**Insurance Violation:**

If you received a citation for **No Proof of Insurance** and had valid insurance at the time of the violation, or have currently obtained valid insurance, please include a copy of your insurance card when you submit this form to the Court on or before your hearing. Insurance policies and application forms are NOT accepted as proper proof of insurance. If you received another violation on your citation in addition to the insurance violation, be sure to address that violation on the online hearing by mail form or the back of this form. If you had valid insurance at the time of the violation, there will be a \$25.00 administrative fee due prior to the dismissal of the no insurance violation.

**Deferred Finding: (parking and school zone infractions are not eligible)**

This option is discretionary with the Court and a way to keep a ticket from appearing on your driving record. The Judge will decide if you qualify for this option. You will not be eligible if you have received a deferred finding in the past seven years or if you are a commercial driver's license holder. Deferred findings are not available on school zone photo enforcement and parking tickets, as these are not placed on your driving record. You will be required to pay a \$200 administrative fee, have no traffic infractions or criminal charges within the deferral period and may be required to comply with other conditions. If you comply with ALL conditions, the charge will be dismissed at the end of the deferral period and will not go on your driving record. If you do not comply with the conditions as ordered, a finding of committed will be entered. The Department of Licensing will be notified of the committed infraction. You will be required to pay the original penalty that is noted on your infraction as well as the administrative fee. Additional penalties may apply. A request for a deferred finding is final. Once the Judge has granted the deferral you are unable to change your request.
