

K2044 Comprehensive Plan Update SCE Element and Parks Element Briefing

David Barnes, dbarnes@kirklandwa.gov
Lindsay Levine, llevine@kirklandwa.gov
Kaylie Duffy, kduffy@kirklandwa.gov

AGENDA

- Contextualizing comprehensive planning
- K2044 Vision Statement draft
- SCE and Parks Elements update process
- Community engagement
- Key discussion points or questions
- Next steps

Advance diversity, equity, inclusivity and belonging (DEIB)

Sustainability

Housing options for all and housing affordability

Mobility connections to regional transit system and accessibility

Resiliency (future emergencies, pandemic response, economic and fiscal planning

Smart City Initiatives (transportation, mobility, infrastructure, digital transformation, built environment, community/civic engagement

Consistency with City Council goals

STATE & REGIONAL PLANNING CONCEPTS

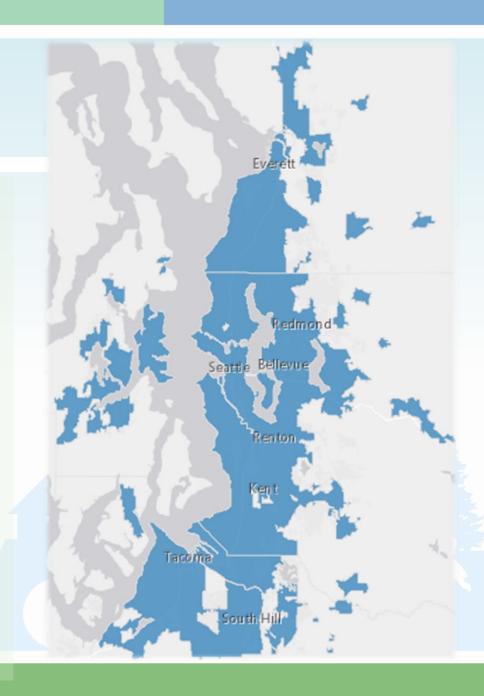

Growth Management Act (GMA)

- Local jurisdictions must prepare comprehensive plans (every 8 years)
- Plans to address growth expected over 20 years
- Plans must address GMA goals
- o Regulations (e.g. zoning) must be consistent with plan

Regional plans (Puget Sound Regional Council & King County)

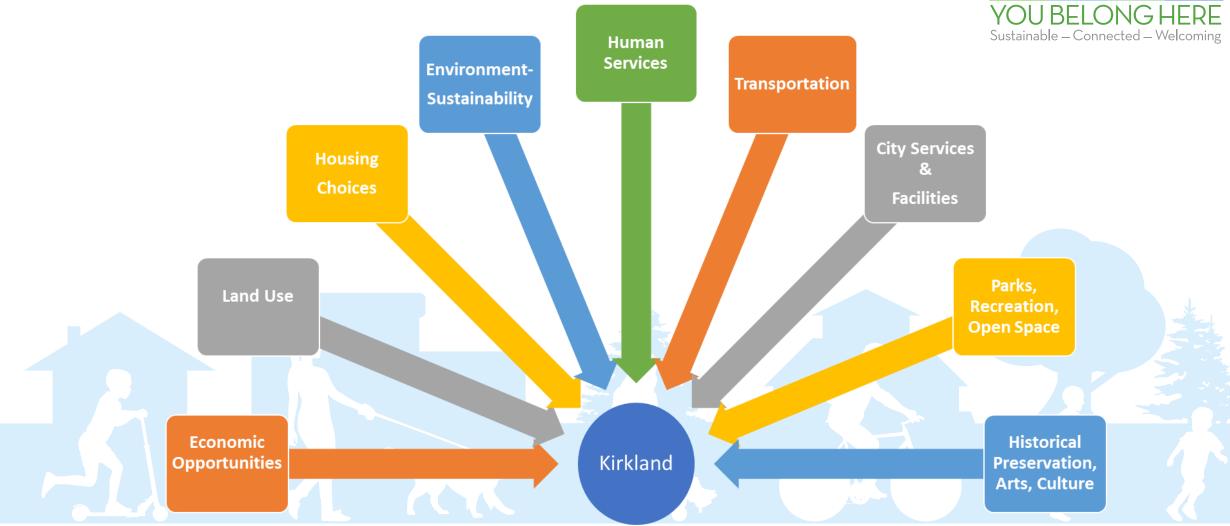

- Protect rural and resource lands urban growth line
- Focus growth in urban centers
- Growth targets assigned to each jurisdiction plans must accommodate targets

GMA and Regional Plans include requirements for local Comprehensive Plans

ELEMENT CHAPTERS

VISION STATEMENT UPDATE

- Purpose
 - Reflect the community's vision, values, and aspirations for how the city should grow and evolve over the next 20 years.
- Community Outreach (December 2022 January 2023)
 - K2044 Community Survey
 - Virtual Visioning Event
- Resources
 - Comprehensive Plan Equity Review report (2022), prepared by ECONorthwest
 - Puget Sound Regional Council VISION 2050
 - King County's 2021 Countywide Planning Policies
 - Local Land Acknowledgement, adopted by Kirkland City Council (2021)

VISION STATEMENT OUTREACH

tional

community

Transit

system in

Kirkland

Walkability &

Bikeability

What do you love about Kirkland now that you think should persist 20 years into the future?

Great

Schools

Diversity of

Businesses and

Non-profits

Walkable

Downtown

Waterfront

The love

for parks

and trees

Ease of movement and mobility around the

Distinct

neighborhoods

Green Space (including for people of all abilities)

Accessible

Diverse and

welcoming community (but room to grow!)

anchored by retail services for daily needs

Parks (the crown jewel!)

Great Open Spaces

Community and sense of respect people have for each other

The

Cross-Kirkland

Corridor

Leadership in tackling challenges of the day

Access to waterfront as development has occured

In 20 years, how do you imagine Kirkland will change?

The

climate will

change

Increased

housing

choices

Less car-

centric

infrastruture

Fewer cars, more bike and pedestrian corridors, shuttles and alternative transit

Decreased

GHG

Emissions

More

access to

general

amenities

More abundant housing

The City will

become more dense

Need for more dense housing options

Change in demographics (possibly younger people)

Zero-carbon (direct mitigation, zero carbon emissions, eliminate at source)

Direct service to seattle more expansive services

Even more welcoming to all groups

People who

work here

live here

(affordability)

Information/

education of the

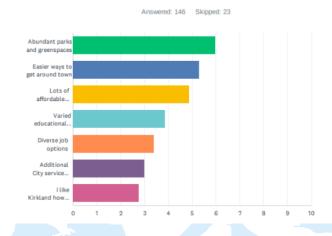

first peoples

More progressive

revenue

collection system

Q8 What does your ideal Kirkland look like in the year 2044? Please rank your top 3 by rearranging rows.

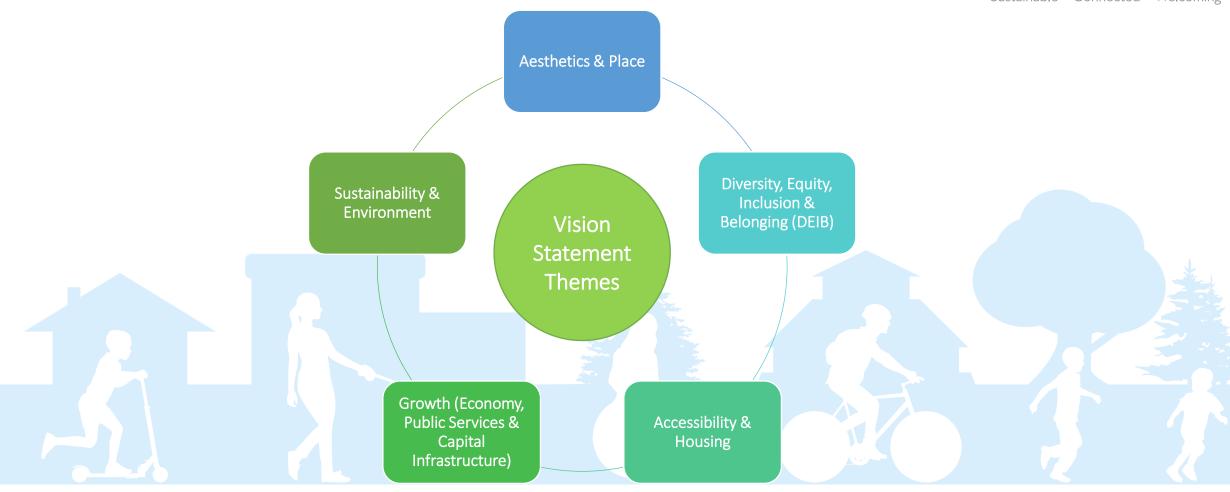

CURRENT VISION STATEMENT

Kirkland is one of the most livable cities in America. We are a vibrant, attractive, green and welcoming place to live, work and play. Civic engagement, innovation and diversity are highly valued. We are respectful, fair and inclusive. We honor our rich heritage while embracing the future. Safe, walkable, bikeable and friendly neighborhoods are connected to each other and to thriving mixed use activity centers, schools, parks and our scenic waterfront. Convenient transit service provides a viable alternative to driving. Diverse and affordable housing is available throughout the city. Kirkland strives to be a model, sustainable city that values preserving and enhancing our natural environment for our enjoyment and future generations.

UPDATED VISION STATEMENT

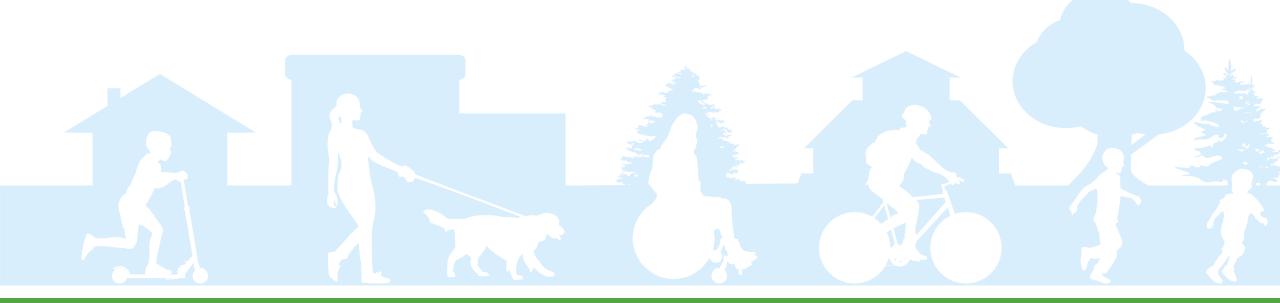

AESTHETICS & PLACE

Kirkland is a vibrant, attractive, and welcoming place to live, work, play, and visit. Safe, walkable, bikeable, and friendly neighborhoods are connected to each other and to thriving neighborhood centers, schools, parks, and our scenic waterfront.

DEIB

Civic engagement, equity, and diversity are highly valued. We honor our rich heritage while embracing the future. We are dedicated to celebrating, protecting, and encouraging diversity and inclusion, and we commit to combating systemic, institutional, and interpersonal racism and other forms of discrimination. We honor with gratitude the land itself, the First People – who have reserved treaty rights and continue to live here since time immemorial – and their ancestral heritage. Indigenous heritage is evident in landscape features that have spiritual significance, community events, and renewed efforts to restore the Lake Washington shoreline and provide expanded public access.

ACCESSIBILITY & HOUSING

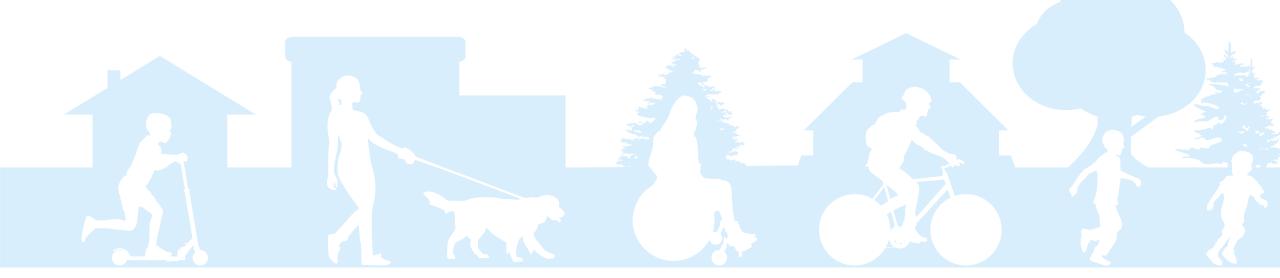

Convenient and dependable local and regional transit services, connected by convenient walk and bike routes, provide viable alternatives to driving. Jobs and housing for all income groups are clustered around transit routes and trails, helping to create a more equitable and walkable community. Neighborhoods have housing of all different shapes and sizes to accommodate marginalized communities and individuals in every stage of life, so that community members never have to leave Kirkland and newcomers are welcome.

GROWTH

The City is innovative and economically resilient, providing public services and capital infrastructure that serve multiple objectives: accommodating growth, providing opportunities for the community to connect and help each other, and promoting sustainability.

SUSTAINABILITY & ENVIRONMENT

The City is filled with green roofs, community gardens, tree-filled streets, daylighted streams and stormwater swales, and connected open spaces that make Kirkland more resilient and livable in the face of climate change. Kirkland is a model, sustainable city that values preserving and enhancing our natural and built environment for our enjoyment and for future generations.

REQUIREMENTS FOR ELEMENTS

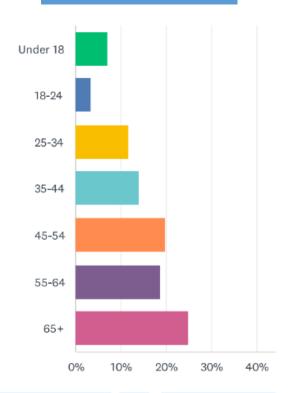

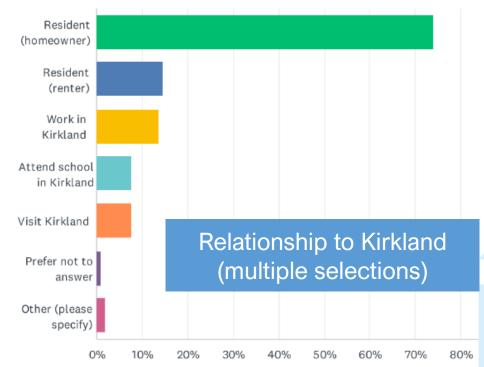

- Consistency with State, Multi-County and King County Countywide Planning Policy
- Alignment with local plans such as Sustainability Master Plan (SMP) and Parks Recreation Open Space (PROS) Plan
- Review and consider key goals and policy language from Kirkland's Diversity, Equity, Inclusion and Belonging Roadmap and ECONorthwest Equity Review

WHO HAVE WE HEARD FROM?

Outreach:

- 316 survey respondents
- Senior Council
- Youth Council
- Focus Groups
- Tabling at community events such as Evergreen Hospital Earth Day Fair

PARKS ELEMENT THEMES

- Improve accessibility to City parks and recreation system
- Equitable distribution of parks and recreation opportunities
- Preserve and enhance the tree canopy
- Plant more trees in parks and rights-of-way
- Incentivize tree planting
- Increase the resiliency of parks in light of climate change

SCE ELEMENT THEMES

- Address climate change impacts
- Address heat and smoke events with an equity lens to increase resilience
- Promote major city programs and how the city can best help the community
- Codes and incentives should be used as solutions
- Focus on equity in policy and access to programs
- Promote electrification of the community
- Provide education on sustainability topics
- Report on progress through annual reports and dashboards

NATURAL GAS USAGE EMISSIONS

Community-wide **Carbon Emission Reduction Targets**

- 50% by 2030
- 75% by 2040
- 95% by 2050

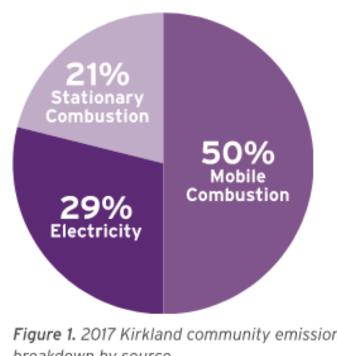

Figure 1. 2017 Kirkland community emissions breakdown by source

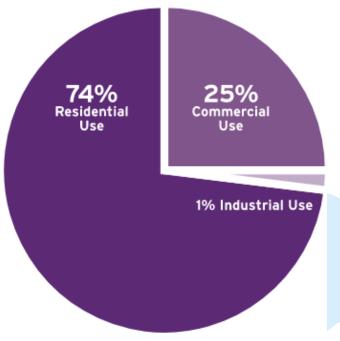

Figure 3. Kirkland pipeline gas usage by user type

Question: Does Planning Commission have an opinion on prohibiting new natural gas hookups, and can it provide direction at this stage of the process?

KEY QUESTIONS FOR DISCUSSION

- Any questions about what staff has learned from the community through engagement to date?
- Any questions about the State, regional, or County requirements for updating the SCE or Parks Elements?
- Are there any major issues or topics that should be considered now as we revise the policies in our elements?

NEXT STEPS

ingage Update

Public comment, feedback, surveys, community events, community meetings, focus groups
