MEMORANDUM

Date: August 5, 2021

To: Planning Commission

From: Adam Weinstein, AICP, Planning and Building Director
Jeremy McMahan, Deputy Planning and Building Director

Subject: Lake Washington School District Overview

Recommendation

Receive an overview of the Lake Washington School District from Superintendent Dr. Jon Holmen and his team of professionals.

Background

As the Planning Commission has worked on plans and regulations in recent years, it has become more common for the community to express concerns about school capacity related to growth in the City and region. Commissioner John Tymczynszyn reached out to the Lake Washington School District to learn more about their planning efforts and invited them to attend a Planning Commission meeting. The District has graciously agreed to attend the August 12 Planning Commission meeting to present information about the how schools are planned and funded, challenges in adding school capacity, and way to better collaborate with partner cities to address those challenges.
