

Houghton P&R SD Retrofit Facility RFQ Question and Answers

Q1. The RFQ mentions a current design concept that has been developed. Was this developed by a prior Consultant or the City?

A1. This reference is to the design that will be completed under this contract. There is no current design from a consultant or the City.

Q2. An RFQ was previously advertised for this project in November 2025. Can information be shared as to why the design work was not contracted following the original RFQ?

A2. The consultant selection process for the previously advertised RFQ was not completed due to a change in the project's scope.

Q3. There has been information made public about plans for a Kraken ice facility at the Houghton P&R site. Are plans for that development related to this retrofit project in any way?

A3. The plans for the Kraken development are not related to this project.
