City of Kirkland

Background Information

The City of Kirkland is located on the eastern shore of Lake Washington. It is a suburban city, surrounded by other suburban cities and pockets of unincorporated King County. The City is near several major transportation routes including Interstate 405, State Route 520, and Interstate 5. These routes connect the City economically and socially to the greater Seattle area.

At the time of incorporation in 1905, the City of Kirkland's population was approximately 530. The current estimated population is 93,500 with planning efforts underway to project growth through 2044. Kirkland is the twelfth largest city in the State of Washington and the sixth largest in King County.

Since its incorporation, Kirkland has grown in geographic size to eighteen square miles - approximately twenty times its original size. This growth occurred primarily through the consolidation of the cities of Houghton and Kirkland in 1968, the annexations of Rose Hill and Juanita in 1988 and the annexation of North Juanita, Finn Hill, and Kingsgate areas in 2011.

Kirkland operates under a Council-Manager form of government. The City Council is the policy-making branch of Kirkland's government and consists of seven members elected at large to staggered, four-year terms. The Mayor is elected from within the Council. The City Council is supported by several advisory boards and commissions and the City Manager. The City Manager is appointed by the City Council and serves as the professional administrator of the organization, coordinating its day-to-day activities.

Purpose

The Public Works Department has approximately 160 employees working in several locations, providing a wide range of services and programs. Nearly 90 employees work within the Department's Operational Divisions located on its own Maintenance Center campus, located at 915 8th Street. The Operations Divisions include the following:

<u>Division</u>	<u>No of Staff</u>
Operations Administration – responsible and accountable for overseeing the full-service operations of Public Works.	8
Fleet – responsible for maintaining over 400 vehicle and equipment assets, serving the Fire Department, Police Department, Utilities, Streets and Grounds, and Planning and Building.	8
Streets and Grounds – responsible for maintaining streets, medians and gateways, 6 miles of the Cross Kirkland Corridor bicycle and pedestrian trail, and about 30,000 right-of-way trees.	27
Surface Water Operations – responsible for maintaining pipes and culverts, catch basins, detention tanks and vaults, streams, lakes, and acres of wetland.	19
Transportation Operations & Maintenance – responsible for the signal equipment, traffic cameras, rectangular rapid flashing beacons, flashing school zone beacons, traffic and ROW signs, streetlights, curb painting.	7

Water – responsible for supplying safe drinking water and adequate fire flow by operating and maintaining service connections, and fire hydrants with an average use of 5.8 million gallons of water per day.	12
Wastewater – responsible for protecting public health and the environment by maintaining wastewater mains, maintenance holes, and wastewater pump stations.	7
TOTAL	88

To address current needs and anticipated growth, the City is interested in developing a Master Plan that explores upgrades to the Maintenance Center to address the current operational needs and projected growth. The City has budgeted \$150,000 to \$250,000 for preparation of the Public Works Maintenance Center Master Plan.

The City’s preference is to maximize use of the current footprint of the Maintenance Center and use as many existing buildings as possible, particularly in the near term. The City is open to exploring options for updating existing buildings. If additional space/capacity is required for future growth beyond what can be accommodated at the current Maintenance Center, the Master Plan should identify those needs and options for how the City might consider implementing them in tandem with the near-term upgrades on the existing Maintenance Center campus.
