

Certified Backflow Prevention Assembly Testers

*Partial List

*These companies should not be considered "recommended" by the City of Kirkland. This is merely a list of companies who have submitted tests and certification information to our office. Many plumbing and irrigation contractors can provide certified backflow assembly testing and repair. You may wish to call more than one company to compare services and costs. The City of Kirkland requires that test reports be submitted on the appropriate forms. If the tester you choose is not aware of these requirements, please ask them to contact us at (425) 587-3900.
