), medicine, debate, etc.

The Plaza of Champions is not intended to recognize **lifelong or enduring** achievement in a particular field unless the applicant has previously received an award for such lifelong achievement.

This basic achievement element also provides the opportunity for nomination of first-time achievements (examples: first Kirkland resident to swim the English Channel, first Kirkland individual or group to participate in a national competition, etc.).

If it is not possible to identify the highest possible level of achievement, the applicant must provide a detailed explanation as to why the achievement is considered to be exceptional.

CRITERION II

IDENTITY WITH GREATER KIRKLAND

Applicant must consider Kirkland to be his/her home or identify with Kirkland in such a way that the Kirkland community recognizes the applicant as a "Kirklander."

At least two (2) of the following elements must be met before a nominee can be considered for possible induction.

ELEMENTS:

2.1 Born in the Kirkland area.

This means that the parent(s) were residing in Kirkland at the time of the candidate's birth.

2.2 Currently resides in Great Kirkland area.

Applicant currently has a Kirkland address. Applicant must live at this address at least six months of the year.

2.3 Lived in Greater Kirkland area for at least ten years or longer and consider Kirkland their home town.

2.4 Has improved the quality of life in Greater Kirkland.

2.5 Worked (or has worked) within the community or owns a business in Greater Kirkland area.

The applicant is a past or present Kirkland area business owner or worker who has contributed in a special way to the community.

2.6 None of the above.

An applicant may still be considered even if the preceding elements do not apply. Substantial documentation, however, will be required in this instance so as to demonstrate the applicant's identity with Greater Kirkland.

CRITERION III

SIGNIFICANCE OF ACHIEVEMENT

The applicant must fully explain the significance of the achievement. It must be further specified if the achievement is the result of an individual or team effort. No individual members of a team will be recognized. The team members, however, may be recognized by name.

At least one (1) of the following elements must be met before a nominee can be considered for possible induction.

ELEMENTS:

3.1 Recognition of the achievement by the Kirkland community.

Applicant must submit a statement which explains how the community has been affected by the achievement as well as the manner in which the community was informed (e.g.,

press coverage received subsequent to achievement – include press clippings and any other examples of media coverage).

3.2 Peers recognize this achievement as outstanding.

Persons in the same field must recognize the achievement as outstanding and worthy of recognition. A statement of endorsement for the applicant from leaders in the applicant's field is expected. The peer group may include a person, or persons, residing outside the Kirkland area.

3.3 Played a key role in a group effort which without this individual's achievement would not have taken place.

The candidate formed an organization or group and was instrumental in making it operational. The group or organization benefited the community in a demonstrable way.

3.4 The achievement has improved the quality of life for a large segment of Greater Kirkland area residents.

For example, the achievement may have resulted in increased educational or recreational opportunities for area residents.

HISTORY REQUIREMENT

The history and description of the achievements must be in narrative form and in sufficient detail to completely support the conferring of this award. The person or persons writing the history must provide sufficient in-depth history to enable future readers to completely appreciate the significance of the applicant's contribution. Include, if possible, documents, press clippings, photos, or other examples of media coverage related to the achievement.

If the history is written by anyone other than the applicant, it must be read and signed by the applicant (when possible) and thus documented as a true and accurate account. If the award is conferred, the history will be placed in the Kirkland Library to serve as a reference and permanent record of the achievement.

RE: Nomination for Plaza of Champions for Wes Carpenter

Dear Members of the Kirkland Park Board,

My name is Shelli Craig and I'm a 4th generation Kirkland resident. In September my mom and I signed up for the Parks Department Scavenger Hunt about the History of Kirkland. In working through the historic clues with my mom and dad I realized how much they know about Kirkland. They both were born in the Kirkland Hospital and have lived in Kirkland their entire lives. While working on the clues one of them lead us to the Plaza of Champions at the Marina. There we had to find the name of a local military person that is honored there for receiving a medal serving in the U.S. Navy. I realized then that my dad, Wes Carpenter, should also be honored in the Plaza of Champions. While serving in Vietnam he received Bronze Star Medal for Heroism with Valor and the Army Commendation Medal for saving many lives.

I believe he is truly a Kirkland hero and upstanding citizen. It has been 53 years since his honorable discharge from the Army and I believe honoring my dad in the Plaza would be an appropriate honor to bestow upon this great Kirkland native, and generous, wonderful man.

Thank you for your consideration of this nomination.

Shelli Craig

KIRKLAND PLAZA OF CHAMPIONS

Application Form

Criterion I

LOCAL, STATE, NATIONAL, OR INTERNATIONAL LEVEL OF ACHIEVEMENT

Name of Applicant: Wesley "Wes" Robert Carpenter

Please explain how the applicant meets this eligibility requirement. Attach extra pages as necessary.

Mr. Carpenter, PFC, U.S. Army, was awarded the **Bronze Star Medal with Valor** for heroism in connection with military operations in fierce combat with a Viet Cong battalion in the Battle of Abilene. He laid down a base of fire in his assigned sector. He continued placing a steady and deadly stream of accurate fire into the Viet Cong position until his weapon was shot from his hand. At this time he was so seriously wounded that he could no longer hold his weapon. Looking around his position, he saw many other wounded laying about him. Though not a trained medical aidman, he rendered first aid in a most professional manner. Working under fire and without adequate bandage, he improvised dressing to stop the bleeding. His prompt action saved the lives of many comrades who would have bled to death if left unattended. After treating the wounded, he did what he could to aid and comfort the men in hope of easing some of the pain. He constantly reassured the men that help was on the way. While moving among the patients, he found an unmanned radio which he picked up and moved to a central location. For the remainder of the night he rendered periodic reports to the acting company commander. Throughout the action he was constantly busy moving among his patients and monitoring the radio. Private First Class Carpenter's outstanding display of aggressiveness, devotion to duty, and personal bravery is in keeping with the finest traditions of the military service and reflects great credit upon himself, the 1st Infantry Division and the United States Army.

Mr. Wes Carpenter, PFC, U.S. Army, was awarded the **Army Commendation Medal**. First Class Carpenter was driving a truck which was carrying an ambush patrol on the return to base camp. Suddenly a large claymore mine was detonated beside the road and several casualties were sustained among the patrol members. The brake lines were severed and several tires were flat. PFC Carpenter immediately dismounted exposed himself to hostile sniper fire to check on his men. When PFC Carpenter had helped the wounded men and made what repairs he could to the truck, he returned to the cab and restarted the truck. In spite of extensive damage to the vehicle, he managed to drive it several miles over rough and unsecured roads to the nearest aid station. The outstanding courage displayed by PFC Carpenter was directly responsible for saving the lives of several men. PFC Carpenter's actions are in keeping with the finest traditions of the military service and reflect great credit upon himself, the 1st Infantry Division, and the United States Army.

KIRKLAND PLAZA OF CHAMPIONS

Application Form

Criterion II

IDENTIFY WITH GREATER KIRKLAND

Name of Applicant: Wesley "Wes" Robert Carpenter

Please explain how the applicant meets at least two (2) of the elements listed for this eligibility requirement. Attach extra pages as necessary.

Element Explanation: _____

2.1 Born in Kirkland area – Wes Carpenter’s mother, Ella, moved to Kirkland in 1925 when she was 5 years old. She married Elmer Carpenter and lived on a farm in Houghton when Wes was born at the Kirkland Hospital on December 29, 1943. When Wes was 5 his family moved into the home his dad built in North Rose Hill on Slater Ave NE where he lived the rest of his childhood.

2.2 Currently resides in Great Kirkland area – When Wes got married, and after he returned from Vietnam, he rented a home on Slater while he built his house on his parent’s property. In 1969 he moved into the finished home and still resides there full-time on Slater Ave NE.

2.3 Lived in Greater Kirkland area for at least ten years or longer and consider Kirkland their home town - Wes has lived in Kirkland his entire life, 77 years this December, 2020. He was born in the Kirkland Hospital. He raised his children in Kirkland and now his 5th generation Kirkland resident grandson attends Lake Washington High School, Conner Craig. He takes pride that his daughter, Shelli Craig, has been serving the City as an employee for over 15 years. Wes has many siblings, cousins, nieces and nephews that still reside in Kirkland. He considers Kirkland his home town.

2.4 Has improved the quality of life in Greater Kirkland – In the late 1960’s Wes coached many years of little league. He then went on to coach the Kirkland Babe Ruth team, sponsored by Bel-Kirk Motors, for a few years and the team won two Regional Tournaments and two State Championships. He also served as the Chinook League as president and as assistant state director for two years. Since then he has been a good citizen and friend to anyone he meets.

2.5 Worked (or has worked) within the community or owns a business in Greater Kirkland area - Before Vietnam Wes worked at Rocket U-Save Oil Co. gas station in Houghton when gas was 23 cents a gallon. He made the newspaper for trying to stop a robbery. He built out the home garage into a Hair Salon where his wife ran her salon for many decades.

Additional: While working through the historic clues to the Parks Department Scavenger Hunt with my mom and dad I realized how much they know about Kirkland. One of the clues led us to the Plaza of Champions at the Marina. There we found the name of a local person that is honored for receiving a medal serving in the U.S. Navy. I realized then that my dad should also be honored in the Plaza of Champions. I believe he is truly a Kirkland hero. I believe honoring my dad in the Plaza of Champions would be an appropriate honor to bestow upon this great Kirkland native, upstanding citizen, and generous, wonderful man.

KIRKLAND PLAZA OF CHAMPIONS

Application Form

Criterion III

SIGNIFICANCE OF ACHIEVEMENT

Name of Applicant: Wesley "Wes" Robert Carpenter

Please explain how the applicant meets at least one (1) of the elements listed for this eligibility requirement. Attach extra pages as necessary.

Element Explanation: _____

3.1 Recognition of the achievement by the Kirkland community – The community of Kirkland back in 1966 took pride in that one of their sons was honorably serving the country in the U.S. Army. The community was kept up to date on the status of Wes while he was deployed in Vietnam in several articles that were published about him in The Eastside Journal (attached). The Eastside Journal at that time covered Kirkland, Redmond, Bellevue and Bothell and was the prominent news source. The Eastside Journal was being sent to Wes in Vietnam through the Courtesy of the Kirkland Jaycees and The Journal as stated at the end of one of the published articles about Wes titled Local soldier one of two not hurt in V.C. ambush.

3.2 Peers recognize this achievement as outstanding – The Army Award Announcement letters for the Bronze Star and Commendation medal are attached. These letters state that the achievement of these medals is for Carpenter's actions which "are in keeping with the finest traditions of the military service and reflect great credit upon himself, the 1st Infantry Division, and the United States Army. By the direction of the Secretary of the Army"

3.3 Played a key role in a group effort which without this individual's achievement would not have taken place - The Army Award Announcement letters for the Bronze Star and Commendation medal are attached. These letters state the actions of Wes which resulted in saving the lives of fellow military members. Stated in the Award of the Bronze Star Medal for Heroism, "His prompt actions saved the lives of many comrades who would have bled to death if left unattended." Stated in the Award of the Army Commendation Medal, "The outstanding courage displayed was directly responsible for saving the lives of several men."

3.4 The achievement has improved the quality of life for a large segment of Greater Kirkland area residents – While on tour in Vietnam he was given a day off and went into Saigon. He had been fortunate enough to bring along a camera and took many pictures of the landscape, town, and people of Saigon to share when he came home. After returning from Vietnam, Wes didn't talk much about his tour and didn't consider himself a hero. However, when asked by Lake Washington High School to come to classes to share what he learned about Vietnam he graciously brought along his slides and shared them with the classes. He talked about the beauty of the landscape and the welcoming nature of the Vietnamese people in Saigon. The pictures of those Saigon slides are included in the attached presentation of Wes's tour in Vietnam. Wes represented the City of Kirkland honorably while serving in the military and continues to do so as an upstanding citizen.

KIRKLAND PLAZA OF CHAMPIONS

Application Form

History Requirement

Name of Applicant: Wesley "Wes" Robert Carpenter

Using the criteria and elements as a guide, please furnish a complete history and description of the achievement in narrative form. Attach extra pages as necessary. Please note that if the history is prepared by anyone other than the applicant, it must be read and signed by the applicant (when possible) and documented as a true account. Please include, if possible, documents, press clippings, photos, or other examples of media coverage related to the achievement.

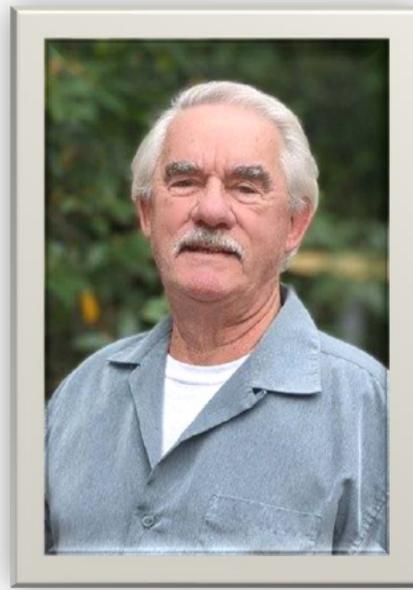

Please see attached document containing the history and description of the achievement in narrative form with documents, press clippings and photos.

There is also an attached presentation documenting Wes Carpenter's tour in Vietnam.

Wesley “Wes” Robert Carpenter

1966

2020

Nomination for The Plaza of Champions for Heroic actions that lead to receiving the Bronze Star Medal for Heroism with Valor and the Army Commendation Medal

Identify with Greater Kirkland

Wes Carpenter is a 3rd generation Kirkland resident. Wes’ maternal grandparents moved to Kirkland in 1925 shortly after moving to the country from New Westminster, British Columbia when his mom, Ella, was 3 years old. He was born at the Kirkland Hospital on December 29, 1943 when his parents Elmer and Ella Carpenter lived on a farm in Houghton. When Wes was 5 years old his dad completed building their family home in North Rose Hill and they moved to Slater Ave NE where he lived the rest of his childhood. He attended Rose Hill Elementary, Kirkland Jr. High and graduated from Lake Washington High School where he still attends the Golden Grad class reunions. His mom's parents lived on the property that is now Costco and his dad's parents lived on property off 132nd in North Rose Hill. His dad worked at the Kirkland Shipyards, fought forest fires in Eastern Washington as a volunteer firefighter and retired from US Plywood in Ballard. Those who sewed in Kirkland back in the 70-80's would know Wes’ mom Ella Carpenter as her dad had been a tailor and taught her how to make clothes which made her the expert at the local fabric store where she worked for many years. Ella was an avid gardener and grew many Rhododendrons. When she was working for Griswold Nursery in South Rose Hill the staff, while visiting Ella’s home, discovered a new species of Rhododendrons which had

formed in her garden. Shortly before her death in 2006 that flower was recognized as a new species and named the Ella Carpenter. Wes is one of 5 children in the Carpenter family, all still living, that lived and raised families in Kirkland.

One of Wes' first jobs was working at Rocket U-Save Oil Co. gas station in Houghton. He made the newspaper for trying to stop a robbery. Wes married his Lake Washington High School sweetheart and Houghton native, Carol Wilson, daughter of Clyde and Senja "Pat" Wilson. Her dad was a Houghton Police Officer and reserve Firefighter, and a mechanic for Smith Gandy Ford and HOS trucking. Shortly after his wedding Wes was deployed to Vietnam. When he returned from Vietnam, he rented a home on Slater until he built his house on his parent's property also on Slater. In 1969 he moved his family into the finished home and still resides there today.

His wife, Carol, became a Hairdresser and worked at the Hair Tamer in Kingsgate before Wes converted one side of their garage into a hair salon so she could work from home to be there for their two children, Eddy and Shelli. In the late 1960s Wes coached many years of little league. He then went on to coach the Kirkland Babe Ruth team, sponsored by Bel-Kirk Motors, for a few years and the team won two Regional Tournaments and two State Championships. He also served as the Chinook League as President and as Assistant State Director for two years. Wes' dad died when Wes was 28. His youngest sister and brother were still attending Lake Washington High School at the time. Later when his sister got married, he took the place of his dad to give her away at her wedding. Wes worked his way up in the Langendorf Bread Company and finished his career in a regional position at Associated Grocers before retiring in 2006. He raised his children in Kirkland through baseball and softball leagues, and now his 5th generation Kirkland resident grandson attends Lake Washington High School, Conner Craig. He takes pride that his daughter, Shelli Craig, has been serving the City as an employee for over 15 years. Wes has many siblings, cousins, nieces and nephews that still reside in Kirkland. He considers Kirkland his home town and can cite many changes to the City including one of his favorite memories when there was only one stop light between downtown Kirkland and Fall City and it was for the Kirkland ferry dock traffic. Wes and Carol celebrated their 55th wedding anniversary this year and still live in the same house. Wes has been a good citizen and friend to anyone he meets. If you pass him walking his grand-dog in the morning on Slater you will be greeted by a wave and a welcome to start up a conversation. Wes has lived in Kirkland his entire life, 77 years this coming December, 2020.

Significance of Achievement

This is the History of Wesley Carpenter's tour in the Army which lead to receiving the Bronze Star Medal for Heroism with Valor and the Army Commendation Medal. In 1965 the United States was engaged in a military action in Vietnam. Wesley Carpenter, a 3rd generation resident of Kirkland, was drafted into the Army in April of 1965 at the age of 21. He attended basic training at Fort Leonard Wood, Missouri. In July he transferred to Advanced Infantry Training at Fort ORD, California and then attended Drill Sergeant School eventually becoming an Assistant Drill Sergeant. In December his orders were changed from being a Drill Sergeant to being deployed to combat in Vietnam as part of Charlie Company, 2nd Battalion of the 1st Infantry Division's

16th Infantry, aka The Big Red 1. Before shipping to Vietnam, he returned home to Kirkland to marry his high school sweetheart, Carol Wilson from Houghton.

Wes Carpenter arrived in Vietnam in January of 1966. In April of 1966 his C Company was sent into the jungle in Operation Abilene. Far into the jungle and without backup his Company was ambushed by hostile forces. He laid down a base of fire in his assigned sector. He continued placing a steady and deadly stream of accurate fire into the Viet Cong position until his weapon was shot from his hand. At this time, he was so seriously wounded that he could no longer hold his weapon. Looking around his position, he saw many other wounded laying about him. Though not a trained medical aidman, he rendered first aid in a most professional manner. Working under fire and without adequate bandage, he improvised dressing to stop the bleeding. His prompt action saved the lives of many comrades who would have bled to death if left unattended. After treating the wounded, he did what he could to aid and comfort the men in hope of easing some of the pain. He constantly reassured the men that help was on the way. While moving among the patients, he found an unmanned radio which he picked up and moved to a central location. For the remainder of the night he rendered periodic reports to the acting company commander. Throughout the action he was constantly busy moving among his patients and monitoring the radio. PFC Carpenter's outstanding display of aggressiveness, devotion to duty, and personal bravery is in keeping with the finest traditions of the military service and reflects great credit upon himself, the 1st Infantry Division and the United States Army. Mr. Wes Carpenter, PFC Carpenter, U.S. Army, was awarded the **Bronze Star Medal with Valor** for heroism in connection with military operations in fierce combat with a Viet Cong battalion in the Battle of Abilene. He was also awarded **The Purple Heart** for injuries sustained in this battle.

After this battle PFC Carpenter returned home to Kirkland to spend time with his wife and family. When he returned back to Vietnam, he was assigned to driving ambush patrol teams in a deuce and a half truck. In December of 1966 PFC Carpenter was driving a truck which was carrying an ambush patrol on the return to base camp. Suddenly a large claymore mine was detonated beside the road and several casualties were sustained among the patrol members. The brake lines were severed and several tires were flat. PFC Carpenter immediately dismounted exposed himself to hostile sniper fire to check on his men. When PFC Carpenter had helped the wounded men and made what repairs he could to the truck, he returned to the cab and restarted the truck. In spite of extensive damage to the vehicle, he managed to drive it several miles over rough and unsecured roads to the nearest aid station. The outstanding courage displayed by PFC Carpenter was directly responsible for saving the lives of several men. PFC Carpenter's actions are in keeping with the finest traditions of the military service and reflect great credit upon himself, the 1st Infantry Division, and the United States Army. Mr. Wes Carpenter, PFC, U.S. Army, was awarded the **Army Commendation Medal**.

Mr. Carpenter returned home to Kirkland in January of 1967 and received an honorable discharge from the Army.

While on tour in Vietnam Wes was given a day off and went into Saigon. He had been fortunate enough to bring along a camera and took many pictures of the landscape, town, and people of Saigon to share when he came home. After returning from Vietnam, Wes did not talk much about his tour and did not consider himself

a hero. However, when asked by Lake Washington High School to come to classes to share what he learned about Vietnam he graciously brought along his slides and shared them with the students. He talked about the beauty of the landscape and the welcoming nature of the Vietnamese people in Saigon. The pictures of those Saigon slides are included in the attached presentation of Wes's tour in Vietnam.

Wes represented the City of Kirkland honorably while serving in the military and continues to do so as an upstanding citizen.

This history and description of this achievement was recounted by Shelli Craig, Wes's daughter, from conversations with Wes Carpenter and from newspaper clippings.

I, Wes Carpenter, attest that this is a true account of this information.

Wes Carpenter Date: 10/4/2020
Wesley Robert Carpenter

To the Kirkland Park Board

In September my mom and I signed up for the Parks Department Scavenger Hunt about the History of Kirkland. In working through the historic clues with my mom and dad I realized how much they know about Kirkland. One of the clues led us to the Plaza of Champions at the Marina. There we had to find the name of a local military person that is honored there for receiving a medal serving in the U.S. Navy. I realized then that my dad should also be honored in the Plaza of Champions. I believe he is truly a Kirkland hero. Vietnam ended in April of 1975. Now 45 years later from that ending and 53 years since his honorable discharge from the Army, I believe honoring my dad in the Plaza would be an appropriate honor to bestow upon this great Kirkland native, upstanding citizen, and generous, wonderful man.

Thank you for your consideration of this nomination.

Shelli Craig

23 May 1966

SECTION I

AWARD OF THE BRONZE STAR MEDAL FOR HEROISM

1. TC 320. The following AWARD is announced.

CARPENTER, MESLEY R US56980504 PRIVATE FIRST CLASS E3 United States Army
Company C, 2d Battalion, 16th Infantry

Awarded: The Bronze Star Medal with "V" Device
Effective month: May 1966
Date of action: 11 April 1966
Theater: Republic of Vietnam
Reason: For heroism in connection with military operations against a hostile force: On this date, his company was engaged in fierce combat with an estimated Viet Cong battalion. During the initial encounter Private First Class Carpenter laid down a base of fire in his assigned sector. He continued placing a steady and deadly stream of accurate fire into the Viet Cong position until his weapon was shot from his hand. At this time he was so seriously wounded that he could no longer hold his weapon. Looking around his position, he saw many other wounded laying about him. Though not a trained medical aidman, he rendered first aid in a most professional manner. Working under fire and without adequate bandage, he improvised dressings to stop the bleeding. His prompt actions saved the lives of many comrades who would have bled to death if left unattended. After treating the wounded, he did what he could to aid and comfort the men in the hope of easing some of the pain. He constantly reassured the men that help was on the way. While moving among the patients, he found an unattended radio which he picked up and moved to a central location. For the remainder of the night he rendered periodic reports to the acting company commander. Throughout the action he was constantly busy moving among his patients and monitoring the radio. Private First Class Carpenter's outstanding display of aggressiveness, devotion to duty, and personal bravery is in keeping with the finest traditions of the military service and reflects great credit upon himself, the 1st Infantry Division, and the United States Army.
Authority: By direction of the President, under the provisions of Executive Order 11046.

Pfc. Carpenter:

Local soldier one of two not hurt in V.C. ambush

By CHARLES O. MORGAN

Every member of the Wesley Carpenter family of Kirkland had his heart in the mouth and prayer on his lips when newspapers told of "C" Company being wiped out last month in Viet Nam. Pfc. Wesley Carpenter was one of two army soldiers left unhurt out of a platoon of 37 men when this

company was decimated by a Viet Cong ambush on April 12.

The action took place about 50 miles from Saigon.

IN A letter to his wife Carol (nee Wilson) and his parents, Pfc. Wesley told how the Viet Cong hit them from all sides after they had separated from Companys "B" and "A" for one day.

It is almost inconceiveable to the folks at home remote from the jungles and filth of Viet Nam of the terror of an attack such as Pfc. Wesley Carpenter underwent with fellow soldiers less than one month ago.

His own words to his wife best describe the action:

"We got a little sniper fire
(Continued on Page 6)

PFC. CARPENTER
Survives Viet Ambush

Pfc. Wes Carpenter 1 of only 2 unhurt

(Continued from Page 1)
here and there and we got one man killed and 11 wounded. We were in real thick jungle. We cleared a small hole so a helicopter could lower a rope and get the wounded.

"Just as the 'copter took off with the wounded, the V.C. opened up on us from every side, we didn't have a chance. They had .50 caliber machine guns on four sides of us and a whole bunch of .60 caliber machine guns, grenades, mortars and everything. We fought as we could.

"My gun was shot right out of my hands and I moved back to the middle of the people but they were all dead. I reached to grab another rifle and a tree fell on me. I thought I was a goner. I could not move and men were yelling and dying all over.

"After the firing had stopped they (the V.C.) were coming in to kill us all, but our artillery came down on us, so they ran off with many of our weapons and gear.

"There were a few men still able to move around, so I yelled to someone to get the tree off my back and he did. It took 15 minutes for the feeling to get back in my legs, and then I started moving from man to man. It was so dark by then I couldn't see too much but I could hear the yelling for help. I crawled to as many men as I could and saved a lot of them from bleeding to death.

"This one man had five little children and I worked on him for hours and gave him mouth to mouth resuscitation but he died in my arms.

"THEN I hear a Lieutenant yelling for help, he was from another platoon but I went to him. He was shot five times, three in the back, once in the shoulder and once in the leg. The man was bleeding so bad I used anything I could grab to stop the bleeding but I couldn't stop it for a while. I worked on him for hours until I did. We hadn't had water for a long time and all the wounded men were yelling for water. I crawled to as many as I could find and gave them water I had found off the dead men's canteens.

"Then I grabbed a radio and was keeping in contact with 'B' Company and the artillery telling them how to get to us. 'B' Company had walked all day and now had to walk 1000 meters at night in the jungle and that's damn near impossible.

"I went back to the Lieutenant and carried him to where the other men were still living and could be able to fight. In the morning 'B' Company came with water and doctors, all our doctors were shot or wounded. I saved so many lives but was unable to save as many as I wanted to.

"Out of 150 men, 35 dead, 67 wounded and about the rest of us left with a few nicks here and there. In my platoon of 37 there was only two people unhurt and able to walk, it was me and a new man, Ed Morgan. We had nine killed and all the rest all wounded. Leroy will be alright, he just got a bullet

in the leg and it didn't hit the bone, thank God.

"So God was with us all the way. Please reassure Mom I am alright." . . . Wes."

IN A later letter to his mother and father, Carpenter told that General Westmoreland congratulated the survivors. The general had discovered, he told them, that the Viet Cong had only one mission and that was to kill everybody in "C" Company because they had killed and destroyed so much of the V.C. food supply and equipment. A total of 800 V.C. had been killed. The U.S. forces dug up one hole, Wesley wrote, and found 150 V.C. bodies.

There were an estimated 1,000 V.C. in the attack on "C" Company and only 150 Americans.

This letter was written two days after the attack and reflected some of the shock of the experience, his mother noted.

Pfc. Carpenter graduated from Lake Washington High School in 1963, joined the army April 13, 1965, and went to Viet Nam Jan. 25 this year.

"I'd rather be here than have Rick, Gary or Marty here," he has written. He was referring to his younger brother Rick, in Redmond Junior High School, and his twin cousins, Gary and Marty Johnson. John is in the Navy in San Diego. His sister, Cheri, attends 6th grade at Mark Twain Elementary School, and his married sister, Mrs. Tom Doucette lives in Kirkland.

The family sends him cake and cookies and his favorite is beef jerky for eating while on the move, his mother reports. The most knowing yearning is for fresh fruit, apples and oranges, she added. Anything that is mailed is individually wrapped in foil and is received in about four days, Mrs. Carpenter reported.

"I've been getting The Journal regularly now," Pfc. Carpenter closed his last letter. He was referring to the subscription sent through the courtesy of the Kirkland Jaycees and The Journal to all service personnel overseas.

Wes Carpenter did not talk much about his experiences in Vietnam until the movie *The Last Full Measure* came out in 2020 which recounts The Battle of Abilene. In the movie the helicopter lowers the medic from a helicopter into the jungle to retrieve wounded men. Wes helped clear the jungle for this maneuver and watched the medic lower down right next to him. He is listed in the credits of this movie as one of the “Mud Soldiers” as they were referred to. His name is listed as Wesley Carpenter. If you would like to see what Wes Carpenter experienced during the battle that resulted in the award of the Bronze Star Medal with Valor you can watch this movie as it is an accurate depiction of the battle.

Mrs. Elmer Carpenter
Orth Slater
Kirkland, Washington

Dear Mrs. Carpenter:

During my recent trip to Vietnam as a member of the Senate Armed Services Committee, I had an opportunity for a brief visit with your son, PFC Carpenter, on December 5 near An Loc.

He was in good spirits and wanted me to be sure and say "hello." I want you to know how proud I am of your son and all that he is doing for our country.

Sincerely yours,

Henry M. Jackson, U.S.S.

21 May 1967

AWARD OF THE ARMY COMMENDATION MEDAL

1. TC 320. The following AWARD is announced.

CARPENTER, WESLEY R US56380504 PRIVATE FIRST CLASS E3 United States Army
Headquarters and Headquarters Company 2d Battalion 16th Infantry

Awarded: Army Commendation Medal with "V" device

Date of action: 22 December 1966

Theater: Republic of Vietnam

Reason: For heroism: On this date, Private First Class Carpenter was driving a truck which was carrying an ambush patrol on their return to base camp. Suddenly a large claymore mine was detonated beside the road and several casualties were sustained among the patrol members. The vehicle was stopped with five of its six tires flat and the drive train broken open. Private First Class Carpenter immediately dismounted and exposed himself to hostile sniper fire as he moved to the rear of the vehicle to administer first aid to the casualties. When Private First Class Carpenter had treated the wounded men and made what repairs he could to the truck, he returned to the cab and restarted the truck. In spite of extensive damage to the vehicle, he managed to drive it several miles over rough and unsecured roads to the nearest aid station. The outstanding courage displayed by Private First Class Carpenter was directly responsible for saving the lives of several men. Private First Class Carpenter's actions are in keeping with the finest traditions of the military service and reflect great credit upon himself, the 1st Infantry Division, and the United States Army.

Authority: By direction of the Secretary of the Army, under the provisions of AR 672-5-1.

FOR THE COMMANDER:

OFFICIAL:

ALAN H. BADINE
Captain, AGC
Assistant Adjutant General

EDWARD B. KITCHENS, JR
Colonel, GS
Chief of Staff

Army Commendation Medal Certificate:

Article published in The Eastside Journal about the incident that led to the Army Commendation Medal. Wes is in picture on the right.

Army cites Carpenter for 'valor'

Wesley Carpenter, who has been out of the Army since January, recently received an Army Commendation Medal with "V" (for valor) Device for Heroism.

The incident for which Carpenter was cited occurred Dec. 22, 1966 in Vietnam and was recounted with the citation.

Carpenter was driving an army truck carrying an ambush patrol on return to base camp when a mine was detonated along the road. Several casualties were sustained among patrol members and the vehicle was stopped with five of its six tires flat.

Pfc. Carpenter dismounted and exposed himself to sniper fire as he moved to the rear of the vehicle to administer first aid to casualties. After treating wounded and making repairs he could to truck, Carpenter returned to cab and restarted truck. In spite of extensive damage he drove it several miles to nearest aid station.

According to the Army citation, Carpenter's courage was directly responsible for saving the lives of several men. The commendation medal was given by the direction of the Secretary of the Army.

Family has Christmas 'second time around'

By SHIRLEY LINDAHL

According to the calendar it is Jan. 25, but the Christmas tree is still up, the outdoor lights are still in place, the house is aglitter with Christmas decorations and the turkey is in the freezer.

This is the festive scene at the home of Mr. and Mrs. Elmer Carpenter, 10415N. Slater, this week for they are celebrating Christmas. Actually, it will be the second installment of this special day for they only had part of their family present when they celebrated on Dec. 25. Everything has been kept in readiness for the return of the two older boys who were expected home on military leaves a month later.

As an added surprise, when their son, Wesley, arrived home early Thursday morning he an-

nounced he had just received his discharge from the Army which had not been anticipated until April.

This young Rose Hill man has seen a great deal of action during his year in Vietnam. Following an ambush while on patrol in "Operation Abilene," he was one of only 17 survivors and for his efforts to aid the wounded he received the Bronze Star. For injuries sustained in this and other skirmishes he was awarded two Purple Hearts.

Just two days before Christmas he was driving a troop carrier truck with the Big Red outfit when it struck a mine. Seeking help for the 22 wounded men, he drove the heavily damaged truck with five flat tires and no brakes two miles back to camp. Again his concern for the lives of others as he aided

the injured was recognized as he was given the Army Commendation Medal.

While relieved to be home, he no doubt reflects frequently on what he has experienced the past year. Presently he and his wife, Carol, are residing in Houghton at the home of her parents, Mr. and Mrs. Clyde Wilson, 10127 N.E. 63rd.

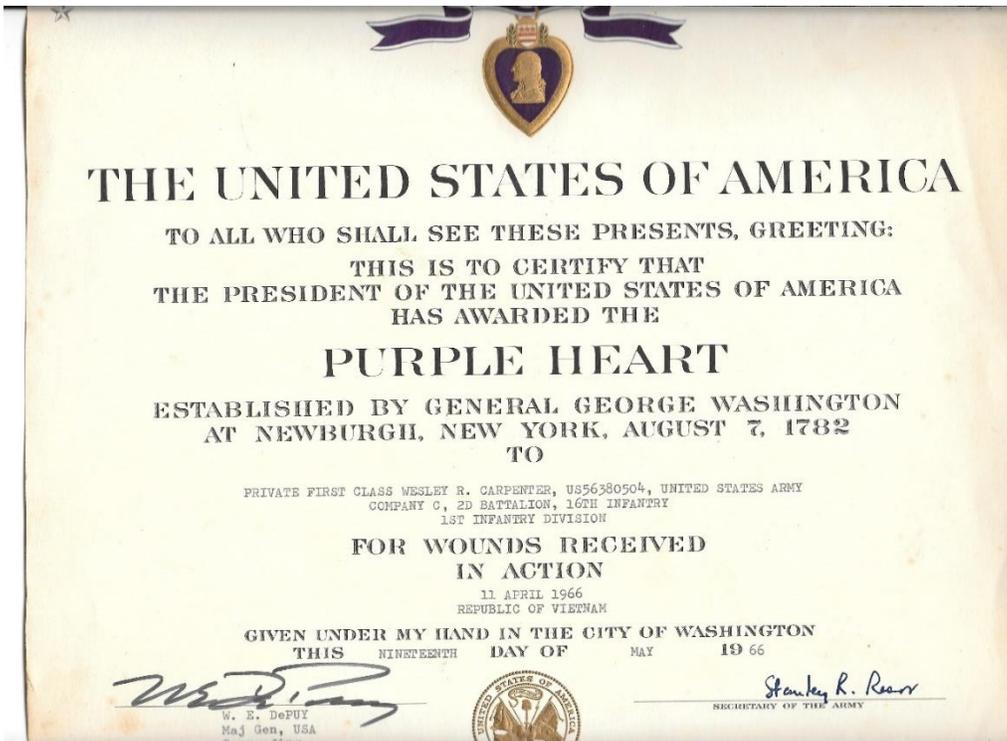

The packages under the tree won't be opened until the arrival of the Carpenter's Navy son, John, who is expected this week for a 14-day leave. He is an aviation mechanic at the Lemore Naval Air Station near Fresno, Calif., and has been in the service almost a year.

Anxiously welcoming these two big brothers are Cherie

EAST SIDE JOURNAL, Page 9
Wednesday, January 25, 1967

and Ricky as well as their married sister, Carol (Mrs. Tom Doucette). The proud mother, Ella Carpenter, is a long time Rose Hill resident. Other local relatives joining in this special January Christmas celebration will be the: J. S. Spencers, Bob Spencers, Eugene Johnson, Martin Johnsons and the Tom Doucettes.

Purple Heart Medal Certificate:

Article published in The Eastside Journal about the award of the Purple Heart.

Identity with Greater Kirkland Documentation

Wes Carpenter's maternal grandparents, Joseph and Florence Spencer, moved to Kirkland in 1925. Their daughter, Ella, was 6 years old. Ella married Elmer Carpenter and they lived in Houghton when Wes was born in 1943. They built their home in North Rose Hill in 1948 when Wes was 5 years old. Wes built his home on the same property in 1969 and still lives there today. Wes has lived in Kirkland his entire life, 77 years this December, 2020.

Wes Carpenter as Babe Ruth Chinook League president and Assistant State Director

Carpenter retires

Wes Carpenter (left) presents Bill Petter with trophy for state championship the Senior Babe Ruth team, sponsored by Petter's Bel-Kirk Motors, won in Camas. In front of the men are trophies for finishing on top of the Eastern Division of the Chinook Senior Babe Ruth League this year and the state championship trophy for 1969. The other two trophies are for second in the state and division champs last year. Carpenter, president of the Chinook League for two years and assistant state director for the Senior Babe Ruth this year, has announced his retirement from coaching.

Wes Carpenter (top right) as team Manger and his brother Rick is a team player win State Championship.

Bel-Kirk surprise tournament winner

State champs

Sponsored by Bel-Kirk motors of Kirkland the Senior Babe Ruth state champion team includes: Back row - Roger Miller, coach (left), Randy Allen, Lou Kelly, Doug Ewing, Joe Greenhaw, Marc Chamberlain, Wes Carpenter, manager. Middle

row - Rick Carpenter, Dean Winkler, Skip Frazier, Bob Murata. Front row - Mark Salgado, Brian Scott, Rod Strain, Mike Morin, Rich Dahl, Carl Berg, batboy.

Journal photo

Funds sought for regional tourney

Bel-Kirk Motors came in through the back door to score the upset of the baseball season and win the Senior Babe Ruth state title.

While millions of eyes were glued on space achievements, Bel-Kirk turned the tables on D.V. Klier for the crown, winning a doubleheader 4-5 and 1-2.

Reality and the cost of a \$2,500 trip to Mountainview, Calif., quickly joined thoughts of victory as they acquired the credentials but not the bankroll.

Manager Wes Carpenter and Roger Miller, coach, have appealed to the community for funds to get the ballplayers to the regional tournament.

Tyee won the title last year and had two weeks to raise funds for the trip. Bel-Kirk has three days.

The team is scheduled to depart tonight, Wednesday, to prepare for the first game Friday. Any financial aid should be forwarded to the Kirkland Baseball Association, and brought to The Journal office, 123 Lake St. S., no later than 4 p.m. today.

Defending champion Tyee dropped two straight, to D.V. Klier and Bel-Kirk, after a 1-0 squeaker past the motorists Friday night.

In opening action, Klier's Tim Holdaas and Bill Kimball teamed up to pitch a no-hitter to Rainier, an Oregon team. The duo fanned eight in the action.

Six o'clock brought Bel-kirk and Tyee to the diamond for a pitchers duel between Marc Chamberlain and Tyee's Don Bechtel.

Chamberlain allowed only three hits, not contributing to the score in the final inning. Steve Cain popped up behind the shortstop who booted it. Chamberlain walked Dick Stoecklin and Ken Martin.

On an attempted squeeze, Bechtel missed the ball leaving the runner floundering between third and home. A throw to pick off the runner hit Cain's shoulder, to bound into left field and allow the run.

Bechtel gave up one hit to Rick Carpenter, the second Bel-Kirk batter he faced.

In the nightcap, eight errors by Bel-Kirk didn't furnish Rainier enough running room to compensate for the 11 motorist hits.

Skip Frazier doubled in Rich Dahl in the bottom of the seventh for the winning run. Mike Morin drove in three runs with a double and single. Bob Murata, Skip Frazier, Rick Carpenter, and Dean Winkler each rapped two hits.

Double plays, Morin to Rod Strain and Mick DeWald to Morin highlighted Bel-Kirk defensive play.

The next day in the winner's bracket, Klier's Kyle Christensen singled in Bill Kimball in the ninth inning to post the win. Tyee pitcher Terry Schiffman was knocked off the mound by three runs in the third inning, yielding the hit to Greg Gressett, one of five players picked up after the season to beef up the Tyee nine.

Gressett balked in the tying run after Tyee hitting had pulled them ahead in the top of that frame.

Seven errors by Tyee contributed to the 5-4 loss.

Doug Ewing contained the Tyee nine in their second confrontation as his former Kangaroo teammate, Bechtel, who absorbed the loss. It was a first-ever win for Bel-Kirk over Tyee.

Frazier drove in Murata twice and Dean Winkler batted in Brian Scott twice for four Bel-Kirk runs.

A sudden death doubleheader with the Klier nine began on a dismal note for Bel-Kirk. Trailing 4-0 in the bottom of the fifth inning, the motorists saved a five-run surprise for the visitors.

Strain opened up with a double to pave the way for singles by Murata and Frazier. Carpenter made first on an error by the third baseman and Scott and Winkler singled. Morin walked and Winkler charged the plate, scoring on a wild pitch.

Winkler threw out the tying run for Klier at the plate in the top of the seventh.

With less than 24 hours rest, Ewing took the mound for Bel-Kirk in the championship game. He scattered five hits, allowing a single run to Klier on Dick Jacobsen's solo homer in the third inning.

Bel-Kirk was first to break the scoring ice with Winkler drawing a walk, advancing on a single by Strain and scoring on Ewing's double to left center. Strain was ruled out for missing third.

Strain walked in the fifth to open the rally leading to the winning score. Murata got on through an error by the pitcher and both advanced on a wild pitch.

Carpenter singled in Strain to conclude the scoring. Both teams posted six hits with Bel-Kirk's error-free performance accounting, in part, for the win.

Vol. 50 No. 28 Kirkland, Wash.

Dec. 10, 1964 10 Cents

Armed robber slugs Houghton station man

Attempting to subdue an armed robber, a Houghton service station attendant Tuesday suffered a severely cut eyebrow but saved part of the intended loot.

On duty at the Rocket U-Save Oil Co. was Wes Carpenter, 20, a Rose Hill resident. His boss, station operator Bernard Desrosier, had left for breakfast about 9:15 a.m.

The station is on Lake Washington Blvd. near the Lake Washington Shipyard.

AFTER gassing up a customer's car, Carpenter said he started to go inside the station. Waiting behind a door was a man wearing a scarf over his face, recalled Carpenter. The masked robber stuck a gun, believed a 38-or-smaller-caliber pistol, in the attendant's back as he entered the station, Carpenter told The Journal.

"Gimme the money," Carpenter quoted the robber, who then walked with the station attendant to cash drawers at gas pumps outside the station.

On learning the drawers were locked, the armed man demanded to know, said Carpenter: "How do you make change?" With money not yet counted into a cash drawer, kept in the safe, the 20-year-

over inside the station as Carpenter whirled, he said.

MISSING was \$49.50, according to Carpenter. Left behind by the robber was \$25.50 in change, he added.

After coming to, Carpenter called Houghton police. Sgt. John Barnes said Tuesday the robbery is under investigation.

Bleeding profusely from the cut eyebrow, Carpenter was taken to Overlake Hospital for treatment. He was back at work Tuesday afternoon.

Carpenter lives with his parents, Mr. and Mrs. Elmer Carpenter, at [redacted] Slater.

WES CARPENTER Slugged by Gunmen

old said he answered.

Carpenter then was forced to open the unlocked safe, a Journal newsman was told.

Taking a bag of bills and change out of the safe, Carpenter said he whirled and tried to clobber the robber with the sack of money. The robber slugged him first, though, apparently with the butt of the gun, Carpenter said.

Carpenter was knocked out, he said, and when he came to the robber had fled with bills which fell from the bag. Change from the bag had scattered all

Robber Slugs 'Gas' Attendant

A robber slugged an attendant about 9:30 o'clock this morning and fled with money from a floor safe and till at the Rocket-U-Save service station on Lake Washington Boulevard in Houghton.

Wesley Carpenter, 20, of Kirkland, was treated at Overlake Hospital for cuts above his right eye.

Houghton Police Chief Mike Falk said the robber struck Carpenter with his revolver when the attendant threw a money bag at him. The amount of the loot was not immediately determined.

Lone Gunman Robs Houghton Service Station

A lone gunman robbed the Rocket Service Station in Houghton today.

Houghton city clerk Dan Clarence said Wesley Carpenter, 20, the attendant, was struck on the head by the bandit, apparently with the pistol with which he was armed.

THE BANDIT was a white man about 30. He was about five feet eleven inches tall and weighed approximately 150 pounds. He wore a black raincoat and black hat. The car was seen.

Wes Carpenter's family land in North Rose Hill when it flooded. His mom, Ella Carpenter, is in the picture.

High winds, torrential rains lash city

High winds and torrential rains apparently did little damage in the Kirkland-Redmond area Saturday, Sunday and Monday.

Puget Power reported a sprinkling of power outages Monday morning. A tree across a power line at 78th Ave. N.E. and Juanita Drive left about 100 customers without electricity

until noon, according to a company spokesman.

Eighteen customers were without power for a short time at N.E. 106th and 106th N.E. and another outage affected about 20 customers at N.E. 100th at 122nd N.E.

A tree was reported down across lines just south of Duvall.

Jerry Fogarty, district manager for General Telephone, said that storm damage was remarkably light and was mostly in the outlying areas.

Robert Ely, chief of the Greater Kirkland Department of Fire Services, said his department was called out only twice during the storm - to help

pump out a flooded basement and to stand by a downed power line.

Little flooding was noted within Kirkland as the city's new storm drains took care of the rainwater.

"There was nothing of major consequence," said Art Knutson, director of public services. "There were a few flooded basements. Three years ago, with a storm like that, streets would have been flooded in downtown Kirkland and City Hall would have been flooded. When you can weather a storm like this you know your money has been well spent."

State highway crews worked around the clock pumping out a 50-foot wide lake just off Highway 405 near Par Mac Industrial Park. Water up to 10-feet deep was created when a 42-inch culvert was plugged by a slide on the slope of the highway. The water did not rise to the freeway.

Winds up to 60 miles per hour were clocked Monday morning on the Evergreen Point Floating Bridge. Traffic was snarled as the high winds sent the bridge swaying and rocking.

Wes Carpenter featured in a Then and Now... article, he is the one throwing the ball.

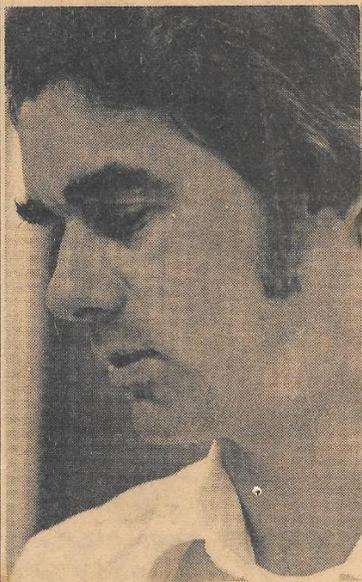

Where are these Old Woody pitchers of Rose Hill Elementary School?

Wes Carpenter featured in Then (1952) and Now (1976) article.

Inside stories

Wes Carpenter in 1952 . . .

. . . and now

Whatever happened to . . .

pickers; well, the one in the middle is Wes Carpenter who remembers winning a baseball mitt and an autographed ball that day in 1952 or thereabouts.

His life has been eventful since then. Drafted in 1966, he served with the infantry in Vietnam, and was awarded the Bronze Star for heroism in May, 1966, the Purple Heart with Cluster in December the same year, and the Army Commendation Medal, after a battle in which all his friends were killed.

His mother says he would never wear the medals, and came back from Vietnam weighing only 120 pounds. He read the East Side Journal over in Vietnam. It was sent to him weekly after the reports of his heroism.

Both his children, Eddie (9) and Shelli (4) were born in the old Kirkland Hospital. He is now a salesman of Langendorf bread, and he and his wife went on holiday in Hawaii last year when he won the "Best Bread Salesman Contest in the State of Washington."

The others, from left to right, are Charles Primeau, David Vanderford who studied physical education at Central Washington State College, did two years in the Army at Ulm, when he traveled all around Europe, and came back to work for Safeway. He married a Mercer Island girl, Kathy Burke, and they have one child of 18 months, Heidi; Rich Hammon, who is thought to be an accountant; Gary Wildfang, who works for Pepsi-Cola in Wenatchee; and Bruce Gordon, who is "somewhere back East." On their right was Jerry Webster, now a sergeant with the Kirkland Police.

Over 200 phone calls and a dozen personal visits went into Stacy Marking's research to find out "Whatever happened to . . ." For the results, see page B15

Cheri Carpenter weds David King

Cheri Lynn Carpenter and David L. King were united in marriage at 7:30 p.m. March 17 in the Neighborhood Assembly of God Church, Bellevue.

The Rev. E.R. Scratch performed the double ring ceremony. Albert Verbarendse, soloist, was accompanied by Mrs. Don Watson.

The bride is the daughter of Mrs. Elmer W. Carpenter and the late Mr. Carpenter. Mr. and Mrs. Jacob C. King are parents of the bridegroom. Both families are of Kirkland.

The bride was escorted down the aisle by her brother, Wesley Carpenter. She designed and made her floor-length white crepe gown with lace panels in front and bodice and sleeves edged in embroidered Alencon lace. Her train, appliqued with lace flowers, was held by a lavender flower headpiece.

Matron of honor for her sister was Mrs. Tom Doucette and maid of honor was Miss Elouise Herigstad. Bridesmaids were the bride's niece and the bridegroom's sister, Miss Lisa

Doucette and Miss Joann King. Camae Johnson was flower girl.

Best man was Don Millard and ushers were Walter and Wesley King, brothers of the bridegroom, and Bob Watson. John and Rick Carpenter were candlelighters and ushers. Ringbearer was Eddy Carpenter.

The reception was held at the church. The eight-tiered wedding cake and two three-tiered cakes, made by the bride's mother, were served by Mrs. Wesley Carpenter and Mrs. Eugene Johnson.

Also assisting at the reception were grandmothers Mrs. J.S. Spencer and Mrs. Anna Verbarendse, the Mmes. Rick Carpenter, Jack Spencer, Robert Spencer, and Miss Bobbisue Spencer and Miss Nancy Spencer.

The newlyweds honeymooned in Vancouver and Victoria, B.C. Both are 1972 graduates of Lake Washington High School. Mr. King is employed with Munson's Thriftway.

Mr. and Mrs. David L. King

Wes's mom, Ella, spawned a new Rhododendron species in her Kirkland garden. It was named the Ella Carpenter Rhododendron. The family would be honored if we could have one planted in a Kirkland Park.

Bob Hope Entertains the Troops

(Among the first to arrive at the battleground where a Viet-Cong battalion mauled an outnumbered company of United States 1st Division infantrymen was an Associated Press photographer, Rick Merron. Here is his report.)

By RICK MERRON
Associated Press

BINH GIA, Viet Nam, April 12. — "It was horrible," Pfc. Ronald Haley said, as he stood in the tiny clearing blasted from the jungle so that the dead and wounded could be evacuated.

"I've never heard such screaming in my life. Many of the wounded were yelling for their mothers. Some of the kids were calling for God. For some reason, I remember one guy yelling for Gloria," Haley said.

Haley, of Ukiah, Calif., had a week's stubble on his chin. He was dirty and unkempt after his unit had been in the jungles 30 miles east of Saigon for two weeks searching for the Viet-Cong. The infantrymen found them yesterday afternoon and in the bitter fight the G. I.'s took heavy casualties—perhaps a third or more of the company killed or wounded.

Many of the dead wore gas masks, donned after a Viet-Cong bullet ripped into a tear-gas grenade on a United States soldier's belt. The pungent gas exploded across the American lines.

LETTERS STUCK OUT of the pockets of some of the dead. Weapons and equipment were strewn about. Because of the density of the jungle, helicopters were unable to take out the casualties until openings were blasted in the forest.

The company commander, Capt. William Nolen of Florence, S. C., developed how the battle involving his "Big Red One" troops developed. He was wounded twice.

The company, about 175 men, part of the 2nd Battalion, 16th Regiment, was moving through the deep jungles northeast of Binh Gia on a routine patrol looking for a large Viet-Cong force. At noon sniper fire began.

"After a while," Haley said, "heavy fire started coming in. We moved into a perimeter. In this first part of the fight that lasted for 45 minutes to an hour, we took quite a few casualties.

Battle of Abilene April 11-12 1966

"THE VIET-CONG WITHDREW and we called in artillery fire. An Air Force rescue helicopter came over and lowered a ladder. They hauled out about a dozen of our wounded.

"But suddenly we started receiving fire from all around. There were mortars coming in, heavy machine-gun fire. We were surrounded.

"As the fighting became more intense, we had to draw in closer and closer to each other," Nolen said. The Viet-Cong were everywhere. An estimated battalion of the enemy from a main-force regiment was involved.

First Lieut. Kenneth Alderson of Nashville, Tenn., said snipers kept firing from the trees.

"One of my boys picked up a grenade and charged one of the trees. He was killed. I saw another lieutenant running from tree to tree looking for Viet-Cong positions. He was hit seven times before he was finally killed," Alderson said.

AT TIMES THE AMERICANS fought the enemy hand to hand.

Maj. Gen. William E. DePuy, commander of the 1st Division, said: "I heard of several cases where Americans were actually wrestling with the Viet-Cong."

"And apparently Viet-Cong women were following up behind the enemy troops, killing American wounded and dragging off their own dead and wounded.

"Our troops did really well. They held their ground against overwhelming forces. They had little or no cover because of the closeness of the fight."

Staff Sgt. Lewis Painter of Olympia, Wash., who arrived on the scene early today, said:

"I went in with the relief company. We found the Viet-Cong command post. There were bunkers and trenches all around. While I was searching one bunker a Viet-Cong wearing a khaki uniform and carrying a weapon came walking along. I shot him on the spot. I have his weapon as a souvenir, but it won't bring back the guys that got killed."

Pfc. Carpenter: Local soldier one of two not hurt in V.C. ambush

By CHARLES O. MORGAN
Every member of the Wesley Carpenter family of Kirklind had his heart in the mouth and prayer on his lips when newspapers told of "C" Company being wiped out last month in Viet Nam. Pfc. Wesley Carpenter was one of two army soldiers left unhurt out of a platoon of 37 men when this company was decimated by a Viet Cong ambush on April 12. The action took place about 50 miles from Saigon.

IN A letter to his wife Carol (nee Wilson) and his parents, Pfc. Wesley told how the Viet Cong hit them from all sides after they had separated from Companies "B" and "A" for one day. It is almost inconceivable to the folks at home remote from the jungles and fifth of Viet Nam of the terror of an attack such as Pfc. Wesley Carpenter underwent with fellow soldiers less than one month ago. His own words to his wife best describe the action: "We got a little sniper fire (Continued on Page 6)

PFC. CARPENTER Survives Viet Ambush

WEARY G. I. SAT BESIDE BAGS HOLDING BODIES OF COMRADES SLAIN IN FIGHT NEAR BINH GIA

This was about a week before I heard from you!
**Screams of the Wounded
Recalled by G.I. Survivor**

(Continued from Page 1)
here and there and we got one man killed and 11 wounded. We were in real thick jungle. We cleared a small hole in a hillside. The helicopter could lower a rope and get the wounded.

"Just as the 'copter took off with the wounded, the V.C. opened up on us from every side, we didn't have a chance. They had 50 caliber machine guns on four sides of us and a whole bunch of 40 caliber machine guns, grenades, mortars and everything. We fought as we could.

"My gun was shot right out of my hands and I moved back to the middle of the people but they were all dead. I reached to grab another rifle and a tree fell on me. I thought I was a poster. I could not move and most were yelling and dying all over.

"After the firing had stopped they (the V.C.) were coming in to kill us all, but our artillery came down on us, so they ran off with many of our weapons and gear.

"There were a few men still able to move around, so I tried to get someone to get the trees off my back and to get me back in my legs, and then I started moving from man to man. It was so dark by then I couldn't see too much but I could hear the yelling for help. I crawled to an army man as I could and saved a lot of men from bleeding to death.

"This one man had five little children and I worked so hard for hours and gave him mouth to mouth resuscitation but he died in my arms.

"I hear a Lieutenant yelling for help, he was from another platoon but I went to him. He was shot five times, three in the back, once in the shoulder and once in the leg. The man was bleeding so bad I used anything I could grab to stop the bleeding but I couldn't stop it for a while. I worked on him for hours until I did. We hadn't had water for a long time and all the wounded men were yelling for water. I crawled to as many as I could find and gave them water I had found off the dead men's canteens.

"Then I grabbed a radio and was keeping in contact with 'B' Company and the artillery waiting team here to get some 'D' Company had walked all day and now had to walk 1000 meters at night in the jungle and that's damn near impossible. I went back to the Lieutenant and queried him to where the other men were still lying and could be able to digle. In the morning 'D' Company came with water and doctors, all our doctors were shot or wounded. I saved so many lives but was unable to save as many as I wanted to.

"Out of 120 men, 35 dead, 87 wounded and about the rest of us left with a few nicks here and there. In my platoon of 37 there was only two people who were able to walk, it was me and a new man, Ed Simpson who had nine killed and all the rest all wounded. Long will be the story, we just got a letter from the kid and it didn't fit the way. Please reassure Mom I am alright. . . . Wes."

IN A letter letter to his mother and father, Carpenter told that General Westmoreland constrained the survivors. The general had discovered, he told them, that the Viet Cong had only one mission and that was to kill everybody in "C" Company because they had killed and destroyed so many of the V.C. food supply and equipment. A total of 600 V.C. had been killed. The U.S. forces dug up one hole, Wesley wrote, and found 150 V.C. bodies.

There were an estimated 1,000 V.C. in the attack on "C" Company and only 150 Americans. This letter was written two days after the attack and reflected some of the shock of the experience, his mother noted.

Pfc. Carpenter graduated from Lake Washington High School in 1963, joined the army April 13, 1965, and went to Viet Nam Jan. 25 this year.

"I'd rather be here than have Rick, Gary or Mary here," he has written. He was returning to his younger brother Rick, in Redwood Junior High School, and his twin cousins, Gary and Mary Johnson, who is in the Navy in San Diego. His sister, Cheryl, attends 6th grade at Mark Twain Elementary School, and his married sister, Mrs. Tom Doucette lives in Kirklind.

The family sends him cake and coffee and his favorite beef jerky for morale while on the move, his mother reports. The most gripping yearning is for fresh fruit, apples and oranges, she adds. Anything that is mailed is individually wrapped in foil and is received in about four days, Mrs. Carpenter reported.

"I've been seeing The Journal regularly now," Pfc. Carpenter closed his long letter. He was returning to the States on a furlough through the courtesy of the Kirklind Jaycees and The Journal to all service personnel overseas.

In Vietnam action:

Bronze Medal for heroism awarded Kirkland soldier

Pfc. Wesley (Wes) Carpenter of Kirkland received the Bronze Star Medal with "V" Device for heroism in connection with military operations in Vietnam.

Private First Class Carpenter also won a Purple Heart for injuries inflicted during combat in Vietnam, his mother reported. He is the son of Mr. and Mrs. Elmer Carpenter, [REDACTED] Rose Hill. His wife Carol lives in Houghton.

A first hand report of Carpenter's experience, for which he won the Bronze Medal, was published in a letter to his mother published in The Journal May 5. Private First Class Carpenter was in platoon of 37 men when his company was decimated by a Viet Cong ambush on April 12.

His heroism was described in an Army notice of his having received the Bronze Medal. The

description read, as follows:

"On this date, his (Carpenter's) company was engaged in fierce combat with an estimated Viet Cong battalion. During the initial encounter, Private First Class Carpenter laid down a base of fire in his assigned sector. He continued placing a steady and deadly stream of accurate fire into the Viet Cong position until his weapon was shot from his hand. At this time he was so seriously wounded that he could no longer hold his weapon.

"Looking around his position, he saw many other wounded laying about him. Though not a trained medical aidman, he rendered first aid in a most professional manner. Working under fire and without adequate bandage, he improvised dressings to stop the bleeding. His prompt action saved the lives of many comrades who would

have bled to death if left unattended. After treating the wounded, he did what he could to aid and comfort the men in hope of easing some of the pain. He constantly reassured the men that help was on the way.

"While moving among the patients, he found an unmanned radio which he picked up and moved to a central location. For the remainder of the night he rendered periodic reports to the acting company commander. Throughout the action he was constantly busy moving among his patients and monitoring the radio.

"Private First Class Carpenter's outstanding display of aggressiveness, devotion to duty, and personal bravery is in keeping with the finest traditions of the military service and reflects great credit upon himself, the 1st Infantry Division and the United States Army."

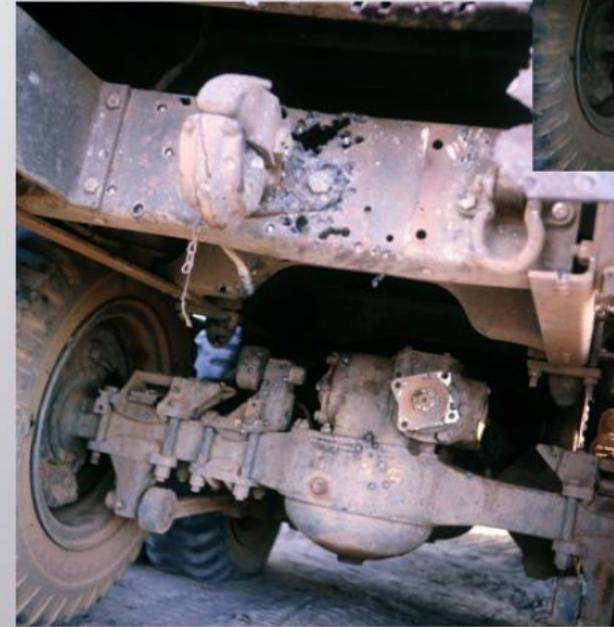

Claymore mine detonated under truck

PFC Carpenter was driving a Deuce and a half truck which was carrying an ambush patrol of ARVN soldiers and US army men on the return to base camp. Suddenly a large claymore mine was detonated beside the road and several injuries were sustained among the patrol members. The vehicle was stopped with four of its ten tires flat and the brake lines severed. Carpenter dismounted exposing himself to sniper fire as he moved to the rear of the vehicle to check on the men. He returned to the cab and hauled ass down the road as fast as he could with no brakes, downshifting on corners. He was driving, shifting, and yelling over the radio. I got on the radio to the camp telling them I had wounded men.

Claymore mine detonated under truck

Get all the medics you can find and a Medivac ready as there are serious injuries including a guy that's lost a leg. The road to the camp was a one lane dike over a rice paddy. I told them over the radio I had no brakes and won't be stopping until I get to the medical tent. "Leave the gate open and get the hell out of the way." An officer had jumped into his Jeep to head out to help us but we met up on the one lane dike. With no brakes I had to run him off the road. He was none to happy to be taking a bath in the rice swamp. When I got to the medics I threw it in low gear and turned the key off. The medics rushed to the wounded and I got out and just sat down on the step of the Deuce with blood on my face from a wound to the nose I don't recall getting. I got a letter some time later from the guy who lost his leg thanking me for saving his life. Doctors told him if I'd taken any longer getting him to the medics he would have died.

22 December 1966

Commendation Medal

Army cites Carpenter for 'valor'

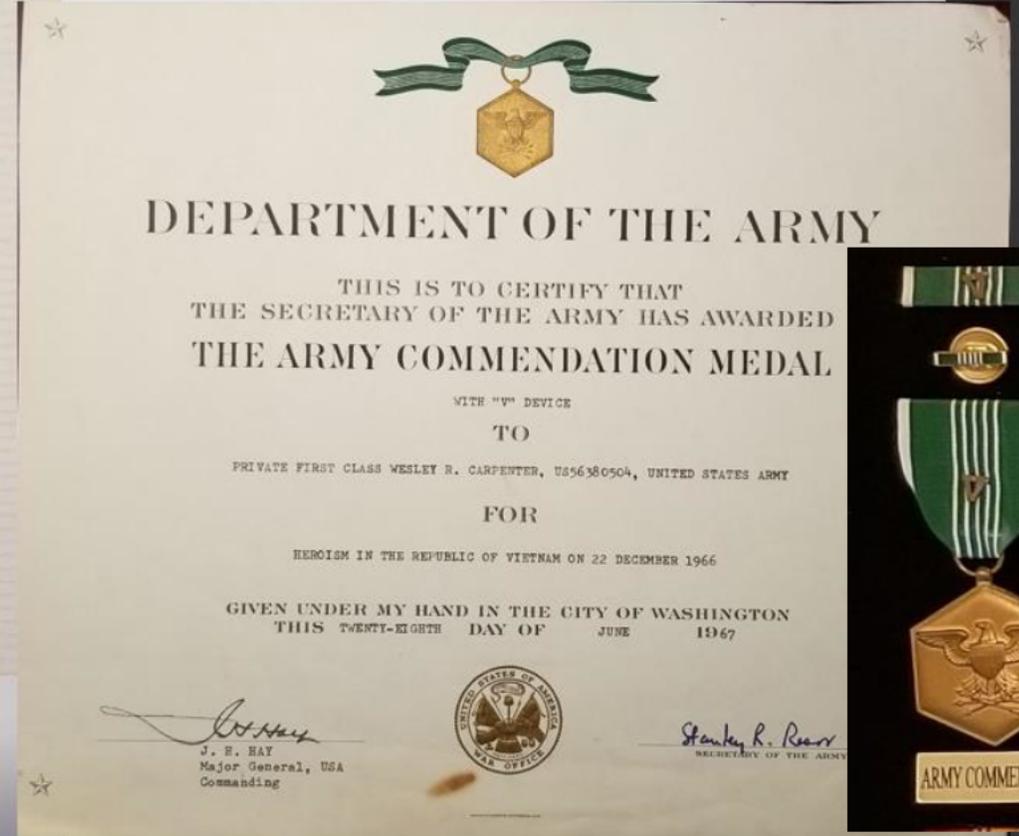

Wesley Carpenter, who has been out of the Army since January, recently received an Army Commendation Medal with "V" (for valor) Device for Heroism.

The incident for which Carpenter was cited occurred Dec. 22, 1966 in Vietnam and was recounted with the citation.

Carpenter was driving an army truck carrying an ambush patrol on return to base camp when a mine was detonated along the road. Several casualties were sustained among patrol members and the vehicle was stopped with five of its six tires flat.

Pfc. Carpenter dismounted and exposed himself to sniper fire as he moved to the rear of the vehicle to administer first aid to casualties. After treating wounded and making repairs he could to truck, Carpenter returned to cab and restarted truck. In spite of extensive damage he drove it several miles to nearest aid station.

According to the Army citation, Carpenter's courage was directly responsible for saving the lives of several men. The commendation medal was given by the direction of the Secretary of the Army.

U. S. won't get involved again—Kissinger

WASHINGTON — (AP) — Henry Kissinger has reportedly assured members of Congress that the United States will not get embroiled in Vietnam again if fighting flares up after the cease-fire.

He also told about 45 senators that Congress will be consulted before any decision on United States aid to help rebuild North Vietnam, according to senators attending a meeting with Kissinger

yesterday.

Kissinger, President Nixon's foreign-policy adviser and chief negotiator in the Paris peace talks, briefed senators on the terms of the Vietnam settlement in a rare Capitol Hill appearance.

Sources said that Kissinger, when asked about American aid to North Vietnam, responded that the matter is to be decided by the President but noted that

the United States has always helped past war foes rebuild and will be carefully watching how the peace agreement is followed.

The Senate Republican leader, Hugh Scott of Pennsylvania, echoed the comments of other senators when he said: "Never, never, never again will I want to see our country militarily involved in another country's problem."

After Kissinger's briefing, Senators Frank Church, Idaho Democrat, and Clifford Case, New Jersey Republican, introduced legislation to bar future American re-entry into Vietnam without congressional assent.

Meanwhile, a Pentagon spokesman left open the possibility that American warplanes might continue to bomb targets in Laos and Cambodia under certain conditions after the cease-fire agreement goes into effect in North and South Vietnam.

The spokesman did not say United States planes would carry out such attacks. But he repeatedly declined to go beyond statements Wednesday by Kissinger which appeared to leave the situation in Laos and Cambodia purposely vague while efforts go forward to try to extend the cease-fire to those countries.

Nation ready to observe 'moment of thanksgiving'

Battle of Abilene - A letter home (full text)

Now honey I will tell you what happened to our Company. We have 150 men in a Company. We were split from B and A Company for one day. Well we got a little sniper fire here and there. And we got one man kill and 11 wounded we were in real thick jungle we cleared a small hole and a helicopter could lower a rope down and get the wounded. Just as the copter took off with the wounded the V.C. open up on us from every side we didn't have a chance they had .50 caliber machine guns on 4 side of us and a whole bunch of 60 cal. machine guns they had grenade and mortars and every thing. We fought as much as we could my gun was shot right out of my hands and I moved back to the middles of the people but they were all dead. I reached to grab another rifle and a tree fell on me. I thought I was a goner. I could not move. And men were yelling and dying all over after the firing had stop they were coming in to kill us all but our artillery came down on us so they ran off with many of our weapons and gear, there were a few men still able to move around so I yelled to someone to get the tree off my back and he did. It took about 15 min. for the feeling to get back in my legs and then I started moving from man to man it was so dark by then I couldn't see to much but I could hear the yelling for help. I crawled to as many men as I could and saved a lot of them from bleeding to death. This one man had 5 little children and I worked on him for hours and gave him mouth to mouth but he died in my arms then I heard a lieutenant yelling for help he was from the other platoon but I went to him. He was shot 5 times in the back and once in the shoulder and 1 in the leg. The man was bleeding so bad I used any thing I could grab to stop the bleeding but I couldn't stop it for a while until I worked on him for hours until I did. We hadn't had water for a long time and all the wounded men were yelling for water. I crawled to as many as I could find and gave the water I had found off of dead men canteens. Then I grab a radio and was keeping in contact with B Company and the artillery telling them how to get to us. B Company had walked all day and now had to walk 1000 meter at night in the jungle and that's dam near impossible. I then went back to the lieutenant and carried him to where the other men were still living and could be able to fight. In the morning B Co. came with water and doctor all our doctor were shot or wounded. I saved so many lives but was unable to save as many as I wanted to. Out of 150 men 35 dead 67 and about the rest of us we left with a few nicks here and there. In my platoon of 37 there was only 2 people unhurt and able to walk it was me and new man Ed Morgan. We had 9 killed and all the rest were all wounded. Leroy will be all right he just got a bullet in the leg and it didn't hit the bone thank God. Now you tell mom and every one I am all right. So please take care of yourself now because I love you and will be coming home to you. I love you.

-Wesley Carpenter

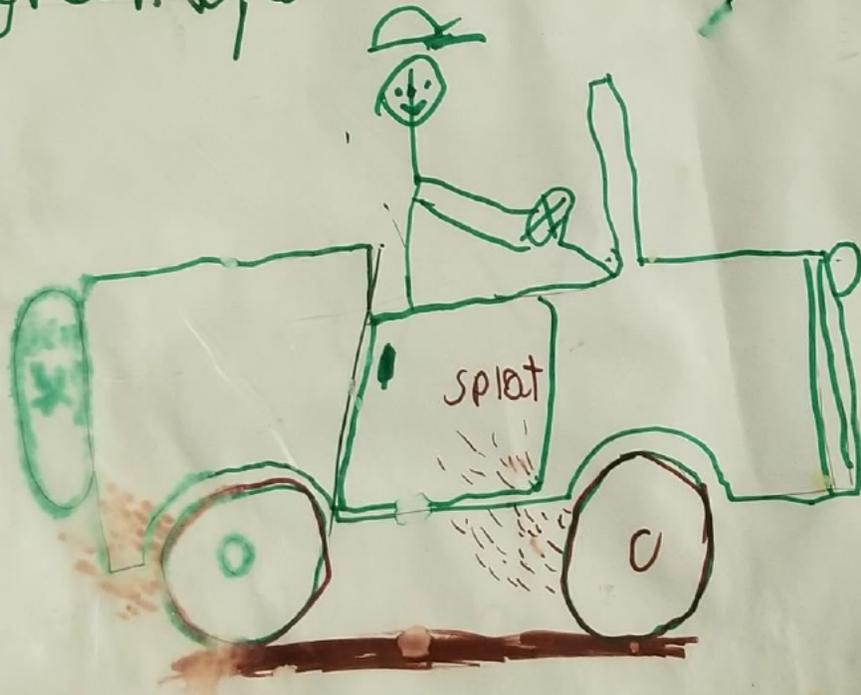

A note about this presentation: My name is Shellí and I am the proud daughter of Wesley Carpenter. The pictures in this presentation were taken by my dad during his deployment in Vietnam and the articles were saved by my mom who was waiting for him to return home. My dad never talked much about his time in Vietnam but I could tell it weighed heavy on him. He mostly said too many guys died and they were too young. His medals hang in the house and though they have meaning he doesn't see his actions for which he got the Bronze Star or the Commendation Medal as anything more than doing everything he could to save as many of those men as he could. I believe those men that did make it out were lucky to have my dad there to help them. He is brave, smart and resourceful but he'll tell you he's just an average guy. To me he is extraordinary. I bet anyone that remembers my dad in Vietnam will have nothing but great things to say about him. Dad returned home from Vietnam and had a son and a daughter. He worked hard to make an honest living and create a great life for his family. I learned how to be strong, self-sufficient, how to enjoy life, and how to tell a joke from my dad. His grandson thinks the world of him. I encourage anyone that remembers my dad or is interested in meeting a great man to reach out to him. He'll have you laughing in no time.

I would like to thank everyone that was involved with the making of *The Last Full Measure*, the veterans, their families, Todd Robinson, the actors and the film industry. It is because of this movie that I now know that my dad is even more extraordinary than I already knew.

I created this presentation to honor my dad and all that served in Vietnam. I am thankful to those that served with him as you are the reason he made it home. To the families that their son, brother, father, husband, grandfather didn't make it home, I send you my heartfelt condolences. To those that are still with us, I send you my love. With much gratitude, a proud daughter of a great man.

A Veterans Day thank you from Wes' grandson.

thank you for all you did to
serve our country. by conner
to grandpa I love you

CITY OF KIRKLAND
Department of Parks and Community Services
123 Fifth Avenue, Kirkland, WA 98033 425.587.3000
www.kirklandwa.gov

MEMORANDUM

To: Park Board

From: Mary Gardocki, Park Planning and Development Manager

Date: January 13, 2021

Subject: 2020-21 Parks CIP Updates

RECOMMENDATION

That the Park Board receive a presentation on Parks CIP projects during 2020-21.

BACKGROUND DISCUSSION:

Kirkland's Capital Improvement Program (CIP) outlines the funds the City will allocate to capital improvement projects over a six-year period based on various City-adopted long-range plans, goals and policies. Capital projects are generally large-scale in terms of cost, size and benefit to the community. The underlying strategy of the CIP is to designate resources for land acquisition, construction, and major maintenance of public facilities necessary for the safe and efficient provision of services. A critical element of a balanced CIP is the identification and provision of funds to preserve or enhance existing facilities and provide new assets that will support service needs and community growth.

The following major **Parks** CIP projects funded in 2019-2020 will be presented to show their completion, progress or remaining schedule.

- Juanita Beach Bathhouse Renovation
- Totem Lake Park
- 132nd Square Park Stormwater Retrofit, Park Renovation and Synthetic Turf field
- David Brink Park Shoreline Renovation
- Parks Play Areas and Accessibility Enhancement – North Kirkland Community Center

MEMORANDUM

To: Park Board

From: John Lloyd, Deputy Director

Date: January 4, 2021

Subject: Park Board Retreat

Recommendation

That the Park Board discuss and select a date for a Park Board retreat.

Background

Over the past several years, staff have provided additional training to Park Board on the operations of the Parks and Community Services Department. These trainings have typically been conducted as a business item during regular meetings. Staff provided some of these trainings at the December 2019 and January 2020 meetings. Unfortunately, due to the COVID-19 pandemic, Park Board met only twice in 2020, with the last meeting being held on February 12, 2020. Additionally, two new members have been appointed since the Board last met. Rather than continuing this model, staff recommend Park Board schedule a separate retreat where staff can dedicate the needed time to adequately convey this information to all Board members at one time. A dedicated retreat would allow the Board members to focus on the trainings at hand, without the need to address any other regular business items. Staff propose the following topics for this retreat:

Topic	Estimated Time
Teambuilding	30 minutes
Park Board 101	60 minutes
PCS Department Overview	45 minutes
PROS Plan Overview	45 minutes
Open Discussion	30 minutes

If Park Board agrees to such a retreat, staff will work with Park Board members to identify a date/time that works for everyone.

Subject: Dog Off-Leash Areas Proposal
Attachments: KPD_-_Tickets_by_Officer_-_Matison.pdf

Hi,

I would like the following to be read at the next meeting of the Parks Board:

In reviewing the Parks Dept. proposal for Dog Off-Leash Areas, I noticed that only 1 of the 4 proposed options includes a solution for Heritage park. I've attached data from a city records request that shows nearly half of the off-leash citations issued in the last 2 years were issued at Heritage Park. It would seem a missed opportunity to not address what seems to be the greatest source of violations/enforcement.

Secondly, the option from the proposal that does address Heritage Park is for fencing off a portion of the park and does not consider off-leash hours as an alternative. The neighborhood surrounding the park strongly prefers off-leash hours. I suspect that most of the park visitors would prefer the same given the reduced park footprint that would be available to all visitors with the introduction of a fenced dog park.

Lastly, it is also the recommendation of Park Ranger Betty Fletcher that we adopt off-leash hours at Heritage Park.

I would ask the Board to request the Parks Dept to reconsider off-leash hours in their proposal for Heritage Park.

Thank you,
Tim MacDonald
