MEMORANDUM

To: Human Services Commission

From: Lynn Zwaagstra, Director of Parks and Community Services

Jen Boone, Human Services Manager

Date: August 23, 2022

Subject: DISCUSSION OF STAFF RECOMMENDATIONS FOR 2023-2024 HUMAN SERVICES

GRANT FUNDING

RECOMMENDATION:

The Human Services Commission discuss staff recommendations and provide feedback to staff to finalize the 2023-2024 human services grant funding recommendations for City Council on September 20, 2022.

BACKGROUND DISCUSSION:

Staff presented preliminary grant funding recommendations to the Human Services Commission (HSC) at the special meeting on August 17, 2022. Please reference the previous meeting <u>packet</u> for additional context of priority area considerations when drafting the recommendations.

Following discussion of priority areas and current need, the Commission directed staff to modify the 23-24 grant recommendations with the additional considerations:

- > Expand Option B to include additional one-time funding requests
- ➤ Include a cost-of-living adjustment (COLA) of 7% in *Option B* for programs seeking funding that were awarded funds in the 21-22 biennium
- ➤ Determine a set-aside amount of funds prioritized for community-based (CBO) that are BIPOC¹ serving and BIPOC led organizations in *Option A*
- Prioritize emergency homelessness services, behavioral health interventions, eviction prevent, and food assistance in *Option C*

A summary spreadsheet of updated recommendations with the above referenced considerations is provided in **Attachment A**. Staff are recommending the following:

Include a COLA adjustment of 7% for agencies who received 21-22 funding.²

¹ Black, Indigenous, and People of Color

² The COLA adjustment is reflected in the Option B recommendation column

Invest a minimum of 15% or \$258,519.30 of total award recommendations to community-based organizations.³ Staff recommend prioritizing the majority of the 15% allocation in Option A.

New programs that staff recommend funding are noted in **bold**. All applications not recommended for funding are listed in **Attachment B**.

All agencies who submitted applications for funding will be invited for public comment at next week's meeting. For the 2021-2022 biennium, ten agencies provided public comment.

Following public comment and review of the updated recommendations, the Commission is requested to share input regarding programs you believe should be considered for funding and/or if you would recommend a different level of investment for any programs. City staff will track all comments. The Commission has the option to agree to a formal recommendation that will come to a vote at the end of the meeting or Commissioners can choose to have individual program recommendations be noted for the record. The feedback will be taken into consideration as staff prepare the final recommendations and staff memo for City Council on September 20, 2022.

MEMORANDUM

To: Human Services Commission

From: Lynn Zwaagstra, Director of Parks and Community Services

Jen Boone, Human Services Manager

Date: August 23, 2022

Subject: PUBLIC HEARING: PROPOSED 2023 COMMUNITY DEVELOPMENT BLOCK

GRANT FUNDS ALLOCATION

RECOMMENDATION

That the Human Services Commission hold a public hearing on the proposed allocation of CDBG funds for 2023 and finalize its recommendations to the City Council.

BACKGROUND DISCUSSION

The primary objective of the federal Community Development Block Grant (CDBG) program is to support the development of viable urban communities by providing decent housing, a suitable living environment via community facilities and public infrastructure, and expanded economic opportunities, principally for persons of low and moderate income. Funds are distributed to communities nationwide on a formula basis. The three areas where CDBG funds can be used are:

- Capital projects serving low- and moderate-income residents;
- Public service programs serving low- and moderate-income residents; and
- **Planning and administration** in support of these activities.

As part of the Interlocal agreement with King County, Kirkland must develop a plan for allocating the City's portion of CDBG funds every year. Funds for public service and capital projects must be utilized to benefit those with low to moderate income and be consistent with the King County Consortium Consolidated Housing and Community Development Plan ("Consolidated Plan").

Distribution of Kirkland's portion of CDBG funds are determined by the City Council after receiving a recommendation from the Human Services Commission. For the 2023 CDBG distribution, staff is recommending continuing with the funding as previously distributed.

• \$41,785 for homeless services provided by Congregations for the Homeless. CDBG funds will support the services and operation of its 24/7 enhanced shelter
