Council Meeting: 06/15/2021 Agenda: Special Presentation Item #: 7. b. (1)

#### **MEMORANDUM**

**To:** Kurt Triplett, City Manager

**From:** Lynn Zwaagstra, Director

Leslie R. Miller, Human Services Supervisor

**Date:** June 3, 2021

**Subject:** HUMAN SERVICES DASHBOARD

## **RECOMMENDATION**

That City Council receives an update and provides direction on the Human Services Dashboard.

## **BACKGROUND DISCUSSION**

City staff presented proposed content for the Human Services Dashboard at the February 16, 2021 Council Session. The link to the memo is <u>here</u>.

The first phase of the dashboard includes data that is currently available. The focus is on how the City invests in human services overall, the types of programs the City supports through its human services grants program, and who is served by those programs. These are the items proposed for the dashboard that will go live later this year. A second phase would involve measurements of success and require regional collaboration and data collection changes to begin providing the information in the future.

#### Phase I

The dashboard components answer the following questions:

- How much does the City invest in human services?
  - Council asked that the table presented during the budget process that offers an expanded definition of human services be included. The table is in **Attachment A**.
- What kinds of human services does the City support? How many POC organizations (founded by and led by people of color) are supported?

**Attachment B** shows the number of POC organizations and the investment totals made in the five categories.

- Housing Stability & Food Security
- Supportive Relationships within Families, Neighborhoods and Communities

- A Safe Haven from All Forms of Violence and Abuse
- Health Care to Be as Physically and Mentally Fit as Possible
- o Education and Job Skills to Help Individuals Reach Their Full Potential
- Which programs does the City fund through human services grants? Who do these programs serve?

In 2020, the City funded 89 programs. A summary of each program and selected client demographic data including race/ethnicity, gender identity, income and age. This information for all programs is provided in **Attachment C**.

The dashboard will also include a list of all of the programs funded in 2021. Program summaries are provided in **Attachment D**.

All of the information provided in the attachments is also available temporarily on the website for Council review <a href="https://example.com/here">here</a>.

Because demographic information is collected once a year from agencies, the dashboard will be updated annually in the spring.

## Phase II

Possible future questions to be answered by the Human Services Dashboard:

 How well do funded programs serve Kirkland residents? Are there racial disproportionalities in their outcomes?

Although the agencies report on both demographics and outcomes, the outcome results are not disaggregated by race. Additional data collection would be required of agencies in order to determine how well they serve specific populations in the community. For example, requiring disaggregated outcomes by race would be a way to determine if programs the City is funding are as successful serving the Black community as other populations.

Due to the potential cost and burden of additional reporting requirements to human services agencies, staff recommend engaging in conversation with nonprofit human services providers. Staff view this as important in this context because small community-based organizations that often serve their own communities the best tend to be the most burdened by reporting requirements. In addition, because the City shares a grant application and reporting tools with fifteen other suburban King County cities, staff recommend engaging with Kirkland's human services city partners to explore the costs and benefits to additional reporting requirements, such as collecting outcome information disaggregated by community populations. If collecting outcomes disaggregated by populations, such as race, is identified as a needed tool, the City could consider contributing to the costs this additional work would entail.

- How much are the programs funded by taxpayers through King County serving Kirkland residents? The Initiatives that fund the relevant programs include:
  - The Mental Illness and Drug Dependency (MIDD) Behavioral Health Sales Tax Fund

- o The Veterans, Seniors & Human Services Levy
- The Best Starts for Kids Levy
- The King County Parks, Recreation, Trails and Open Space Levy

King County is beginning to respond to requests to be able to understand how residents of each jurisdiction in the County are supported by these funding sources. There is some sub-regional information available, but no zip code information is available at this time. The legislation that King County Council is considering regarding the renewal of the Best Starts for Kids includes tracking service provision by zip code.

### **Next Steps**

- Hear input from City Council this evening.
- Complete dashboard with the intent to go live in September.
- Begin working on the next phase of the dashboard that may include more information on outcomes and equitability.

Through flexible financial aid, in conjunction with short-term system navigation help, our program reduces barriers to income supports and improves participants' financial stability. **Racial Identity** # **Income** # % Age % % 0% 0-5 52 11% 87% AI/AN 2 Very Low 169 75 Asian 43 9% 6-12 16% \_ow 18 9% Client Demographics Black 58 13% 13-17 39 8% Moderate 3 2% 154 33% 18-24 48 10% 0 0% Latinx Above NHPI 25-34 63 14% 4 2% 2 0% Unknown 160 35% 35-54 120 26% TOTAL 194 White 0 0% 55-74 60 13% **Gender Identity** % Other 17 4% 75-84 Multi 3 1% 272 59% emale 0 Unknown 24 5% 85+ 0% Male 188 41% **TOTAL** 460 Unknown 0 0% Transgender 0 0% TOTAL 460 0 0% Unknown 460 TOTAL PROGRAM OVERVIEW **BIPOC Org** Hopelink **Program** Housing No **Amount Funded** \$20,400 Agency **Program Summary** Hopelink has 19 units of Emergency Shelter, 51 units of Transitional Housing, and 35 units of Permanent Housing. Case managers, paired with the above-described units, use a strengths-based, client-centered case management model. Case managers work with the family to identify realistic goals to help the family overcome barriers and identify steps and strategies to achieve permanent housing. The end goal is to have the family achieve the highest level of self-sufficiency by making lasting change. **Racial Identity** # % Age # % **Income** # % AI/AN 0 0% 0-5 4 13% Very Low 9 100% Asian 0 0% 6-12 7 22% \_ow 0 0% Client Demographics Black 0 0% 13-17 4 13% Moderate 0 0% Latinx 0 0% 18-24 3 9% 0 0% Above NHPI 0 0% 25-34 4 0 0% 13% Unknown 0 0% 35-54 8 25% TOTAL 9 White 0 55-74 2 Other 0% 6% **Gender Identity** # % 0 75-84 0 Multi 0% 0% emale 0 0% 0 0% 85+ 0 0% Male 0 0% Unknown **TOTAL** 0 Unknown 0 0% Transgender 0 0% 32 TOTAL Unknown 0 0% TOTAL 0 PROGRAM OVERVIEW Catholic Community Services New Bethlehem Shelters BIPOC Org Agency **Program** No **Amount Funded** \$25,000 of King County **Program Summary** The Eastside Emergency Shelter for Families (EESF) serves households with one or more children age 17 and under. EESF responds to homeless families' immediate need for food and safe shelter. It provides a foundation of emergency support to lessen the trauma of homelessness. Families are linked to mainstream services with the intention of making homelessness brief and one-time. EESF offers 30 regular spaces and 20 overflow spaces for families each night. **Racial Identity** % **Income** % % Age # 0-5 14% AI/AN 0 0% 3 Very Low 3 60% 5 0 Asian 0% 6-12 24% Low 2 3% Client Demographics Black 0 0% 13-17 2 10% Moderate 0 0% 12 2 0% Latinx 36% 18-24 10% Above 0 NHPI 25-34 8 38% Unknown 0 0% 1 3% White 17 52% 35-54 0 5 0% TOTAL **Gender Identity** Other 0 0% 55-74 1 5% # % 75-84 0 Multi 1 3% 0% Female 15 71% 2 85+ 0 0% 29% Unknown 6% Male 6 **TOTAL** 33 Unknown 0 0% Transgender 0 0% TOTAL 21 Unknown 0 0% TOTAL 21

#### PROGRAM OVERVIEW

Agency	The Sophia Way	Program	Outreach	BIPOC Org	No	Amount Funded	\$20,000
--------	----------------	---------	----------	-----------	----	---------------	----------

#### **Program Summary**

The Outreach program reaches people who are experiencing homelessness to build trust and a relationship on site, in their location, in order to give them referrals to services and resources for shelter, housing, and other supports they need. The focus is providing life-saving services for people who may be resistant to accepting services, such as substance abuse addiction treatment or mental health counseling with the

ultimate goal of getting them into safe, affordable housing.

#### PROGRAM OVERVIEW

Agency	Hopelink	Program	Family Development Program	BIPOC Org	No	Amount Funded	\$6,375

#### **Program Summary**

Hopelink's Family Development Program is a voluntary case-management program that serves low-income families in North and East King County who are experiencing homelessness or at risk of homelessness. The Family Development program helps families achieve housing stability and long-term economic self-sufficiency through strength-based case management and client-centered goal development. Using target goal setting to remove barriers, families achieve their highest level of self-sufficiency and make lasting change.

#### PROGRAM OVERVIEW

**BIPOC Org** LifeWire **Program** Community Advocacy **Amount Funded** No \$98,200 Agency

**Program Summary** 

LifeWire's Survivor Advocacy Services (previously known as Community Advocacy Program) provides survivor-driven and trauma-informed direct supportive services to domestic violence (DV) survivors and their children. Advocates assist survivors via the 24-hour Helpline; provide 1:1 advocacy (i.e., case management) throughout the community; coordinate access to community supports (economic, food, medical, basic needs); and are a resource for safety planning, support and DV education.

## Agency Sound Generations Program Volunteer Transportation BIPOC Org No Amount Funded \$6,120

### **Program Summary**

Sound Generations' Volunteer Transportation Program (VTS) serves seniors, 60 and older in meeting their transportation needs related to the most fundamental medical and health needs. Over 357 active volunteers make up their time, and use their own vehicles to provide safe, personalized transportation services, taking people to and from appointments and waiting with them until they are ready to return home. The goal is to have seniors benefit from moral support, feel a sense of care, and gain independence.
