

# EXAMPLE SITE PLAN

## Site Plans should include the following:

- Applicant name, property address, or parcel number
- North arrow, property lines, structures, and adjacent streets (aerial imagery from Google is OK)
- Approximate location of **all trees 6" DBH or greater**, clearly labeling trees proposed for removal
- Approximate location of any critical areas (wetlands, streams, steep slopes)
- Proposed replacement trees, including size, species, and location
- A tree table that lists all regulated trees and notes about which trees are to be removed

Tree Table		
All Regulated Trees on Property	Remove?	Diameter at Breast Height (DBH)
1. Western redcedar	No	30"
2. Flowering cherry	Yes	15"
3. Dogwood	No	10"
4. Bigleaf maple	Yes	24"
